Monrooment Co.

Last Tuesday morning judgments to the amount of \$80,118.02 were entered in the Prothonatary's of the Curtin Iron works at Roland, this county. Ex-ecutions were issued and put in the hands of the sheriff. It is greatly to be re-gretted that this misfortune has over-taken one of our oldest and best known industrial firms. The members of the

firm have the sympathy of all right thinking people in this community. We further learn that an assignment has been made to ex Governor A. G, and Constans Curtin, uncles of the young men who compose the firm and that the liabilities amount to \$200,000, - Watchman.

The reported complete failure of Curtin & Co. is not so bad as reported and will not result in the shutting down of those valuable works but only a few days suspension which time they take to arrange their somewhat embarrassed financial standing. The liabilities are not near so large as stated in the Daily News on Thursday, namely \$200,000, but instead, are only \$80,551.75. The announcement that there had been an assignment made was also premature as it was only judgment confessed in favor of several parties to the amounts as they were entered and appeared against them a d which are as follows:

In favor of .. J. P. Harris, trustee, 14.479.90 J. M. Dale, 20.600.00 J. M. Dale, 42,838.12 583.70 .890,551,73

Making a total of ... The above is a correct statement of all he liabilities of the firm and the assets will undoubtedly be sufficiently large to cover more than that amount. The works will remain idle but a few days when everything will be satisfactorily arranged and they will resume operations as strong

A Pennsylvania Antiquity.

Just across the line between Centre and Clearfield counties, and located in the former is probably the most remarkable prehistoric fortification in the United States. It is seven or eight miles eastward from Houtzdale, and is located near the headwaters of the Moshannon, and burrows into the mountain side. A growth of timber indicates its antiquity. It is a semi-circular wall, possibly 800 feet in diameter, about eight feet high and built of stone, evidently transported from a ledge fifteen miles distant. The outer surface is covered with a curious cement of a composition unknown to local chemists. The masonry is of a most artistic order, and indicates an architecture belonging to some race and period wholly unknown to the present generation. Commencing near the ruined wall and running southward is a series of stone pillars, evidently used as altars in some forgotten age. They number some six or eight in all, and despite the work of vandals, are yet distinctly marked, some of them being from six to eight feet high. They are small stone pyramids, facing every possible approach to the rains, and were evidently intended as defensive ramparts, behind which the builders might find shelter and protection.

Cleary Must Hang.

of Charles Cleary convicted of the murder of policeman Paul, in Renovo, had been denied by the Court and has been sentenced to hang, The Court ordered the prisoner to stand up.

Mr. Orrie Houtz and wife, of Johnstown, are visiting his sister, Mrs. Arb Katherman, on Church street. The band serenaded the couple on Tuesday.

After some kindly remarks to the young man, the Court then proceeded to pass sentence upon him in the following

"Charles Cleary, the sentence of the Court is that you be taken to the jail from whence you came, and on the day appointed by the governor, you be hanged by the neck until you are dead. May God have mercy on your soul."

Cleary received the sentence calmly showing no emotion, whatever. His face flushed, perhaps a little more than usual, but that was all. He walked out of the court room with the Sheriff as composedly and independently as ever.

Poor boy! he has yet to fully realize them. He walked all warrants them. He sell nothing that has cheat about it.

It was decided to consolidate the two roads under the name of the Penn-sylvania and Northwestern railroad comany, the consolidation to take effect January 1, 1890. The capital stock of the new company will be \$1,600,000 and the bonded indebtedness \$1,000,000. This is a slight increase in both the capital stock and bonded debt of the company. We are informed from a reliable source, that the terminus of the Bell's Gap road will be changed from Bellwood to Tyrone. This will be on inportant move for Tylone

The wedding passed off very pleasantly, and the presents were many and elegant.
Rev. King, of the Clintondale Evangelical church, performed the ceremony, after which all partook of a splendid spread. The band then stole along and discoursed several fine pieces. The Re-PORTER office was the recipient of some delicious wedding cake, and all hands join in congratulating the happy couple.

Luck for Capt. Hunter.

Our old and esteemed friend, Capt. John A. Hunter, of Halfmoon, some ten years ago, invested in lands, in Clear-field county, something like \$12,000 for 200 acres, which, up to quite recently was not a bonanza at all. Now, however, a six foot vein of No. 1 coal has been opened on it, and the captain is sure of quite a good thing, we are pleased to know. The mine is within 500 feet of the Tyrone & Ciearfield railroad which

is an important convenience.

Parties are now negotiating with
Capt. Hunter for mining the coal upon a

——Of the many hunting parties out this season after deer, the most successful as far as we can learn, was the G. V. company of Georges Valley. They were out the latter part of the season for five days, and were successful in killing three deer and wounding a fourth one, which they failed to capture. The company is composed of ten men of that neighborhood, who every year take their usual hunt, and are always successful in securing the first parties.

There is probably few who realize the enormous amount of money annually paid into the U.S. Treasury on both Imported and Domestic liquors. Are you aware that Max Klein, of Allegheny, Pa., is a large contributor to that fund? Are you posted as to who does one of the largest business in the liquor line? If not, let us tell you that Max Klein leads them all—and why? Because he has long since succeeded in convincing the people that he furnishes value for value. He sells six year old Guckenheumer, Finch, Overholt and Gibson at \$1.00 per quart or six quarts for \$5.00. His Silver Age that defies competition at \$1.50 each quart bottle.
