

FARM NOTES.

JERSEY COW AS A CHEESE MAKER.—The Jersey cow is considered pre-eminently as a butter cow, with her most profitable use in that direction, on account of the large proportion of cream contained in her milk.

According to the late Professor Arnold, while the Jersey is emphatically a butter cow her milk is rich in cheese matter and can, without the waste of its buttery matter, be converted into cheese as rich as English Stilton.

CRUEL BUSINESS.—The practice of thrashing the patient ox to increase his speed, or whacking him across the nose when he is desired to stop, is certainly not the characteristic of a good teamster.

There is nothing more unreasonable or wasteful than this style of managing horses. Good senses requires that a horse be started, urged forward, and stopped by the voice, and that resort should never be had to the whip unless absolutely necessary.

DR. PETER COLLIER says, in the Elmira Husbandman, that the intellectual activity which has been aroused among our agricultural classes during the past ten years has been astounding.

THE pony is the horse of hardships, says a horseman in an exchange, and one that has sprung from some poor country where he has ever been the child of neglect.

ANSWERING the question: "Shall we plant the Russian apricot?" asked at the meeting of the Ohio State Horticultural Society, G. T. Trowbridge said that the apricots we now have would thrive where the peach would grow.

PROFESSOR Sanborn, of Missouri, in more than 100 feeding tests, determined that to make a certain amount of gain, pigs weighing 220 pounds required 18 per cent. more food.

BUY a few papers of the finest pansy seeds and sow them now. They will begin winking, smiling and making every sort of face at you early in the spring, and will keep it up until after frost in the fall.

Those intending to test the different methods spraying in order to prevent the ravages of the grape rot and other fungus diseases should not overlook the fact that the ground around the vines must be treated first.

That Tired Feeling

Has never been more prevalent or more prostrating than now. The winter has been mild and unhealthy, influenza epidemics and fevers have visited nearly all our homes, leaving about everybody in a weak, tired-out, languid condition.

"My health was very poor last spring and seeing an advertisement of Hood's Sarsaparilla I thought I would try it. It has worked wonders for me as it has built my system up. I have taken four bottles and am on the fifth. I recommend it to my acquaintances." JOHN MATTHEWS, Oswego, N. Y.

"I was very much run down in health, had no strength and no inclination to do anything. I have been taking Hood's Sarsaparilla and that tired feeling has left me, my appetite has returned, I am like a new man." CHAUNCEY LATHAM, North Columbus, Ohio.

Hood's Sarsaparilla

AMERICAN Agriculturist says that rye is not a desirable crop in a peach orchard. If it is plowed under in spring, as green manure, the furrows must run so deep that the roots will be injured and in any event returns little to the soil, except what it has taken out of it.

It is estimated that the protein (or albuminoids) in 100 pound of milk amounts to about 4 pounds, while the carbohydrates amount to about 10 1/2 pounds. The value of these is about \$3.60, and at 7 cents per quart for milk the market value is about \$3.20. So says an expert.

How's This? We offer One Hundred Dollars Reward for any case of Catarrh that can not be cured by taking Hall's Catarrh Cure. F. J. CHENEY & CO., Props., Toledo, O.

Remembrance is the only paradise out of which we cannot be driven. The ingredients of St. Bernard Pills have been familiar to leading doctors of all schools for many centuries.

The feeling of distrust is always the last which a great mind acquires. The way to make money is to save it. Hood's Sarsaparilla is the most economical medicine to buy, as it is the only medicine of which can truly be said, "100 does one dollar."

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla conclusively proves the claim that this medicine "makes the weak strong."

"Hood's Sarsaparilla has renewed my grip. I am 65 years of age and was all run down and discouraged. I have taken Hood's Sarsaparilla and on looking myself over find that I am much better, in fact quite a chap. Of course the medicine will not discount my years, but it comes nearer to it than anything else." CHAS. B. LONG, Shrewsbury, Mass.

It is yet a long time before any seeds of melons can be planted; but the melon hills, made up of plenty of manure, will be in excellent condition for growing a crop if the hills are made ready in time to allow to manure to rot in the hills.

It is that is asked for Dr. Pierce's Golden Medical Discovery, when taken for catarrh in the head, or for bronchial or throat affections, or lung scrofula (commonly known as consumption) of the lungs and if taken in time, and given a fair trial, it will cure or the money paid for it will be refunded. It is the only guaranteed cure.
