"The Racket" is today the most popular store in Bellefonte among all classes of people. There is a reason for this.. The crowds that visit us daily are increasing. Bargains we could do it too as often as any one in fine Dress Goods and Trimmings, Notions, Novelties, Fancy Goods, Shoes, etc., arrive daily and are carried away in great bundles by our customers. ## Sponge out a Headache.

The ordinary nervous headache will be greatly relieved and in many cases entirely cured by removing the waist of one's dress, knotting the hair high up on the head out of the way, and while lean-

ing over a basin, placing a sponge soaked in water as hot as can be borne on the back of the neck. Pepcat this many times, also applying the sponge behind the ears, and the strained muscles and nerves that have caused so much misery will be left to relax and smooth themselvs out deliciously, and very frequently the pain promptly vanishes in consequence. Every woman knows the aching face and neck generally brought home

from a hard day's shopping or from a ---- Charley Arney and Frank Ross jong around of calls or afternoon teas. Nothing so good for tired eyes has yet been discovered as bathing them in hot water, and neuralgia in nine cases out of 10 will yield to applications of cloths

wrong out in hot water in which the hand cannot be borne.

## A Sad Case of Suicide.

Mrs. Edward Krumrine, formerly of Spring Mills but now of Milton, whose mind had become affected by sickness, committed saicide at her home by hanging herself on Saturday to the transom of her bed room. A strict watch had been kept on her, but she cunningly eluded the woman in whose charge she was placed, and when found life was extinct. A Coroner's jury rendered a verdict in accordance with the facis. The unfortunate woman leaves a husband and one daughter to mourn her death. Mrs. Krumrice was a daughter of Wm Kerlin, formerly of Spring Mills and Bellefonte, and who, some years ago moved to the west.
