Dr. B. J. Kendalt. Co.:

Sirs:—Last Summer I cured a Curb upon my horse with your celebrated Kendall's Spavin Cure and it was the best job I ever saw done. I have a dozen empty bottles, having used it with perfect success, curing every thing I tried it on. My neighbor had a horse with a very bad Spavin that made him lame. He asked me how to cure it. I recommended Kendall's Spavin Cure. He cured the Spavin in just three weeks.

Yours respectfully,

Wolcott Witter.

Washington, Dec. 1.—The second sestion of the Fifty-first congress began at 1,000 today. At precisely 12 o'clock Vice President Morton, in the senate, and Speaker Reed, in the house of representatives, called those two bodies to order.

The roll was called in the house and three new members were sworn in— Whitelaw, in place of Walker, of Missouri; Hayes, the successor of Conger, of Iowa, and Pindar, who has been elected to the vacancy occasioned by the death of Miller, of New York. Mr. Breckinridge, of Arkansas, also had to be re-

The Senate Caucus. Washington, Dec. 2.—The Republican members of the senate held a caucus yesterday afternoon to consider the Patent Washing Machine Improved approaches and no dissent from the proposition to take up the programme agreed upon before the adjournment of the first session, to take up the federal election bill at the beginning of this session and press it to a vote.

The committee on order of business, of which Senator Platt is chairman, was directed to prepare an order of business, the first measure to be considered to be the federal election bill.

The committee appointed at the last session to co-operate with the Republicant of the committee appoints.

The action of the caucus does not determine the question of passing the federal election bill. There were not enough Republican senators present to guarantee absolutely that the change of rules will be made.

A House Caucus.

WASHINGTON, Dec. 2 .- About thirty of the Republican leaders of the house met in a committee room yesterday afternoon and discussed the advisability of trying to pass an apportionment bill at the present session. Speaker Reed, Messrs. McKinley, Cannon, Dunnell, chairman of the census committee; Perkins, of Kansas, and McComas, of Maryland, were among those present. The caucus was entirely informal and was for the purpose of securing an interchange of views of the apportionment question pending a formal caucus to take decisive action.

There was an almost unanimous senthe Republican leaders of the house met

There was an almost unanimous sentiment in favor of passing an apportion-ment bill and the responsibility of drafting one for introduction in the house was left with Chairman Dunnell and the other members of the census committee who were present. The census committee will meet today to consider the apportionment question and probably the resolution introduced yesterday providing for a recount of New

Secretary Windom's Report. Washington, Dec. 2.—The annual report of the secretary of the treasury was transmitted to congress at noon today. Secretary Windom says the surplus revenue was largely increased last summer by the pending changes in tariff legislation. And the available belone in the treasury was also greatly balance in the treasury was also greatly augmented by the act of July 14, 1890, which transferred over \$54,000,000 from the bank note redemption fund to the available cash. This sudden and abnormal increase was the cause of much concern and some embarrassment to the department. To prevent an undue accumulation of money in the treasury and consequent commercial stringency, the department purchased large quantities of Unite! States bonds at such terms as they could be obtained, but the supply of bonds was insufficient for the best results. The new tariff law is com-mended, and Mr. Windom thinks reci-

PLANS FOR AN INDIAN WAR. Gen. Miles Consults the Officials at Washington.

Washington, Dec. 1. - Maj. Gen. Nelson A. Miles, who is to take charge of the crazy Sioux Indians and keep them from scalping the pale faces according to their supposed plans, arrived here Saturday night. When the Indians began to carry things to a dangerous extreme with their "ghost dances," Maj. Gen. Miles, in command of the department of the Misouri, asked permission to come to Washington and consult with Maj. Gen. Schofield, his superior officer, and Secretary of War Proctor.

Almost immediately upon his arrival Gen. Miles called upon Gen. Schofield and had a long consultation, both at Gen. Schofield's house and at Gen. Miles' rooms at the Ebbitt house. The conference was resumed Sunday, but just what conclusions have been reached is not known yet, as Gen. Miles denies himself to reporters. There is no doubt, however, that plans have been outlined for a decisive move against the Indians in case of necessity. It is believed that the extended consultations related less to steps to prevent an outbreak than to to steps to prevent an outbreak than to plans of campaign in case of a general Indian war.

Increased Rations for the Sioux. ble, after a conference with Gen. Miles on the Indian trouble at the Pine Ridge agency, issued an order directing that an increased supply of rations be distributed among the Sioux until the appropriations of the present fiscal year shall have become exhausted. He also directed the Indian bureau to prepare estimates of the amount necessary for Washington, Dec. 2.-Secretary Noestimates of the amount necessary for the purchase of rations for those Indians during the next fiscal year.

Among the most prominent delegates who have arrived are Governor Ben Tillman, of South Carolina; Governor W. J. Northen, of Georgia; Governor J. P. Buchanan, of Tennessee; Isaac Mc-Cracken, ex-president of the Agricultu-ral Wheel; L. L. Polk, president of the National Farmers' Alliance.
