## WILD WESTERN WIND

### A Howling Hurricane Sweeps Through Colorado.

### A TRAIN BLOWN FROM THE TRACK

The Lives of the Twenty Imprisoned Passengers Imperilled by Fire—Trees Blown Down and Railroad Tracks Buried in Sand—The Howard Athletic Club's Steamship Still Stuck in the Snow.

Denver, Jan. 27.—The two coaches and sleeping car of the Colorado express which were blown from the track near Monument station during the hurricane Saturday night, immediately caught fire, and for a few moments it looked as though the twenty imprisoned passengers would be burned to death. It is reported that the fire was extinguished before any one was burned.

Among the passengers injured by the accident is Assistant General Freight Agent Zimmerman, of the Rio Grande road.

It is reported that on Pike's Peak several railroad grading men were killed by being blown over a precipice. This report is not confirmed, however.

A terrible storm raged in eastern Colorado all Saturday and Friday night. Denver's streets have been almost deserted from morning till night and reports from diverse counties show it to be the worst storm in years. Trains on the Santa Fe, the Great and Fort Worth were moved only by gangs of section men clearing the sand which fills the cuts from the rails. The path of the heaviest storm was down the mountains through Monument, Colorado Springs and Manitou.

A telephone message from Monument said that many buildings had been destroyed and citizens were moving from their houses and taking refuge in the brush.

The gale reached a hurricane at Manitou. Buildings are reported wrecked and sidewalks lifted bodily and hurled through the air and to add to the terror of the situation, fire has broken out in mountain between this point and Pike's Peak and is spreading over the hills with fearful rapidity.

Reports from the town and a slight change of wind would send it into town and nothing could save the beautiful mountain resort with its mammoth hotel and elegant cottages.

Severe Snow Storms in Idaho.

Denver, Jan. 27.—Reports from Idaho are that the worst snow storm of the season has been raging since 2 o'clock Friday afternoon all through the territory. The Utah Northern railroad is completely blocked again and all rolling stock and motive power has been ordered side tracked until the storm is over. The Central Pacific is also in worse condition than ever.

It was reported Saturday morning that the fast mail side tracked at Shady Howard Athletic Club company is, had been gotten out and that the company were on the way to Omaha to pick up their thread of engagements. The unfortunate train is still stuck fast and is not likely to get out for several days. Nothing can be learned as to their health or condition, but they must be in very unpleasant shape.

NELLIE BLY'S FEAT.

She Puts a Giraffe Round the Earth in 72 Days and 6 Hours.

NEW YORK, Jan. 27.—The World's globe girder, Miss Nellie Bly, has completed her trip around the world. She accomplished the task in 72 days, 6 hours and 11 minutes, having covered during her travels a distance of 23,000 miles.

Miss Bly reached Jersey City, over the Pennsylvania railroad, at 3:51 Saturday afternoon and was given a hearty reception by a crowd of friends and admirers which had gathered to greet her. When the train stopped, Miss Bly stepped to the platform and was greeted by a Philadelphia girl it was that accomplished the feat of beating all records as a circumnavigator.

Miss Bly received an ovation as she entered the city from Pittsburgh to Philadelphia such as only is given to a president-elect or to a great popular presidential candidate. She finished the journey without mishap or illness, and modestly entered into the enthusiasm that thousands showed at Harrisburg, Lancaster and Philadelphia and frankly acknowledged she enjoyed it.

A reporter greeted her on the sleeping car floor at Harrisburg. Miss Bly had just arisen, having remained up the night before until she had passed through Pittsburgh. "That's my old home, you know," she said, "and if there had only been one person at the station to greet me I should have remained up to greet him." A crowd of 1,500 persons crushed through the gate. The newspaper men were out in force with floral gifts and Miss Bly kept them waiting a moment or two before opening her stateroom door. When she did, the throng found a pleasant faced young woman, just a trifle above the average height, very slender in figure, about 28 years of age.

Miss Bly's real name is no longer a secret to the world at large. She is Elizabeth Cochran, of Pittsburgh, and a daughter of Associate Justice Cochran, of that city. Her brother, A. P. Cochran, is in the rubber business.

The Late Adam Forepaugh.

PHILADELPHIA, Jan. 24.—The death of Adam Forepaugh, which occurred at his residence, 1612 Green street, removes the only circus manager who could be regarded as a serious rival of P. T. Barnum. The cause was pneumonia, superinduced by a gripe. He had been ill but a short time. Mr. Forepaugh is survived by a widow and one son, Adam Forepaugh, Jr., who will inherit the immense circus property.

## MANHOOD

How Lost, How Restored

Just published, a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical cure of Spermatorrhoea or incapacity induced by excess or early indiscretion.

The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' practice that the alarming consequences of early error may be radically cured, pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This lecture should be in the hands of every youth and every man in the land.

Sent under seal, in plain envelope, to address post paid, on receipt of four cents or two postage stamps. Address:

Sample of medicine free.
