From the mountains east of here, on the north side of the valley there was also smoke seen, no doubt from fires. —On last Saturday night some unknown scoundrel entered the stable of Jacob Kemmerer, the well-known stockman of Franklin township, Blair county, and poisoned three stallions valued at \$4,500. Having completed his dastardly work, he made good his escape without being detected. On Sunday morning, when Mr. Kemmerer arrived at the barn to feed his stock, he found three of his horses very sick and apparently in great agony. They refused to eat any of the feed he offered them and exhibited signs of poisoning. A physician was called and they will recover.

NEW RAILROAD TRUNKLINE.

Engineers Surveying the New York, Bloomsburg and Western.

Engineers in the last two or three weeks were on the search for a new trunk line from New York to Chicago, and struck the eastern end of Centre county.

The new line leaves the Lehigh Valley road at Manch Chunk, and strikes Bloomsburg, thence down the river to Lewisburg.

The corps of engineers started at Lewisburg and entered the mountains north of the Brushvalley narrows, and came out at a point near Stover's in the east end of Miles township. From there they struck across to Sugar Valley, close to Tyersville, and will aim for Washington Furnace, thence for Mill Hall and on to the mouth of Beech Creek to Clearfield and Punxsutawney; thence west going north of Pittsburg to reach Chicago—making an air line between New York and Chicago, regardless of towns between these two great cities.

This new trunk line will be 240 miles shorter than any other line between New York and Chicago, and will use the Lehigh Valley road from New York to Manch Chunk, with several links west already in operation, to fill up the line, in addition to the new sections to be built from Manch Chunk to the Ohio line.

North of Millburg Nittany mountain will be tunneled.

A trunk line like this, 240 miles shorter to Chicago than any other route, will be a lively competitor to the other trunk lines west. The company, as the Reporter is informed, intends to have this air line completed in time for the Columbian exposition in Chicago, in 1893.

When built it will bring that vast lumber district, known as the Brush valley Narrows, into market, and as some of the Reporter's readers are owners of timber lands in that section, this information will make them feel richer.

Stiver-Mingle.

The marriage of Prof. P. O. Stiver, of Orangeville, Illinois, to Miss Effie Mingle, daughter of Mr. S. G. Mingle, of Lock Haven, was solemnized at the Evangelical church at that place on Tuesday afternoon, 21st inst., at three o'clock, Rev. Hallenbaugh, pastor of the church, performing the ceremony. The groom was formerly a resident of near Potters Mills, being a son of Mrs. Stiver, on Church street, Centre Hall, but moved to his present home in the west about fifteen years ago, and is now serving his second term as County Superintendent of the schools of Stephenson county, in the state of Illinois. He is a young man of integrity and promise, and has secured for his wife one of Lock Haven's best and most accomplished young ladies. Miss Mingle was educated at the Normal and is also a graduate from Christies school of business a few years later. Mr. and Mrs. Stiver started immediately after the ceremony, for their western home, Orangeville, where they will reside in the future.

Dead in Boston.

A young lady was found dead in one of the rooms of Parker House, Boston, last Friday. Investigation showed that she was Miss Bertha Everett, of Philadelphia, this county, a daughter of T. R. Everett, of this place. Thursday morning last Bertha left for Haverhill, Mass., to live with a married sister, Mrs. Horace Daniels. Her father purchased a through ticket for her and accompanied her as far as Tyrone.

At Tyrone he overheard two gentlemen say they were going to Boston and making their acquaintance obtained their promise to see that Bertha reached Boston all right. Nothing more was heard of her until Monday evening when a dispatch came announcing her death. The idea of suicide is scouted, while the belief that the young lady met with foul play is rapidly gaining ground. One report is that Bertha was suffocated in her room at the hotel from having blown out the gas.

Caught Firing the Mountain.

On Monday a man and a boy were arrested and taken to jail at Bellefonte, for setting fire to the mountain in the Narrows, beyond Woodward. Another party detected them in the act, and information was made before a justice and a warrant issued for the arrest of the party. The penalty is imprisonment and a fine not exceeding \$1000. If an occasional example is made of parties guilty of starting these destructive fires, it will have a healthy effect.

And Another Railroad.

In case the New York and Western railroad is built, to strike the eastern end of Miles township, the Pennsylvania railroad will build a branch from Coburn to Brush valley to retain that traffic. This would make Brush valley hunky dory—two railroads.

They Come With Spring.

Now is the time for the farmers to keep a double handed club convenient, for the lighting rod man is moving this way; and also "flim flam" insurance man, bogus horse buyers, and the patent fence swindlers. Give them a warm reception.

New clothing, new hats, new furnishing goods, everything new for the coming season is now opened and ready for your inspection at the Philad. Branch, Bellefonte.

Court. Court convened on Monday. There was no business of special importance.

Judge Furst very properly impressed it upon constables as a duty that they report all violators of the fish laws, fishing with nets, etc. There is a great deal of that kind of work and the gully ones, if brought into court will find themselves worse scooped in than the fish they unlawfully scoop in with nets.

The young man, Frank Charles and Craig Crossmore, of Milesburg, in jail, charged with train wrecking, were discharged for want of evidence against them. The next case taken up was that of Commonwealth vs. Henry Keen and Annie Keen, for assault and battery. Lizzie Keen, the daughter of Henry Keen, was the prosecutrix. This was a case growing out of an incident of Deputy Sheriff Wilson having gone to the home of Keen to recover some goods under a writ of replevin issued out of this court for the recovery of said goods which it was alleged belonged to Ida Keen, sister of Lizzie. The jury, after being out but a short time, returned a verdict of guilty in manner and form as indicated. Henry Keen was fined \$10 and to pay costs.

Commonwealth vs. Foster Fannan, a case of assault and battery, brought at the instance of Harry Burns, a dispute over the ownership of a bridle. Fannan found guilty.

Several cases of f. and b., with the usual result.

In the case of Commonwealth vs. Herbert Showers, William Weaver and Harry Royer, for malicious mischief, a suit brought at the instance of David Solt, of Zion, against the young men who participated in a serenade at the marriage of his daughter, the grand jury ignored the bill and put the costs on the prosecutor.

The entire Tuesday afternoon session of court was taken up with the cases of the Commonwealth vs. P. B. Schwartz, for forgery, brought at the instance of one Robert Confer, from whom Schwartz had rented land on the shares. Confer accused the plaintiff of having maliciously signed his (Confer's) name to a contract that he had never seen. About a score of witnesses were called pro, and con, and the case went to the jury about five o'clock.

They returned a sealed verdict of guilty against Schwartz and not guilty against Mrs. Schwartz. Dr. Hibler, D. F. Fortney and J. W. Gephart, Esqs., were appointed a commission in lunacy to examine into the sanity of one Alex. Grimes, who pleaded guilty to the charge of setting fire to woods.

In the case of Commonwealth vs. Charles and Ceasar Laforte, charged with putting obstruction on the railroad track, out near Osceola. On a motion of the district attorney a nolle proes was entered on condition that the defendants pay the cost.

This completed the list of criminal cases when the civil list for this week was taken up. The grand jury completed its work and was discharged on Tuesday afternoon. Their report in substance is about as follows:

REPORT OF THE GRAND JURY.

We beg leave to report that we have visited and inspected the county building, and find the locks at the jail worn out and insecure, and recommend that the commissioners at once replace the old locks with new and secure ones. We find the gates in fence in front of jail, the grate in the kitchen range, the roof on the watch hall and the cess pool in jail yard need repairing, and recommend that the commissioners at once make such repairs as necessary.

We would also call attention to the water closet in rear of court house, as it is our opinion a nuisance in its present condition and should be removed and replaced by one more suitable for the place.

We find the office rooms in court house in a fair condition.

We beg leave further to recommend the provision of a room for the accommodation and comfort of female witnesses obliged to attend court.

At Rest.

The funeral of Mrs. Elias Leibach took place from the church at her home in Nittany valley. The funeral services were conducted by Rev. Mr. Deal, of the Lutheran church. After recovering from a severe attack of the grippe and in apparently good health she suddenly expired while kneeling at her bed on Thursday night, the 16th, at the age of 70 years, 5 months and 2 days. Deceased was a kind, devoted christian lady, respected and beloved by all who knew her. An aged husband, five daughters and twenty grand children mourn her departure, of whom all but three of the grandchildren were present many coming from a distance.

The family for many years were residents of Aaronsburg.

A Fire at Bellefonte.

A frame tenement house belonging to Gov. Beaver, on Lamb street, Bellefonte, was totally destroyed by fire on Monday evening. The house was unoccupied, and the fire was of incendiary origin. Two men were seen to emerge from the building a few minutes before the flames broke forth, but their identity was not discovered.

A Good Whitewash.

Slake one-half bushel of good unslaked lime with boiling water, covering it during the process to keep in the steam. Strain the liquor through a sieve and add to it a peck of salt, previously dissolved in warm water, three pounds of ground rice boiled to a thin paste, one-half pound of powdered Spanish whiting and one pound of clean glue, which has previously been dissolved by soaking it well and placing it over a fire in a large jack-kettle. Add five gallons of hot water to this mixture and cover it well and let it stand a few days covered from the dust. It may be kept in a portable furnace when it is applied for it must be put on hot. A pint of this mixture will cover a square yard of surface. Any coloring matter except green may be added, as green does not mix with lime.

A Fast Banner.

During a fit of temporary insanity Zeb White, a man of 60 years, who lives with his wife and one child at Julian, Centre County, got out of bed on Sunday night and ran away. Notwithstanding the fact that the parties in pursuit drove the distance between Julian and Snow Shoe, Intersection, eight miles, in less than an hour, the old man had beaten them by several moments, for he had aroused his son's household, and was then overpowered and held until he could be taken back. A number of bruises on his body indicated that he had fallen during the flight.

Haag Refused a License.

The application of Gottlieb Haag for a liquor license for his hotel at Bellefonte, and which has been held under consideration since license court in March, was refused in open court on Monday morning. Judge Furst in his decision on the question, gave reasons for refusing a license just about what has already been published in these columns as his opinion on the liquor license question.

DESTRUCTIVE FOREST FIRES.

GREAT DESTRUCTION WROUGHT BY THE FLAMES THE PAST FEW DAYS.

Reports from different parts of the county which though very meager, tell of the great destruction of valuable timber land, saw mills, etc. wrought by the flames of the forest fires, which are still unabated; causing a loss of thousands of dollars through this section.

Mountain Fires.

The atmosphere in this section has been very hazy and of a smoky nature this week, and was caused by the large fires on the mountains in various parts of the county. On the Seven mountains south of Centre Hall a large conflagration is taking place and a large area is covered by the flames. Valuable tracts of timber land are yearly destroyed by miscreants who endeavor to get rid of the low brush for hunting purposes by burning them out. A severe penalty is attached on the conviction of any party discovered firing the tracts, and a thorough investigation should be made and the guilty parties brought to time. The mountains just north of Bellefonte are also burning fiercely.

Kriders Sawmill Burned.

The mountain fire caused the burning of Kriders sawmill on Penns creek, at Paddy mountain, on last Tuesday. The tramroad was also burned, along with a large stock of lumber. The mill was a good one, and almost new. The loss no doubt is large. The mill belonged to P. B. Kriders & Son, of Bellefonte.

About one mile of tramroad was burned and about 400,000 feet of lumber. The loss of Kriders & Son is about \$8000, insurance \$6000.

Saw Mill and three Houses Burned.

The sawmill and three houses with about 20,000 feet of lumber, belonging to Beecher & Sober, in the Kettle, near Bear Meadows, were burned on Monday last. The conflagration was caused by the fire in the surrounding mountains. The smoke arose in immense clouds and was plainly visible from here and other parts of the valley.

Tramroads burned.

The tramroad belonging to the Nagel lumber operation, in the Bear Meadows, was burned on Tuesday, having been set on fire by the mountain fire raging in that section.

A large portion of John F. Duncan's tramway, opposite Paddy mountain tunnel was burned; by the mountain fires the other day.

Reports from all over the state of destructive mountain fires.

The Enemy in Ambush.

Every one knows that in this season of the year disease lies in ambush, ever ready to pounce and prey upon the weak. And any fair-minded physician will tell you that the only safeguard lies in keeping the system thoroughly keyed up by the use (not abuse) of a reliable stimulant. Hundreds of bottles are advertised for this purpose, but experience shows that a pure rye whiskey is the only one to be depended upon. Max Klein's "Silver Age" and "Duchess" brands are sold under a strict guarantee of absolute purity; an affidavit accompanies each bottle. "Silver Age" sells for \$1.00 and "Duchess" at \$1.25 per full quart bottle. The difference in age makes the difference in price—both brands are warranted to be unadulterated. You can get Guckenheimer, Knick, Gibson or Overholt from Mr. Klein at \$1.50. His stock of wines, brandies, gins, etc., is acknowledged to be the largest and choicest in the state. Goods shipped to all parts of the U. S. Send for catalogue and price list, mentioning this paper. MAX KLEIN, 22 Federal street, Albany, Pa.
