WHERE IS THE RACKET?

Is a question often asked by persons not acquainted in Bellefonte. Do you come via L. & E. B. E. V., or B. R. Railroads, go up High Street about 2 1/2 squares to the "Diamond"; turn to the left; pass 1st Nat. Bank, Montgomery's Clothing House, Erhard & Co., grocers, and next you find "The Racket," being the middle room of Crider's Exchange the largest and most noticeable building in the town. If you can't find it ask the first boy you come to, they are our special friends, they say, "There is no flies on The Racket."

And they know.

LOCAL ITEMS.

"Pray what is your age?" said ye census man sage,
And ye damsel spoke never a word.
"Are foolish, insane, deaf, humpbacked or lame?"
And she smiled at a thought so absurd.
"Do you powder or paint?" and her smile
it grew faint.
"Do you shave Miss, and have you cold feet?"
Ye damsel yet she spake not, you bet.
But ye man he lay dead in ye street.—

Unless prevented by important public duties, President Harrison will spend one day at the Mt. Gretna encampment next month. This promise was secured from the president yesterday by Generals Hastings and Snowden, and the 24th of July was fixed upon as the date of the visit.

The York county snapping turtle fishermen, camped at Stonemill, had about 3 dozen snappers up to last Saturday. So doubt they were well supplied with snappers too. They seemed to enjoy splashing around in the mud of the old mill dam. Some of the snappers are described as large as dish pans.

Dr. Augustus J. Walls, of Lock Haven, who died suddenly at the Continental hotel, Philadelphia, on Saturday, of fatty degeneration of the heart, was one of the best known surgeons of the state, and the son of Judge John Walls, of Lewisburg. After graduating from the Naval academy, at Annapolis, he took up the study of medicine at Lewisburg, and finally entered the university of Pennsylvania, where he graduated with the highest honors.

House Burned.

There was quite a fire in the east end of Miles township, on Saturday forenoon last, by which the dwelling house of John Wolfert, with all its contents, except an organ, were destroyed, along with hog pen and 24 hogs, and implements shed, but the implements were saved. Mr. Wolfert had started for Sugar Valley when the fire started and a rider brought him back, none but the women being at home.

The fire started in the woodshed, and it is thought from a spark that dropped from a shovel of fire in the hands of Mrs. Wolfert, who laid some chips on the shovel to destroy caterpillars by fire. The barn took fire and it was miraculous that it was saved. A hole had burned through the roof and fire dropped into the straw below, but the help present carried out the burning straw and saved the burning of the barn. The house was insured in the Sugar Valley Co. for \$1200.

Look out for Them.

A swindle has been played quite extensively among the farmers of Cumberland County lately and they have been fleeced to the extent of \$50,000. It was accomplished by two confederates who pretended to buy from them walnut stumps. Confederate No. 1 would come along and engage to buy the stumps and tell the farmers that his partner would be along in a couple of days, take out the stumps and pay for them.

Confederate No. 2 would come along in a couple of days, take out the stumps pay for them, but in making the alleged payment they would invariably tender a bill of large denomination and receive considerable change. The large bill which was left in the farmer's hands is afterwards found to be counterfeit and the swindler got away with the change in good United States money.

The Cost of A Train.

The question is often asked, what does a train cost? What is a Pullman worth? How much money is there in a locomotive? Well, there is a good deal of money in them all, and the money that it takes to equip the ordinary express train as run on the great Pennsylvania Railroad Company lines, would be more than enough to make one comfortable for the balance of his days. The ordinary express train represents from \$83,000 to \$90,000. The engine and tender are valued at \$10,000; the baggage car \$1,000, postal car \$2,000, the smoking car \$5,000 two ordinary passenger cars, \$10,000 each three palace cars, \$15,000 each—total \$83,000. These are minimum prices. There are trains on the Pennsylvania worth very much more.

Children's Day.

The Pennsy Leads The Van.

The Pennsylvania railroad company has virtually done away with the car stove and put in its place steam. For several years the company experimented with different steam-heating devices, but found them almost all impracticable. Over 200 cars have been fitted out with steam apparatus and the work of putting steam-heating apparatus on all the cars will be made as fast as possible. The system is that exclusively of that of the Pennsylvania railroad company, and is as follows: Two straight pipes, two inches in diameter, for steam and the other to carry the water of the condensation back to the locomotive. This is done by a small vacuum pump fixed on the tender and kept constantly running. The exhaust steam is all that is used in heating the train. The pipes are so made that the steam can be made use for any one car without interfering with the others. The pipes come up in the car in each side just about the middle. From the pipes in the car a spur runs under each seat which gives a general distribution of heat.

The car is ventilated by forty openings through the floor, each about two inches in diameter and directly under the seats. The fresh air passes over the steam pipes becoming heated before passing into the car. The steam passes directly to each end of the car.

Reduced Rates for the Fourth of July on the Penn Railroad.

In pursuance of its usual liberal policy the Pennsylvania Railroad Company will this year sell excursion tickets for the Fourth of July holidays between all stations on its lines at reduced rates. The tickets will be sold on July 3d and 4th, valid to return until July 7th, 1890. This reduction in rates does not apply to tickets sold between New York and Philadelphia, nor New York or Philadelphia and Baltimore and Washington. By the use of these tickets one can make a very pleasant holiday trip at small cost.

A new ruling of the postoffice department changes the ruling which has heretofore allowed mail messengers to receive mail offered to them by the public when passing between a postoffice and the depot. This is changed so that mail messengers are instructed not to receive such matter.

Horse thieves have begun operations in Perry county. On Monday morning two big horses were stolen from the stable of Mrs. Samuel P. Kern, in New Germantown. The animals are worth \$400, and it is thought that the thieves have secreted them in the mountains until a favorable opportunity is presented to hurry them across the Maryland border, with the horse marts of Virginia as the objective point. A few years ago this business was extensively and successfully prosecuted in Perry county.

Prospects for Harvest.

Despite the fact of there having been too much rain throughout the country, the present outlook for crops is equal to that of any previous year, and when freed from severe frosts and drouth, the farmer returns to the shady trees, long for a cool drink of water.—He forgets that his life is in danger from the sudden cooling of the system. In the good old times the apple jack and pure old rye were awaiting the return home and why not now? Because you fear the impropriety. Let us here say to you that you can get it as ever and at reasonable prices, by the quart or gallon at from \$1.50 to \$1.65 per gallon, neatly packed and shipped by express. For price list and catalogue of all kinds of liquors just write to Max Klein, 22 Federal St., Allegheny, Pa.

B. Krape for \$400.

Call and see them—buy or not.

When baby was sick, we gave her Castoria,

When she became a Miss, she clung to Castoria,
When she had children, she gave them Castoria.

To Our Friends:
We are anxious to know the growth of Centre county, and want the opinion of each person before the census figures are made out. If we are not mistaken ten years ago it was 37,000, but now it should go at least 47,000 or greater.

Some are taking the Republican and Democratic vote and multiplying by such and such a figure, but they will all be off.

Everyone has an equal chance. How ridiculous it will all be after it is all over to see some of the guesses. Its all for fun and is interesting to hear the remarks while guessing.

We are having slips printed for each customer to fill out to avoid the explanation required. Each customer gets a guess for each purchase made. The more guesses the merrier.

When the figures are known we will send the lucky one the world renowned Edison talking doll, well worth a thousand times the trouble.

Remember when you come to the store be sure to guess. Guess early and often.

Piles of new goods in this week.
