KENDALL'S SPAVIN CURE.

DR. B. J. KENDALL CO.: BRIVERNON, Pa., Nov. 27, '90. DR. B. J. KENDALL CO.:

Gents—I would like to make known to those who
are almost persuaded to use Kendall's Spavin Cure
the fact that I think it is a most excellent Liminent.
I have used it on a Blood Spavin. The horse went on
three legs for three years when I commenced to
use your Kendall's Spavin Cure. I used ten bottles on the horse and have worked him for three
years since and has not been lame.
Yours truly, WM. A. CURL

GERMANTOWN, N. Y., Nov. 2, 1889.

Dr. B. J. KENDALL CO.,
Enosburgh Falls, Vt.

Gents: In praise of Kendall's Spavin Cure I will say, that a year ago Lhad a valuable young horse become very lame, hock enlarged and swollen. The horsemen about here (we have no Veterinary Surgeon here) pronounced his lameness Blood Spavin or Thoroughpin, they all told me there was no cure for it, he became about useless, and I considered him almost worthless. A friend told me of the merits of your Kendall's Spavin Cure, so I bought a bottle, and I could see very plainly great improvements immediately from its use, and before the bottle was used up I was satisfied that it was doing him a great deal of good. I bought a second bottle and before it was used up my horse was cured and has been in the team doing heavy work all the season since last April, showing no more signs of it. I consider your Kendall's Spavin Cure a valuable medicine, and it should be in every reable in the land. Respectfully yours.

AN AMERICAN VENICE

The Cumberland Encroaches on the Streets of Nashville.

HUNDREDS OF PEOPLE HOMELESS.

An Unprecedented Rainfall Swells the Rivers of Tennessee and Mississippi at a Rapid Rate-Above the Danger Line at Memphis and Chattanooga.

NASHVILLE, Tenn., March 10 .- With the Cumberland river rising at an unprecedented rate and encrosoling rapidly on the lower section of the city, Nashville today looks like an American Venice. But a very dump, dismal and dolorous Venice it is, is between 1,500 and 2,000 people have been obliged to abandon their homes and seek refuge

on higher ground.

As viewed from the bridge the river is a vast angry torrent, spreading out over the lowlands. Nearly all the lumber yards are overflowed and in some a considerable loss will result. The river has trought out a vast amount of driftwood, and it is passing the city in great quantities. Merchants are busy removing goods from cellars and warehouses near the wharf to higher ground. It is estimated that between 300 and 500 annies in the city have been driven from their homes. At the police head-quarters many inquiries for shelter are eing made.

The reports from all points on the river show that it is rising everywhere and the fulness of the Ohio and Mississippi will prevent the Cumberland from running down as rapidly as it other-

Much Rain at Memphis, MEMPHIS, March 10. - The rainfall in this city and section of the south for the past two days is unprecedented. A dispatch from the adjacent country reports a heavy rain general. The entire ower part of Canton, Miss., is under water, and all trains on the Illinois Central road are delayed. Jackson, Miss. reports the Pearley river as having risen three feet in twelve hours and all trains delayed, no train having arrived from the south since Saturday. The Mississippi at Memphis is one and a half feet above the danger line.

Danger at Chattanooga.

CHATTANOOGA, Tenn., March 10.— The Tennessee river at this point has reached the danger line. Experienced river men predict that it will reach at least forty-five feet, which will over-flow much of the city in low lying places, cut off several railroads and for a time suspend the operations of sev-eral manufactories. The rainfall here for thirty-six hours is three and onequarter inches and extends up the river and in east Tennessee generally.

Steel Saws in Nicelys' Cells.

Somerset, Pa., March 9.-About a dozen steel saws, nine inches in length, were found in the cells of Joe and Dave Nicely, the notorious murderers, who are to be hanged April 2. The sheriff any disturbed over the discovery. and is at a loss to account for the saws and file in the murderers' cell. No one but the jail officials have been allowed to see or speak to the condemned men except their attorneys and relatives. and the latter in the presence and hearing of an officer. It is more than probable that the tools discovered were snuggled into the prison by relations of the condemned men.

An In orrigible Forger. Pittsburg, March 9. -A. S. Hodgson, or twenty live years a trusted emproye of Julie & ... raise i a check on the Central bank from \$11 to \$1,200. The ash was pail over without question and Hodgson took the first train out of the city. He raised a check Friday from \$25 to \$3,530 and got the money, but the firm discovered the fraudulent transaction before he had time to leave the city. He confessed, restored the

money and was forgiven. Skunks at Wholesale.

FLEMINGTON, N. J., March 9 .- Two funt rdon county men, Moses Bragg and Cyrus Conover, are about to estabsh a sattick fur it at Patterstown, about ive miles from here. The animals are to be raised for their pass and the projectors of the enterprise figure out a very handsome profit as possible. The neighboring far airs do not look upon the project with favor and will apply for an injunction.

The Presiden: Duck Shooting. Washington, March 10 .- President Harrison left yesterday afternoon for Benjies, Hartford county, M.L. for a few days duck shooting. His only companion was Casely Locally, his faithful do except at the Waite House, who goes along to act as Certer is an f keep prying reporters away. The president will probably remain at Benjies until Thursday or Friday.

Congress Adjourns. WASHINGTON, March 4 .- The Fiftyfirst congress adjourne I sine die at noon today, after passing all the regular appropriation bills, the copyright, sabsidy shipping and French spoliation bills. With Mr. Burrows in the chair of the house, Mr. McKinley offered a vote of thanks to the retiring speaker. Mr. Mills called for the yeas and nays and the resolution was passed by a party vote—152 to 116.

Al. Johnson Sells Out. CLEVELAND, March 10 .- Last night a deal was completed between Albert L. Johnson and J. Palmer O'Neil, of the National League, whereby the former sells out for \$30,000 cash all his property in baseball. This includes the contracts with Cincinnati and Cleveland players, the ground leases in both cities and all other things connected with the

Eight Fainted in Church. Norwich, Conn., March 9 .- Yesterday morning several persons were pros-trated by coal gas during services in the Lutheran church. Rev. Mr. Schaeffer was the first affected and one more present followed until eight fainted. They were taken to their homes and soon recovered.

Bonebrake, ex-Governor George C. Perkins, Gen. N. P. Chipman and ex-Senator A. P. Williams. PENNSYLVANIA LEGISLATURE the Wheels of Government

Revolve at Harrisburg. HARRISBURG, March 3.—It. the house Mr. Burdick, of McKean, called up his resolution placing his oil bill on the calendar, and a long discussion ensued. The resolution was defeated by a vote of 84 yeas to 97 nays.

HARRISBURG, March 4.—In the house Mr. Fow. of Pailadelphia, introduced a bill establishing a license court in Philadelphia. 134 1115 its power and duties, The calendar of bills on third reading and final course to the calendar of bills on the calendar of bills of bills on the calendar of bills of bills on the calendar of bills of

and final passage was taken up. Mr. Riter's bill limiting to \$5,000 per year the amount of the collateral inheritance tax to be retained by registers of wills passed finally by a vote of 110 to 64. The bill to tax anthracite coal lands and to create a fund for the relief of persons injured, maimed or killed in the employ of individuals, firms or corporations engaged in mining anthracite coal also passed finally by a vote of 109

Senator Porter introduced a bill defining the status of fraternal societies paying benefits upon the sickness or death of their members by mutual assessment, and exempting them from taxation and from the supervision of the insurance commission.

There was an interesting debate on the bill to prevent the sale of intox icating drinks on Decoration day. Speeches in support of the bill were made by Senator Showalter, of Butler, and Senator Lloyd, of Cumberland. The measure was passed by a vote of 28 to 10.

HARRISBURG, March 5.—In the senate

Mr. Robinson arose to a question of privilege and read an editorial which claimed that he would have to resign either his seat in the state senate or his position as congress nau. Senator Robinson made a carefully prepared speech, in which he said that he proposed to remain in the senate until the expiration of his term. His position, he said, gave satisfaction to his constituents and himself. They do not desire Delaware county to be unrepresented when legis-lation affecting the interests of that county might arise at any time. He quoted a number of precedents to establish the justice and wisdom of the position he had taken. The senator said that his original intention was to resign on March 4, but an examination of the authorities convinced him that he would not become a member of congress until he took the oath of office.

The senate by a vote of 21 to 9 re-fused to confirm the nomination of Henry C. Deming to be quartermaster general. The act reimbursing the several counties of the commonwealth for the re-erection of county bridges which were swept away by the flood of 1889

was passed finally.
In the house Mr. Johnson stirred up the committee on education, charging them with neglect of duty in failing to report the bill for free text books in public schools. The first section of the liquor bill, which allows the successful applicant for a liquor licease to obtain his bondsmen, within the county, in-stead of confining him to the ward or district as under the present system. The second section, which seeks to place at \$300 the retail license fee in third class cities, the amount contem-plated in the Brooks bill, but which was made \$500 by a decision of the was agreed to without a division, and the bill passed second reading.

HARRISBURG, March 6.-The house committee on education cleared its docket and reported all the bills it has had under consideration. The free text book bill introduced by Mr. Elwood was reported affirmatively. The two other free text book bills introduced by Mr. Johnson (Luzerne) and Mr. Little were reported with negative recommenda-tions. Mr. Fow's supplement to the blue laws of 1794 was reported negatively by the committee on vice and immorality.

The calendar of bills on second reading was taken up and a number of bills passed, including the bill introduced by Mr. Stewart to prohibit sparring or boxing matches for money. The act amending the revenue tax law, increasing from one-third to one-half the amount of state tax to be returned to the counties. The employers' hability act passed second reading. The bill holds em-ployers liable for injury to employes caused by negligence of superintendents or others in authority over workmen. The governor sent in the name of Valter W. Greenland, of Clarion Walter county, to be quartermaster general. The senate went into executive session and promptly confirmed the nomina-

HARRISBURG, March 5 .- The house adopted Mr. Branson's resolution complaining of the English sparrow as a destroyer of buds and blossoms and directing the speaker to appoint a committee to investigate the subject. The resolution was afterward laid on the table. The bill requiring real estate title insurance companies to set aside a reserve fund was favorably reported.
The bill to permit the catching in nets
of eels, catfish, suckers and perch was
defeated. The calendar of bills on first reading, which was very lengthy, was cleared, and the house adjourned until 8 o'clock Monday evening.

Miners Win a Costly Victory. PITTSBURG, March 7.—The long strike of the coal miners of the Monongahela Valley has ended in a complete victory for the men. The operators met here and decided to concede the demands of the strikers for an advance in the min-ing rate of one half cent per bushel and resume work on Monday. The strike was one of the longest and most determined ever known in this section. It lasted ten weeks and the 6,000 lost in wages alone over \$1,000,000. The absence of this great sum of money in the Valley caused great inconvenience and actual suffering.

Philadelphia's Costly City Hall. PHILADELPHIA, March 9,- A statement was issued by the building com-mission, showing that the actual cost of the Public buildings up to the present time has been \$14,119,570.27. The building is still in an unfinished state. not more than one-third of the 600 rooms in it being in use. City councils have become stirred up over the matter. The building commission is answerable only to the legislature, and the conneils have passed resolutions asking the legislature to abrogate the commission.
