

FRANCE IN A FERMENT

Great Excitement Over the Killing at Fourmies.

DYNAMITE FOR THE SOLDIERS.

Labor Leaders Said to Be Laying in a Supply of the Deadly Explosive for Future Use—The Incident Leads to an Exciting Scene in the Chamber of Deputies.

PARIS, May 3.—The situation at Fourmies, Department du Nord, the scene of the fatal riot of May day, during the course of which six women, eight men and several children were killed and twenty persons seriously wounded by the soldiers, is one of the most exciting. Cavalry pickets will be stationed all along the route of the funeral procession of the victims of the May day massacre, for such is the term applied to the tragedy by the people of Fourmies. The cavalry along the route will receive instructions to act promptly and effectively in the event of any trouble arising.

Dynamite for the Troops.

So intense is the excitement of the working people that it is possible that the government will still further postpone the funeral of the persons killed. The state of opinion among the wage earners of the northern department can be imagined from the fact that many of the leaders of the workmen have departed for Belgium with the avowed purpose of collecting arms and dynamite wherewith to attack the troops.

A report has reached Fourmies that 300 kilograms of dynamite destined for the use of the people of that place has been seized.

To Investigate the Killing.

Two delegates have been sent from this city by the government to Fourmies to make a searching inquiry into the causes which led to the riot, and into the action of the prefect at whose command the troops fired upon the people.

In his report to the war department the commander of the troops at Fourmies assumes full responsibility for the action of his men on May day. He declares that the soldiers were ordered to fire only when it became evident that they were in danger of being either killed or disarmed. He also states that the mob was twice summoned to disperse before the fatal fire was delivered. A section of the Left and Socialist and Bonapartist deputies, joined in demanding a vote of censure against M. Constans, minister of the interior, as responsible for the slaughter. Parliamentary circles view the affair as shaking the position of the ministry. Labor centers throughout France are profoundly moved, and public meetings here and at Marseilles, Lyons and elsewhere are being organized to protest against the action of the authorities.

Minister Constans Assailed.

The chamber of deputies was yesterday the scene of a most exciting episode. M. Constans, the minister of the interior, having replied to a question with regard to the Fourmies massacre, was about returning his seat when he was bitterly assailed by the Radical deputy, M. Ernest Roche, who, springing to his feet, shouted at the top of his voice the word "Murderer." In a moment the chamber was an uproar, the members of the Right hurling execrations at the head of M. Roche, while the Radical deputies of the Extreme Left cheered and applauded their colleague.

Removed from the Chamber.

In the midst of great confusion the chamber voted an order of censure and expulsion against the recalcitrant deputy. No member had this been done than M. Roche, shaking his clenched fist at the heads of the Conservatives and making his voice clearly heard above the din, which had now become terrific, in stentorian tones denounced them as "wretches worthy of his master."

Ohio's Bill Senator Presides.

COLUMBUS, O., May 3.—The two houses met yesterday morning at 9 o'clock and spent most of the time until 11 o'clock in receiving messages. The most remarkable incident in connection with the closing exercises was the seating of Maj. Palmer, the blind senator from Cleveland, in the chair, and he instantly recognized the members who addressed him by their voices. At 12 o'clock the session adjourned. Fifteen minutes later the house followed suit, and the sixty-ninth general assembly passed into history.

A British India Sensation.

BOMBAY, May 3.—A sensation has been occasioned in this city by the injuries to the bodies of two Parsi ladies who were found lying dead in a pool of blood at the foot of the University clock tower. It is surmised that they had fallen 100 feet, and that they had either committed suicide or been thrown down by Mohammedans, or had jumped off to escape their importunities. The alleged culprits have not been traced, and the evidence thus far obtained does not explain the mystery.

Imprisoned by His Sailors.

LONDON, May 3.—Capt. Weiss, of the German steamer Nestor, jumped into the sea off Dover and swam to a passing smack, and offered £250 to be taken ashore. He was landed at Dover, and informed the German consul that he had suffered from brain fever; that the crew of the steamer had kept him in irons until the vessel arrived in the channel, when they released him, but did not allow him on deck, and that he bribed a cabin boy to facilitate his escape.

Man and Wife Suffocated to Death.

ROCHESTER, N. Y., May 3.—Early in the morning flames were discovered in a two-story building on Nassau street. When the firemen had subdued the flames enough to enter the upper part of the building with ladders they found the bodies of a man and woman. Neighbors identified the man as being Herman Shephard and the woman as his wife. They had died from suffocation.

Rev. Dr. Bothwell Dead.

NEW YORK, May 4.—After two weeks of unparalleled suffering the Rev. Dr. George Bothwell, pastor of the Congregational church on Classon avenue, Brooklyn, died at the Brooklyn hospital last night. His death was caused by inhaling of a cork into the bronchial tubes. Several surgical operations and all that skill and science could devise failed to remove the obstruction.

KENDALL'S SPAVIN CURE.

The Most Successful Remedy ever discovered, as it is certain in its effects and does not blister. Read proof below:

KENDALL'S SPAVIN CURE.

Dr. R. J. KENDALL, CO., BELLEVILLE, Pa., Nov. 27, '90.
Gentle—I would like to make known to those who are almost persuaded to use Kendall's Spavin Cure the fact that I think it is the most excellent Liniment I have used since I first used it. I used it on a horse for three years when I commenced to use your Kendall's Spavin Cure. I used it on the horse and have worked him hard for three years since and has not been lame. Yours truly, W. M. A. CURR.
GREATNOTON, N. Y., Nov. 2, 1888.
Dr. R. J. KENDALL, CO., ENNEBOROUGH FALLS, Vt.
Gentle: In praise of Kendall's Spavin Cure I will say that a year ago I had a valuable young horse become lame, lock, enlarged and swollen. The horse was almost worthless. A friend told me of the merits of your Kendall's Spavin Cure, so I bought a bottle, and I could say very plainly that the bottle was used up. I was satisfied that it was doing him a great deal of good. I bought a second bottle and before it was used up my horse was cured and has been in the best of health ever since the season since last April, showing no more signs of it. I consider your Kendall's Spavin Cure a valuable medicine and it should be in every stable in the land. Respectfully,
EUGENE DEWITT.

Price—\$1 per bottle, or six bottles for \$5. All drug-gists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors.
