PITTSBURG, May 29.-The second great Scotch-Irish congress of America opened ✤ in Mechanical hall, this city. with probably 1,000 delegates and visitors from all parts of the United States and Canada. It was 11 o'clock when Robert Bonner, of New York, president of the association, called the congress to order. The vast auditorium was then well filled, and the scene presented was inspiring.

Among the delegates were many well known people, including Robert Bonner, of the New York Ledger; Joseph F. Johnston, Birmingham, Ala.; E. C. Mc-Dowell, Nashville; Alexander Mont-gomery, San Francisco; Rev. Dr. John Hall, New York; Col. T. T. Wright, Florida the foundam of the Seatch Lick Florida, the founder of the Scotch-Irish Society of America: Professor A, L. Perry, Williamstown, Mass.; Robert Burns, Tacoma, Washington; Rev. # THE READING CONDUCTORS.

#### The Company Wants Them to Resign 1.com the Brotherhood.

PHILADELPHIA, June 3.-The Reading railroad has notified all of its conductors who are members of the Brotherhood of Conductors to resign or quit the service of the company.

The order has caused some surprise and a number of the conductors are dis satisfied. It is believed that the Reading issued the order because it is opposed to labor organizations, and be-cause the Brothernood of Conductors decided recently to strike out the clause in their constitution which prevented it from striking. Formerly there was an anti-striking clause in the constitution and when the conductors decided to strike it out the Reading officials objected. Assistant Superintendent Bonzano says that many of the conductors have promised to leave the brotherhood and some have already resigned. It is believed that the trouble will be amicably settled.

#### A FARMERS' LEAGUE.

Farmers from Eleven Pennsylvania Counties Organize.

GREENSBURG, Pa., May 31.-Representative farmers from eleven counties in the state met here for the purpose of forming an organization to be known as the Farmers' State League, the objects of which are to protect the farmers against political jobbers in legislation and to seek representation in all matters touching their interests. The league will be made up of members of both parties. State Organizer Pierce, of the New York Dairymen's association, was present and talked encourag-

ingly of similar organizations in other states. There were two representatives from each of the eleven counties and permanent officers were elected as fol-

President, J. K. McElhoes, of Indiana; secretary, J. LeMoyne, of Washington; vice president, Eashart Reeder, of Venango, and treasurer, Isaac Hazen, of Crawford. The executive committee consists of J. S. Bucannon, of Washington; D. S. Dixon, of Allegheny; J. C. McClure, of Westmoreland; Isaac Isaac Hazen, of Crawford, and Harry Mahn, of Indiana. A meeting will be held in Pittsburg at an early date, at which time it is expected that the roll of membership will be largely increased. The representative farmers of the state will be asked to lend their aid to the furtherance of the cause of the league.

#### A Miraculous Escape.

POTTSVILLE, Pa., June 3.-A young man named Peter Rice made a most miraculous escape from death at the Dobson shaft, near this city. The shaft

is 118 feet deep. It is a mere temporary opening and is driven as a test hole. The stuff is hoisted in a bucket holding about a ton. Rice attempted to ascend the shaft by clinging to the bucket. When about fifty feet from the bottom the rope broke and man and bucket went pitching into the dark abyss. How it is that the man was not crushed to death is a mystery. When gotten out he was in a limp and apparently lifeless condition, but he recovered his speech in a short time and the discovery was made that no bones were broken, al-though it is hardly likely that the man

will recover from the internal injuries received. He was taken to the Miners' hospital.
