A REIGN OF TERROR.

Incredible Condition of Affairs at Cedar Keys.

HOW THE MAYOR RUNS THE TOWN.

The Champion Bulldozer of the Age Cowes the Citizens and Terrorizes the Town Through the Persuasive Influence of His Shotgun-He Is Finally Put to Flight.

CEDAR KEYS, Fla., May 15 .- Four deputy United States marshals arrived here for the purpose of arresting Mayor Cottrell and his marshal, Mitchell, on the charge of assaulting Custom Collector Pinkerton and interfering with him in the prosecution of government

This action of the government authorities is the result of a long series of outrages perpetrated by Cottrell, in most of which he was aided and abetted by

Marshal Mitchell. The Town Terrorized.

A genuine reign of terror has existed here the full details of which will probably never be known until Cottrell is safe behind the bars, for the people do not care to speak against him so long as he is at liberty. The United States offi-cers succeeded in arresting Mitchell, but Cottrell was apprised of their coming and is now in hiding.

and is now in hiding.

They are on his trail, however, and hope to arrest him soon. Cottrell, besides the office of mayor, has been inspector of customs. He had charges preferred against him at the treasury department in Washington and was forced to resign his position. This was after the appointment of Collector Pinkerton by President Harrison.

Threatens Pinkerton's Life. A week ago Cottrell met Pinkerton and asked him to open the custom house to get some things he had left there. Pinkerton refused, as it was after office hours. Cottrell then threatened Pinker ton's life and Cottrell gave notice that if he appeared on the streets of Cedar Keys he would be shot by Cottrell.

Pinkerton remained in the house for a day or two and Cottrell tried to persuade a negro to go in and pull him out The negro refused and was beaten by Cottrell

Pinkerton was kept from going to the office by the fact that Cottrell was gunning for him on the streets and the business of United States government was thus seriously interfered with.

A Bold Bad Man. For about a year Cottrell has been a error to the citizens here. He has con pelled a negro to beat a telegraph opera tor; he has threatened to thrash women whose husbands had incurred his dis pleasure; he has kept men locked in jail for days at a time for no cause whatever has paraded the streets with a loaded shotgun threatening to kill anybody who came in his way; has shot at the light house keeper in the streets; has co another man with a jack knife and h actually forced a re-election as mayo because it was worth a man's life to vot

against him. Those who knew Cottrell best say mored that he will come to time and attempt to rescue Mitchell.

Mayor Cottrell Still in Hiding. Jacksonville, Fla., May 20.—Town Marshal Mitchell, of Cedar Keys, who was the confederate of Mayor Cottrell in his outrages, has been released from the county jail on a bond of \$2,000. He will leave here for his home today Nothing has been heard from Cottrell

but search is still being made. The Edmunds Law Is Valid. WASHINGTON, May 20 .- In the suit of the church of "Latter Days Saints" against the United States, which came to the United States supreme court on appeal from decision of the supreme court of Utah in favor of the United States, the court affirmed that judgment. The case grows out of the passage or the Edmunds anti-polygamy law. When the United States under the terms of this act began proceedings to confiscate about \$750,000 worth of property belonging to the church the Mormoes immediately entered suit to

THE SHAMOKIN FIRE,

The Shaft Burning Fiercely - Attempt to Flood the Mine. SHAMOKIN, Pa., May 19 .- The Wilson shaft is on fire, having caught from the burning timbers of the breaker which was destroyed last Friday night. The lower levels are filled with gas. Twentyfive mules at the bottom are dead and nineteen on the top levels will probably be suffocated.

At 10 o'clock last night the fire in Neilson shaft had assumed a serious aspect. The fire is known to be in No. 17 vein at a depth of 1,000 feet, but its extent cannot be determined upon as no one can visit that level and return

Smoke and foul air was noticed issuing from the air course of No. 12 level at 4 p. m. The breaker fire destroyed the boilers and one fan. Steam faciliitie were obtained and a fan started to ventilate the mine, but it failed to drive out the gas in the upper level. The mine is making gas fast and serious ex-plosions are feared when the gas reaches

Late last night it was decided to turn the Carbon Run creek into the shaft and drown out the fire. It will take thirtysix hours to turn the creek and if the fire is in the locality which the mine foreman thinks it is, it will be three or four days before the water will reach the fire. The gas and the fire is so dan-gerous that every precaution is being taken to prevent loss of life.

Sixteen Carried Out Dead.

ROME, May 17 .- For the second time within the week Avigliano, Italy, has become the scene of disaster. On Tuesday a quanty of the new explosive, balistite, exploded at the factory for the manufacture of government arms and munitions, killing fourteen workmen outright and injuring upward of fifty several of whom died subsequently Yesterday the cartridge factory con-nected with the works took fire and was entirely destroyed. The building was filled with workmen at the time, and in their efforts to escape many were tram-pled under foot and killed. Sixteen were taken out dead, and a large number were more or less seriously injured.

Jay Gould's Mailed Hand.

NEW YORK, May 20 .- At a meeting of the second mortgage bondholders of the International and Great Northern railroad, Chairman Roosevelt announced that he was authorized to offer 90 per cent. of their face value for the bonds. The bondholders present, representing \$4,000,000 in bonds, were almost unanimous in agreeing to the proposition, and holders of \$3,700,000 signified their assent to the proposition. Roosevelt would not give the name of the bidder. It is the general impression that the unknown bidder was Jay Gould, and that the deal is in the joint interest of Kansas City and Missouri Pacific railroads.
