Related By Governor Curtin.

The recent escape of prisoners from the jail at Bellefonte, has set the old, war Governor's tongue, 'a waggin', and to a reporter of the Harrisburg Telegraph he is credited with having related the following from 'his abundant store of anecdotes and reminiscences:

At one time the Centre county jail had but one occupant besides the sheriff and he was permitted to have the freedom of Bellefonte. Every evening after supper the prisoner would be set at liberty and enjoined to be back by 8 o'clock. Several times he didn't get in until after the stated hour, and the jailer had to hustle out of bed and open the door for him. This made the jailer angry and one night when the prisoner was down town after eight o'clock he refused to let him in. After knocking and knocking and getting no response the prisoner's ire was aroused, and he hurried down to Lawyer Curtin's house to see if something couldn't be done. "What can you do?" asked Curtin, "he has locked you out, and he can keep you out." "Yes, I know that," said the barred-out prisoner, "but I'd like to know, Mr. Curtin, if you can't go to the judge to night and get a writ of mandamus to compel him to take me in?" This was too much for Curtin and he sent the fellow away. History records that the prisoner slept all night on the jail steps and never was late at night after that.

Wire Fence Building.

Farmers should bear in mind that the spring and fall season of the year, is the time to build barbed wire fence; for the reason that the wire during extreme warm weather expands very materially the construction of which in extreme cold weather causes it to break or snap. If the fence shall have been built in extreme cold weather the wire will expand and sag during the warmer seasons; therefore the best time to build a fence is in moderate, cool weather. The wire fence recently built on the line of the Bald Eagle Valley Railroad, demonstrates that the link barbed wire made of steel is the best wire made for fencing purposes. The link wire is sold by McCalmont & Co., of Bellefonte, at lower prices than this wire has ever been sold heretofore.

Farmers will promote their own interests by examining the fences built of the different makes of wire and consulting McCalmont & Co., concerning the prices of the same.

Hicks' Predictions for April.

Clear, frosty weather will follow the storms of the 1st and 21, until on and about the 5th it will turn warmer, with cloudiness and rains. The 9th and 10th is shown in the calendar as the next storm period. April rains, scattering hail storms with snow in the north may be expected. Frost and cold will follow April showers will gather into wider and heavier storms about the 16th and 17th. The 23d, 24th and 25th are regular storm days, in which some active rain and hail storms will occur. A very warm atmosphere, with restless electric clouds, may admonish of possible danger. In the north snow need not surprise, followed by the regular fall of temperature, perhaps to freezing. There are reasons to expect very active, reactionary storms on and about the 23d and 29th. April ends cool to cold.

Pearls.

The mud is drying to the delight of all. The grain fields have suffered no damage yet this spring.

Most of the fitters have gotten fixed and begin to feel at home. Jim Zeigler, after several years' absence, has turned up here, and all are glad.

Mr. Romig, recently a Nittany valley farmer tells us the surest way to exterminate Canada thistles is to pull 'em up in wet weather, which brings the roots along. Follow up the pulling process about three years, and that ends 'em.

Mrs. Uriah Fleisher.

We regret to announce the death of the esteemed wife of Mr. Uriah Fleisher, which occurred on Monday. Mrs. Fleisher has been quite ill for a number of months from a disease of the stomach which caused her much suffering, but she bore it with true Christian fortitude until death called her to the land where suffering is not known. Mrs. Fleisher was a daughter of Mr. George Spangler. Her funeral will take place to-day, Thursday, at the Tusseyville cemetery.

F. and M. Alumni.

The first annual meeting and banquet of this association was held at the Brock ertoff House, on April 23. The meeting was called to order at 5.30 p. m., by the President, Prof. D. M. Wolf, of Spring Mills. The usual routine of opening was gone through with. A list of 66 Alumni eligible to membership in the association was reported. This was followed by remarks, on the part of several members of the association in reference to the appropriateness of giving any surplus monies arising from the regular fees, to the library fund of Franklin and Marshall College. After hearing reports from officers and committees, the meeting adjourned, until after the banquet, so that the members might attend the entertainment given in the opera house, by the Glee Club of Franklin & Marshall College.

Including the Glee Club and invited guests, about eighty persons partook of the banquet. The following toasts were responded to: "Our College," by Rev. John Stahr, President of Franklin and Marshall College, who spoke at length on the work being done by the College at present, the improvement that has been made within the past few years in the various departments of the College.

The Hon. John Cessa, of Bedford, responded to the toast, "The Board of Trustees." His remarks had reference to the finances of the College, of which he spoke encouragingly. Jacob Good, esq., of Altoona, responded to the toast, "Marshall College." Mr. Good spoke of the methods of instruction at Marshall College, and the relative advantages afforded for the attainment of a higher education in these days as compared with the time of his school days. Hon. Judge Furst, of Bellefonte, responded to the toast, "The Bench." The Hon. judge's remarks were interesting and much appreciated by all present. Rev. Eisenberg, of Centre Hall, in his response to the toast, "Our Adopted Brothers," advocated the necessity of the cooperation of the Alumni for the support of the College.

Mr. Irvine, Captain of the Glee Club, responded to the toast, "The Glee Club." After volunteer responses by Messrs D. C. Keller and C. M. Bower, of Bellefonte and a song by the Glee Club, the banquet broke up and the members of the association reassembled in their room to the work of the business meeting and adjourned to meet again at Altoona at such time as shall be named by the executive committee of the association.

The occasion throughout was highly enjoyable and one long to be remembered by those who participated in it. C. R. NEFF, Secretary.

The Enemy in Ambush.

Every one knows that at this season of the year disease lies in ambush, ever ready to pounce and prey upon the weak. And any fairminded person will tell you that the only safeguard lies in keeping the system thoroughly keyed up by the use (not abuse) of a reliable stimulant. Hundreds of tonics are advertised for this purpose, but experience shows that a pure rye whiskey is the only one to be depended upon. Max Klein's "Silver Age" and "Diogenes" brands are sold under a sworn guarantee of absolute purity; an affidavit accompanies each bottle. "Silver Age" sells for \$1.50 and "Diogenes" for \$1.00 per full quart bottle. The difference in price makes the difference in price—both brands are warranted to be unadulterated.
