LOCAL ITEMS.

Mrs. D. J. Meyer is visiting in Rebersburg this week. Straw berries have been in market the last few weeks. Cherries are near ripe hereabouts and are quite plenty too. Daniel Bohn, of Lemont, was in town Wednesday morning. Charles Kurtz, of the Bellefonte Democrat spent Sunday at home. Mr. James Schofield, of Bellefonte, will take his departure for Ireland next week. Mrs. Daniel Kreamer, of Rebersburg, is again improving from her recent illness. Mrs. A. S. Kerlin has beautified her lawn by several flower beds in shape of stars. E. M. Huyett had the stately locust tree felled on the corner in front of his residence. Mr. and Mrs. John Camp, of Milkroy, Pa., are visiting their son, W. R. Camp, in Centre Hall. Mrs. Flora Bairfoot left Wednesday morning for a trip to Philadelphia, Hanover and other cities. The Bellefonte Daily News continues to grow brighter and more new every issue, and is a credit to the town. New cabbage has made its appearance and is not deemed as economical as a filling for a stomach of a slim purse. All crops have taken a new start—since the recent rain, and an abundance of everything seems ahead. Commissioner Jim Strohm took a week's vacation, spent the time with his parents and relatives in and about Centre Hill. Cyrus Brumgard's massive form, of Millheim, circulated among friends, which are many, in Centre Hall, on Tuesday. George Benner has removed his store building from across the street to the foundation on his lot in front of the station building. Mr. E. Graham, one of Bellefonte's oldest citizens, died on Tuesday noon. He was aged about eighty years and was the father of a large family. The friends of Dr. Laurie, pastor of the Presbyterian church of Bellefonte, before he left on his visit to Scotland, presented him with a purse of \$300. Street paving means substantial, lasting and well graded streets at some little cost at first, but a large saving of money in the end. The Mt. Gretna farmers' encampment will be held from August 16 to 22. Thirty acres of cleared space will be added to the area devoted to the exhibition of machinery. Miss Sue Neff, formerly of Centre Hill, but the past few years living at Freeport, Ill., arrived in this place last Friday morning for a visit among friends and relatives. A. P. Wieland has gone to Towlick, Indiana county, to take charge of the clerical work in the office of the Hughes and Guthrie Lumber Company. Phillipsburg Daily Journal. Bellefonte's flaring three sheet posters, heralding their celebration on the 4th of July, are meeting one's eye in different parts of the town. All Pennsylvania will turn out on mass on that day and as usual, our neighbor can expect a large crowd. The Bellefonte Furnace Co., whose plant has lain idle for many months will be put in operation again in a short time. The works will give employment to about 700 men. This move has been anxiously awaited by Bellefonte.

Supposed to be Wilson. Many arrests have been made the last few months for Wilson, the murderer of Harry Waterhouse, who escaped from the county jail some time ago, but all turned out to be the wrong man. In the last arrest made however, there seems to be grounds for thinking at last the right man has been secured. In our last issue we made mention of the fact that District Attorney Meyer had received information from Madison, Wisconsin, that a man was under arrest in that town who answered perfectly the description of Wilson, in height, weight, color of hair, tattoo marks, etc. Mr. Meyer sent as minute a description of the man as was possible to send and a request for a picture of the man confined there. On Tuesday morning Mr. Meyer received a photograph of the man, from the authorities at Madison, and it has been adjudged by all who have seen it, and those familiar with the countenance of the escaped murderer to be an excellent likeness of him. The features are identical and the description is exactly that of Wilson. He also exhibited some of Wilson's traits and refused to have his picture taken, and it had to be done under protest. The authorities at Bellefonte, if it will be remembered, were also unable to get a likeness of Wilson, as he baffled all attempts in that direction. A letter also accompanied the photograph in which it was stated that the man under arrest confessed to knowing all about the murder of Waterhouse and stated further that he knew the man who committed the deed and that he had seen him after his escape from jail. He explained the tattoo marks on his arms which were similar to those of Wilson's, as being put there by the right man after he got away, so that it would confuse the authorities and neither could then be identified. When he was informed his picture was wanted he said he would sooner have it sent in here than have a man come to Madison to identify him, as he had grown considerably heavier and they would be unable to recognize him from the likeness. If credence can be given the facts received from Madison, there is little doubt but that the man confined there is Wilson, and District Attorney Meyer will investigate still further and the probability is that some one will be sent out to Wisconsin to identify him. The general impression however seems to be that the right man has at last been apprehended and will speedily be brought to justice for his heinous crime. Judge Walls Dead. Judge John Walls, of Lewisburg, Union county, died Friday afternoon at 1 o'clock at the University Hospital, at Philadelphia, of heart failure. His son W. C. Walls, and Judge Baecher, President Judge Walls, son-in-law, were present at the last and they accompanied the body to Lewisburg. Twelve years ago Judge Walls had his right hand amputated, a cancer having attacked that member and which threatened to extend to the arm. Although 79 years of age when this was done, the Judge learned to write with his left hand and was able to conduct his business in that way without much inconvenience. Four weeks ago a cancer growth appeared on the right cheek and two weeks later the Judge had this removed by Dr. Agnew. He recovered apparently from the effects of the operation and was preparing to return home when attacked by heart failure to which he succumbed. He was 91 years of age and was looked upon as a landmark in the history of his county. Mr. Walls had been chosen Senator and Judge by the people of his county and district and was one of the most highly esteemed citizens of the interior of Pennsylvania. A Delegation. The Daily News says that word was received from Centre Hall that the young men of the place would like to get up a club of fanatics and go to Bellefonte on the fourth of July and participate in the celebration. It certainly would be a good idea to have such a delegation from this place represent our blooming town in the parade and there is the necessary timber among our young men to take such a thing in charge and carry it through. They will be sent an invitation and urged to come and will also be given a good position in the line of parade. See what you can do boys, and don't let Centre Hall be without representatives in the line of parade at Bellefonte's celebration on the Fourth. Fishing Party. A fishing party went down to Paddy mountain tunnel on Wednesday morning, composed of the families of Fred Kurtz, A. L. Katherman, A. H. Harter, W. E. Fischer and W. L. Kurtz; taking the morning train and returning in the evening. They were loaded with lots of good things to eat and—(there we pretty nearly gave the racket away.) and had a royal big time, bringing home a few fish which were accidentally caught. Give Lewins, Bellefonte, your order for spring and summer clothing and you will not regret it. Low prices and no shoddy. A full line of spring clothing has been received at the Philad. Branch, Bellefonte, and can be purchased at very low prices. One of the best cutters is in the employ of Lewins and a perfect fit guaranteed.

Will They Do It? Since the stone crusher is here and set up would it not be an excellent idea for the council to authorize the street commissioner to caver our street with crushed stone and fix them up in a somewhat decent shape? Several of them are simply in a horrible condition, especially through town to the depot. The road is full of ruts and large stone and in a shameful condition. It is still owned by the pike company who are brazen-browed enough to collect toll for same, and make no effort whatever to keep the same in a respectable condition. The council should bring them to terms or have them returned for collecting toll. Patience has almost ceased to be a virtue in this matter and the citizens have put up with it for several years in hopes this off their hands as should be done, as will be the case eventually, and repair it in general. Some no doubt will kick on the matter regarding the cost, but the borough as yet we believe, is not bankrupt and can stand the small item. No money can be spent by the council to a better advantage and to the approval of the citizens than taking this in charge and making it a credit to the town. Will the council act and voice the sentiments of the public in general? Let us have decent streets. We await the action of the council in this matter and earnestly hope they will stand up for the rights of the town. The Stone Crusher at Work. Street Commissioner Dauberman who has been at work on the new street to the depot, on Monday, put the stone crusher belonging to the pike company, to work smashing stone for the street. It chaws up the lime stone at a great rate and has a ravenous appetite which a force of about eight men seem unable to gratify. The street will soon be covered with the broken stone and from present outlook will be a creditable job. The small hill in front of Rob. Foreman's has been cut down about two feet and other parts have also been properly graded. The council shall also authorize the grading of the hill at the Presbyterian church and have the top lowered several feet. Fishing in Private Ponds. The following is the law relating to fishing in private ponds or streams: The act of June 3rd, 1875, under which private streams are protected is very plain on the subject. Section 21 provides as follows: "Any person trespassing on any lands for the purpose of taking fish from any private pond, stream or spring, after public notice on the part of the owner or occupant thereof, such notice being posted adjacent to such pond, stream or spring shall be deemed guilty of trespass, and in addition to damages recoverable by law shall be liable to the owner, lessee or occupant in a penalty of \$100 for every such offense." Providing For Emergencies. The Pennsylvania Railroad Company has made another departure in providing for emergencies. Broken rails are unavoidable and frequently cause serious delay to railroad traffic. To overcome the inconvenience attending such mishaps this company has conceived the plan of placing a spare rail, elevated to the height of about one foot by posts planted perpendicularly in the ground at every mile along its main tracks, ready for instantaneous use. Must Provide Seals. By a recent enactment of the Legislature, all justices of the peace will hereafter provide for themselves and use a seal of office, to be affixed to all affidavits, transcripts and other official papers. The seal shall be similar to the one used by notaries public, except that around the outer edge shall be the name of the justice, his county and the words justice of the peace. Not 56 in Centre Hall. While standing on one of our prominent thoroughfares, the subject of vacant residences came up for discussion. In looking about, eight vacant houses could be seen. Yet the Bellefonte landlords insist in extorting monstrous rents from the tenants. That is the way to build up a town.—Bellefonte Centre Democrat. Rare Occurrence. Four men happened to meet at Bellefonte and fell to discussing ages, and to the surprise of all, the four were born in the same month, March, of the year 1819. They were William Foster and J. B. Sauer, of State College; John Thompson, of Martha Furnace, and James H. Rankin, of Bellefonte. Finger Mashed. John Meyer was unfortunate enough on Monday to have his middle finger on the right hand badly crushed, at Linden Hall. He was assisting in loading a car of lumber and a heavy piece of timber fell upon his finger with the above result. To Wed. A marriage license was granted in Blair county to Rev. Frank W. Leidy, pastor of the Pleasant Gap Methodist Episcopal charge, and Miss Grace E. Burleigh, of Tyrone. Woodland Coal. Two car loads Woodland coal just received at Kurtz & Son's mill.

Sudden Death. The community near Madisonburg was shocked on Saturday morning by the intelligence of the death of Mrs. Yearick, the wife of Rev. Samuel Yearick, living in close proximity to Madisonburg. Mrs. Yearick had been out in the garden attending to some duties and feeling slightly ill, started for the house and seated herself in a chair and requested a dose of medicine from a member of the family. Her request was complied with, but little thought was given to any seriousness of her sudden illness and she was left alone in the room for a few minutes, when a noise was heard therein, and investigation revealed Mrs. Yearick upon the floor, having fallen from her chair to the floor dead. Death being caused by paralysis of the heart. She had not been in the best of health for some time, being troubled with a slight affection of the heart, but was not confined to the house. Her husband, Rev. Samuel Yearick, a retired minister of the Evangelical church, is at present time seriously ill with dropsy and is confined to his bed in consequence. The funeral took place on Tuesday morning and was one of the largest yet seen in that section. The interment being made at Yearick's church, about two miles west of Madisonburg. Four ministers of the Evangelical church acted as pall bearers. She was aged over sixty years. Mysterious Disappearance. On Friday May 15th, Alexander Stover, residing in Hartley twp., northwest of Hartleton, Union co., started away from home looking for a job of work. He went toward Buffalo mountain and inquired at several places for employment at burning charcoal, but was unsuccessful. He was last seen going in the direction of his home, about 4 o'clock in the afternoon of the same day. Since then he has not been heard of. His wife and relatives are greatly troubled by his mysterious disappearance. Good Looks. Good looks are more than skin deep, depending upon a healthy condition of all the vital organs. If the Liver be inactive, you have a Bilious Look, if your stomach be disordered you have a Dyspeptic Look and if your Kidneys be affected you have a Pinched Look. Secure good health and you will have good looks. Electric Bitters is the great alternative and Tonic acts directly on these vital organs. Cures Pimples, Blisters, Boils and gives a good complexion. Sold at J. D. Murray's Drugstore, 50c. per bottle. Bees Stop a Train. A swarm of bees, near Huntingdon, caused a temporary cessation of traffic on the Pennsylvania Railroad, last Wednesday. While a freight train was passing the farm of M. K. Myton above that city, a swarm of bees settled in the cab of the engine, driving the engineer and fireman from their posts. After the train had been stopped a long line of freight was kept waiting until the owner effected their removal. More than a bushel of bees were in the swarm. Will Cement It. It was expected when the water company began excavating for their new reservoir in the mountain, that a clay would be struck which would make it unnecessary to line the reservoir inside to make it hold water, but they were disappointed and have met with earth only of a gravelly nature, which will not hold water. It will be necessary now to wall up the sides and cover the sides and bottom with cement. This will be an expense not looked for, but the company will do a good job of it and one that will last. Near Completion. The frescoing of the Presbyterian church is nearly completed in the main audience room and very pretty it is too. It was performed by knight of the brush, D. F. Luse, who has skill in that line. At a recent meeting of the building committee it was decided to cover the floor of the church with carpet. The next move to be made by our Presbyterian brethren will be for the purchase of a bell. For a New Trial. Messrs Kress & McCormick, attorneys for Charles Cleary, have applied for a third trial for their unfortunate client, who has been twice convicted of murder in the first degree. They have filed their reasons seven in number, for asking that Cleary should have another show for his life. Sentenced for Carrying a Revolver. At Williamsport Judge Mayer, who is holding court for Judge Metzger, sentenced a fellow to the penitentiary for carrying a revolver on his person. The individual was considerably surprised, but the law forbids the carrying of concealed weapons. He will know better when he comes out of prison. Five Confirmed. Last Sunday morning Rev. Bankerville of the Presbyterian church, confirmed five new members into the Centre Hall congregation at Centre Hill. A Rolling Stone. Gathers no moss; neither does the dust light on the Philad. Branch's new stock of clothing for spring and summer, as customers keep it moving at figures which captivate all.
