PINKERTONS MOBBED

Wey Fire Without Provocation Upon Citizens of Albany

AND NARROWLY ESCAPE LYNCHING

A Pinkerton Man Fires Into an Inoffensive Crowd and Wounds a Boy-The Police Rescue Him from the Halter - Another Boy and a Woman Shot - Fifteen Pinkertons and Five Citizens Wounded.

ALBANY, N. Y., Aug. 18.-The most disastrous day in the history of the New York Central railroad strike closed last sight. Fifteen Pinkerton men are under the care of surgeons and five citizens are so badly wounded that there are fears for their recovery. Three Pinkerton men were arrested, and one was so severely handled by the mob that the police surgeon had to dress his wounds. The trouble was at the Van Woert street crossing, a few blocks west of the passenger depot and where the freight trains run on to the bridge.

A Wanton Shot.

Early Sunday morning crowds began to gather and by noon taere was a huge crowd. Everything was quiet until at 1:10 o'clock a treight train came down from West Albany. On the top of each car were two Pinkerton men armed with repeating rifles, and as the cars passed by they floarished them.

Suddenly, and without provocation. one of the men fired and Richard Dwyer, a boy of 12 years, fell, shot in the thigh. The excitement was intense and a rush was made for the train, and so successful was it that James Hatton, who fired the shot, was caught. The police charged the mob and rescued him just as they had him up against a tree ready to hang him. He was badly bat-tered up when locked up. A few min-utes after John Houck, a lumber handler, aged 22, was arrested for stoning a train.

The Crowd Infuriated. At 3 o'clock a freight train bound west came over the bridge guarded by Pinkerton men. When it reached the city several of the Pinkerton men, without provocation, opened fire. Mrs. Thomas F. Hogan was shot through the leg and arm, and a boy was shot in the

The crowd by this time was wrought up to a fearful pitch of excitement, and only by the efficiency of the local police, aided by committees from the strikers,

were they kept back. At 4 o'clock, when the excitement began to cool down, another freight train went through and the Pinkerton men again fired

An Officer Mobbed by Pinkertons. Officer Dunn jumped on the train and tried to find the man, but was unsue cessful. He was carried back to East Albany on another train and there was assaulted by the Pinkerton men, although he was in full uniform. All the police of the city are massed at this point and more trouble is expected.

Robert Pinkerton asked for the re-lease of Thomas Burke, who was ar-rested under arms, but Chief Willard refused, saying that the men were inciting the people to violence. Mr. Pinkerton said that it was simply a matter of protecting the new brakemen and was necessary.

Preparations for the Pennsylvania State Convention.

HARRISBURG, Aug. 19.-The outlook points to an unusually large Prohibition state convention, to-morrow and Thursday. The demand for half fare tickets is unprecedented in the history of the party, and as a result the political gath-ering will attract a big crowd to this city outside the delegates. All the counties in the state are expected to be represented, except Pixe and Forest, in which the Prohibition sentiment has taken no foothold.

In Monroe the party has no organiza-tion because of its few members; but slight headway is being male in the county and it will doubtless be repre-sented in the convention. In several counties the Prohibitions are not suf-ficiently numerous to justify a rigular organization, but they are supplied with leagues which will sond representatives to Harrisburg.

The state conventiens of the cold water political party are always large, owing to liberal lastade gives counties in making up their list of delegates. But the forthcoming body is expected to eclipse all its prodecessors in the number of its meaners, which will aggregate about 8,033.

The Prohibition party of Pennsyl-vania is claimed by its leaders to be in robust condition, notwithstanding the poor show it has made in previous campaigns. A county organization has been effected in nine-tenths of the counties of the state, and in them tickets have either been or will be nom-inated. This method has been recommended and adopted, not because there is hope of success anywhere, but for the reason that it serves to keep the Pro-hibitionists intact. All the county chairmen of the party are being sup-plied with campaign literature to assist them in steadying the wavering and increasing the number of soldiers in the cold water army.

THE CLINGING IVY.

Was James Wood Married or Hypnotized by Miss Ivy?

WEST CHESTER, Pa., Aug. 16.—The case of Ivy J. Wood (or Quick) vs. James Emile Wood, which is set for the next term of court, here will bring out some of the most reserve. Emile Wood, which is set for the next term of court, here will bring out some of the most curious facts ever presented in the Chester county courts. A woman of 25 claims to be the mile

of a boy of 19, and brings suit for deser-tion. The boy denies any knowledge of any marriage, and the woman refuses to say where the ceremony took place. For four years the boy was under the care and tuition of the woman, and in that time, it is said, he was entirely under her control. His friends say it is a clear case of hypotetism. case of hypnotism.

case of hyphotism. It is expected that it will develop into a most sensational case. James Wood is already wealthy, and expects much more money when he comes of age. He will attempt to prove, it is said, that Ivy's desire to recover a part of his wealth is what induces her to bring this suit

His lawyer, Thomas S. Butler, has, it is stated, several hundred letters written from Ivy to James, including little notes which will make interesting reading in court. All the parties con-cerned are highly connected.

One man was re-leased. The only treight moved was composed of refrigerator and empty cars. The blockade at West Albany is almost as bad as on the first day of the stella. strike.

The Pinkerton Claims.

The Pinkerton men claim that the crowd stoned them before they fired any shots. Their statement, however, is not borne out by such testimony as the police have been able to obtain as yet.

Capt. Sheridan, of the Third precinct. where the trouble occurred, said to the United Press reporter last night:

"It is true that a few women and childen threw stones at the men on the freight trains early in the afternoon, but I saw the Pinkertons fire at the groups of people on the streat, who had nothing to do with it whatever, and without provocation. I told Mr. Pink-erton of this, but he simply said it was self defense
