

POLITICS PLUS GINGER

Clos of South Carolina's Exciting Campaign.

TILLMAN FEARS ASSASSINATION.

Threatening Communications Daily Received—Good Citizens Converted into Walking Armies—Senator Wade Hampton's Defeat Decreed. The Tillmanites Claim an Overwhelming Victory at the Polls.

CHARLESTON, S. C., July 30.—The heated and very much excited canvass of two Democratic factions in South Carolina will probably be brought to a close today. There are two other appointments, but as county conventions have been held in both, they will be called in by the executive committee. In the language of Tillman "this Democratic circus" has been on the road for seven years.

At every meeting great crowds have attended. Excitement has run very high. There has been no riot or bloodshed, although this looked inevitable many times.

At the Point of Battle. A great majority of those attending the meeting had been so highly wrought up that they carried pistols in their inside pockets always ready for the worst at any moment.

All in all, no such exciting campaign has ever been known in this state before. Friends of Capt. Benjamin T. Tillman are at the point of battle, alarmed at anonymous communications being received daily threatening his assassination.

A rumor has just gained currency here to the effect that two roughs have been for several days following campaign speakers from place to place, hoping to get a fair chance to kill Tillman.

Wade Hampton's Head in Peril. It is known here that a proposition has been made by "straight outs" to withdraw their litter warfare against the Tillmanites if they will pledge themselves not to do certain things when they get hold of the reins of the government, among which is the chopping off of the official head of United States Senator Wade Hampton. It was not at first intended to defeat his re-election, but since the senator has come into collision with the reform movement it is thought likely that his head will come off.

It is now plainly seen that a full reform delegation will be elected to congress. The legislature will be overwhelmingly for reform and Ben Tillman will be the next governor.

A CHESAPEAKE COLLISION.

Four Killed and Many Injured on the Louise and Virginia.

BALTIMORE, July 29.—The excursion steamer Louise and the Bay line steamer Virginia were in collision last night near Fort Carroll. Four people are known to have been killed and about seventy injured, many of whom are in a serious condition. A number were drowned. Just how many lives were lost cannot positively be stated. The dead are: Mrs. Mahalia Marshall, Charles Grenzer, Daniel Kopp, Mrs. Howard Keiser.

There are seven missing—they may have jumped or been thrown overboard. Twelve persons have been taken to the hospitals in a badly injured condition. Just how many people went over into the water is not known, but some eye witnesses of the disaster say that a number of men, women and children were sitting on the starboard side when the crash occurred and immediately disappeared.

Not since the Tivoli disaster has such a thing happened near this city. All sorts of rumors are afloat as to the number of killed and injured. The streets are thronged with anxious relatives and friends of those reported missing. Just who is to blame for the accident is not known. Naturally the pilots of both boats deny negligence.

West Virginia Miners Compromise.

WHEELING, W. Va., July 28.—The committee appointed by the National Mine Workers to adjust the strikes in Belmont, Guernsey and Jefferson counties have succeeded in compromising the cases and inducing the miners to appear before the referee part of the afternoon.

Five Fatal Falls.

NEW YORK, July 28.—Thomas McHugh, 27 years old, fell from the roof of his residence, 259 East Nineteenth street yesterday and was killed. Daniel Brennan, 31 years old, fell out of the third-story window of 431 West Third street and was killed. John Callahan, aged 35, fell into the hold of a ship lying in the dry dock at pier 42, East river, and died shortly afterward. John Fisher, 30 years old, a driver, fell from his team and was killed. Henry Morse fell from a second story window at 449 Ninth avenue and fractured his skull.

Delaware State Camp.

WILMINGTON, Del., July 28.—The First Delaware regiment, Col. George W. Marshall, commanding, went into camp at Brandywine Springs, Saturday. The encampment, which will last for one week, has been named in honor of the governor. Camp Benjamin L. Biggs. The encampment will be under command of Brigadier Gen. R. R. Kenney, of Dover. There are eight companies of infantry, two cavalry troops and two batteries of artillery on the grounds, numbering over 500 in officers and men.

Harrison Will Be There.

BOSTON, July 29.—President Harrison has written Governor Brackett an autograph letter, in which he says he hopes to be in Boston Tuesday, Aug. 12, the day of the Grand Army parade, and in reply to the governor's inquiry, states that he will accept such hospitality on the part of the state as his brief stay and the exercises of the occasion will permit. A refusal for a suit of rooms at the Hotel Vendome for the presidential party has already been obtained by the state authorities.

Poisoned by Ice Cream.

GALVESTON, Texas, July 28.—At a picnic given at Pilot Point a large number of people were poisoned by ice cream made poisonous by staying too long in the cans. Fifteen persons will die. No names are obtainable.

CONGRESSIONAL RESUME.

Laborers of the National Legislators at Washington.

WASHINGTON, July 24.—The senate concluded the debate in the Indian appropriation bill and a vote was taken, resulting in 18 yeas and 30 nays, less than a quorum. No quorum being obtainable the bill went over.

The house continued the debate on the bankruptcy bill.

WASHINGTON, July 25.—The senate passed the Indian appropriation bill and the tariff bill was laid before the senate as unfinished business.

The house passed the bankruptcy bill by 117 yeas.

WASHINGTON, July 26.—The senate again took up the tariff bill and decided to go through it item by item, each to be discussed and amended separately. This will consume a good deal of time.

The house took up and considered in committee of the whole the sundry civil appropriation bill. Last night's session was devoted to private pension bills.

WASHINGTON, July 28.—The house adopted a resolution to investigate the charges brought against Pension Commissioner Heaton by Representative Cooper. Consideration of the sundry civil appropriation bill was then continued.

The senate Messrs. Morgan and Colquitt spoke against the tariff bill.

WASHINGTON, July 29.—In committee of the whole the house continued the consideration of the sundry civil appropriation bill and disposed of a number of amendments.

Mr. Vest addressed the house in opposition to the tariff bill. Mr. McPherson's resolution to recommit the bill with instructions was defeated by a strict party vote.

The reading of the bill by paragraphs for amendment was begun.

A NEW ENGLAND CYCLONE.

Seven Persons Killed and 600 Made Homeless.

LAWRENCE, Mass., July 28.—The flourishing city of Lawrence was visited Saturday by one of the most destructive tornadoes known to the New England states. Seven persons were killed and sixty seriously injured. Seventy buildings were wrecked and destroyed and 600 people made homeless.

The following were killed: Hannah Beatty, Mrs. Elizabeth Collins, Annie Collins, Michael Higgins, Mrs. Thomas Lyons, Mrs. Jeremiah McConnell and Mamie O'Connell. There are a number of persons at the hospitals seriously injured.

The property loss will reach about \$125,000. Unfortunately it will fall almost wholly on the industrious poor, and in only one case was it insured against the elements.

The path of the storm was only about 400 feet wide, but starting from the Boston and Maine railroad station, in the southern half of the city, it extended parallel with the Merrimack river for nearly four miles into North Andover.

The forces of the storm stopped as suddenly as it had appeared. On one side of a road where it ended the windows and blinds of a farmhouse are wrecked and shattered, while just across not so much as a vine or rosebud is disturbed.

The greatest force of the storm was manifest in the mile it traversed through South Lawrence. Fortunately there were no large or brick buildings in that district, the great mills and factories being on the north side of the river. The section was occupied largely by the mill operatives and was covered with cosy cottages. These were swept down like so many corn cobs.

CHICAGO'S COLUMBIAN PLANS.

How She Divides the Buildings Between Two Parks.

CHICAGO, July 28.—At a special meeting of the board of directors of the world's Columbian exposition the committee appointed to formulate a resolution covering the various exhibits to be placed in close proximity to the agricultural exhibit and also those to be placed on the lake front will be presented formally to the legislature when it reconvenes today.

The plan is to place on the lake front the art gallery, the government buildings and another building containing a fine electrical display, three buildings in all, and use the present lake front grounds as an entrance ground. At Jackson park will be placed the big machinery hall, the stock show, a mineral pavilion, an underground mining exhibit, a glass factory, the several state exhibits, oriental villas and such other novel and beautiful displays as may be offered later on.

The Philadelphia in Commission. PHILADELPHIA, July 29.—The cruiser Philadelphia went formally into commission yesterday, and is now a vessel of war of the United States. Charles H. Cramp, senior member of the firm of William Cramp & Sons, made the presentation speech, and the vessel was received in the name of the government by Capt. Robert Bradford, her commander. The Philadelphia will remain here for a few days longer, and some time during the latter part of the week she will sail for New York, where she will take aboard her full complement of men.

Refuse to Carry Beer into Kansas. KANSAS CITY, July 28.—The express companies have notified their agents at all border points to take no more beer or other liquor destined for points in Kansas. Heretofore the Missouri liquor dealers have done a heavy business shipping jugs, bottles and kegs by express. The new order will bring about a change. The dealers will not shut off, but will evade the order by packing the liquors in boxes which will not reveal the nature of their contents, and the agents will be loath to accept them. The order, it is said, was issued in anticipation of the original package bill becoming a law.

Protest Against a Recount. ST. PAUL, July 29.—At a meeting of the chamber of commerce resolutions protesting against the issuance of any order for a recount of this city based on such insufficient grounds as have thus far been stated, and requesting the authorities at Washington to suspend such order pending further investigation by the census officials, were passed.

Death of Dr. Collier. SALEM, Md., July 29.—Rev. Robert Laird Collier, one of the most widely known divines of this country, died at his country home, Everglades, about twelve miles from Salisbury. On Friday last he had an attack of indigestion, and on Saturday it was followed up with an attack of apoplexy, from which he never rallied.

Leprosy in New York. NEW YORK, July 29.—Manna Garut, a young Mexican, was found suffering with what is believed to be leprosy at his home, 105 East Twenty-eighth street, yesterday noon. He was removed to the receiving hospital on North Brothers Island.
