The REPORTER was in receipt last week of a copy of the Atchinson, Kansas Daily Patriot. Upon a perusal we find floating at the head the name of William G. Hoffer, as associate editor. Will was a former Centre Hall boy, and son of Mr. George Hoffer who removed from this place some years ago and is now located at Huntington, Pa.

FELL DEAD ON THE STREET.

Hon. Chas. Wolf Suddenly Expires on the Street at Harrisburg.
Hon. Charles S. Wolfe, of Lewisburg, so widely known because of his independent and fearless position in State politics, while attending a meeting of the Pennsylvania commissioners of the World's fair at Harrisburg on last Thursday, was suddenly stricken with heart failure about 5 o'clock in the evening while walking along the street on his way to the capitol fell to the sidewalk and expired immediately.
The incident created the most intense excitement, and elicited the deepest regret from the crowd who gathered about his body, many of whom knew him intimately. Only an hour before he had been elected executive commissioner of the World's fair by the Pennsylvania commission.

Chas. S. Wolfe is a native of Union county a member of the bar of that county and a man who made much reputation in Pennsylvania politics. He was a member of the legislature from Union county, where he succeeded in uncovering the Pittsburg riot bribery bill and made himself famous for his independence. He was the prohibition candidate for governor and was instrumental in the work which elected Robert E. Pattison governor in 1882. As a man he was bold and frank in his public utterances, sincere in his personal attachments and brilliant in his professional acquirements. His sudden and melancholy death will elicit regret in all parts of Pennsylvania.

On account of the funeral all the factories, stores and public houses closed Monday afternoon and Lewisburg en masse turned out to pay a last tribute of respect to their distinguished and lamented dead. The funeral was held in the Baptist church at 2.30 p. m. Rev. J. T. Judd, assisted by President Harris of Bucknell university, and Rev. R. Conner, of Philadelphia, officiated. The pall bearers were Judge Boeber, Alfred Hayes, J. Thompson Baker, Merrill Linn John Duncan and Hon. H. P. Glover, and all members of the Union county bar.
The following members of the World's fair commission of which Mr. Wolfe had just been elected executive commissioner were present: Speaker Thompson Attorney General Stranahan, Senators Gobin and Emery and Joel Herr. About two thousand people overflowed the streets unable to get into the church among whom were a large number of workmen which class in the community most sadly mourn the loss of Mr. Wolfe. A meeting of the bar was held in the court house, Judge Boeber presiding. Addresses in memory of Wolfe were made by Judge Furst, of Centre county; A. W. Potter, of Snyder; Colonel D. S. Keller, of Centre; D. H. Pruyl, of Northumberland; Dr. H. Fry Gehart, of Union; Gundy Wolfe, of Union; L. H. Barber, of Carbon; and Howard L. Calder of Dauphin. Judge Ducher appointed a committee of the Union county bar to draft suitable resolutions for presentation at the September term of court.

Heavy Storm.
Tuesday afternoon a very heavy rain and thunder storm passed over town down the valley. It was preceded by a heavy wind which blew terrifically. Down the valley much damage was done, in the neighborhood of Spring Mills and Penn Hall. In the Pine woods just a short distance below Penn Hall the storm played havoc with the trees and many were torn up by the roots. The fruit trees also suffered to a large extent and much fruit destroyed. Many rods of fence were blown down, the fence posts being torn from the ground, and great amount of other damage done. It was the heaviest storm that section ever experienced.

Real Estate Sale.
Mrs. Ellen Rankin and Mr. W. W. Royer, executrix and executor of the estate of Adam Rankin, dec'd., late of Mifflin county, offer the valuable farm of deceased at public sale on Tuesday, September 22nd, on the premises, one mile north east of Potters Mills. The farm contains 107 acres of tillable soil and meadow land and will be an excellent opportunity to invest money. The farm is situated in a convenient neighborhood.

Must Hand Out The Box
Tobaccoists and others who deal in cigars would do well to closely study the law enacted by the last congress, in regard to the sale of cigars. The government law on the subject says cigars must be sold to the customer direct from the properly stamped box. A dealer who takes out a handful of cigars and lays them before the buyer to choose from, makes himself liable to a fine of \$100.

Hamilton Attempts Suicide.
W. H. Hamilton, the Houtzdale bank teller, in jail awaiting a trial for embezzling \$40,000, attempted to commit suicide by taking poison. The sheriff and jail officials are very reticent, and will give out no information concerning the report other than to say that Hamilton was very sick and came near dying.

Notice.
Chief Burgess, John Riter, has issued the edict which will positively prohibit all gambling within the limits of the borough. All apparatus discovered by the officers will be confiscated. He proposes to prohibit all games of chance, wheels of fortune, etc.

A Deserted Village.

Clinton county has a veritable "Deserted village" within her border; but instead of being a village of the plains it is located on the hills and is known by the name of "Revel Town." At one time it was a thriving town of about sixty houses, and now there is not a living soul to be found within its gates. A handsome old English mansion, with its great rooms and its extensive wine cellar is now falling into decay, and cattle roam over its door sills and in its spacious porches at their own sweet will. This once beautiful residence was at one time the home of General John Revel, who died there years ago, and whose bones now rest in Highland cemetery. There is a magnificent orchard of fruit trees of all kinds that are weighted down with their harvest, and no one there to pluck off bounty. The village was at one time in the heart of a prosperous mining region, but owing to the location, and perhaps to mismanagement, the venture was unsuccessful. The mines were deserted and the village allowed to go to ruin. It is located on the heights, about seven or eight miles from the town of Beech Creek.

A Good Ordinance.
The ordinance passed by the town council relative to the repairing of board walks, has been one of the most commendable actions taken by that body. The walks in the borough were in a horrible condition, and dangerous to pedestrians, being full of holes, and what breaks had been repaired left them fully as dangerous as before, and action by the council became necessary before some one was maimed and a heavy suit for damages against the borough was instituted. Several falls resulted from the holes, but fortunately the victims were not seriously injured, but were slightly skinned up. All that remains now is to have the ordinance enforced and not allowed to become a dead letter, and the citizens will be satisfied. Enforce it.

Base Ball.
Base ball fever at present is rampant in Centre Hall and the boys have sent out several challenges, from which they as yet have not received any definite answers. A game was tried to be arranged with the Millheim club for Friday, but no response could be received from the challenge sent them and the game given up. The Annie Rooney's of Bellefonte wanted to play our team but the boys could not raise the guarantee asked. The club is deserving of better support by our citizens than that given. All equipment so far has been paid for by the club themselves.

BASE BALL GAME ON SATURDAY.
A game was arranged on Tuesday evening with the ball tossers of Pleasant Gap, for Saturday afternoon at two o'clock, on the grounds on Hoffer street, back of the foundry buildings. Pleasant Gap has a good team and we look forward to an interesting game between them and our boys.

An Unlucky Cow.
An exchange says: "A man in Jefferson county who had a sick cow wanted to get her up. Not being able to do so with his strength, he fixed a blanket under her, attached his hay carrier and hitched on the old horse, which had not forgotten the distance he had to go to deliver the hay and didn't propose to stop short. He drew the old cow up to the top of the barn, where the track carried her over an empty mow, when the blanket gave way and dropped her on the empty log, breaking every bone in her body."

'Twould be a Convenience.
If the railroad company would have a telephone placed in the station at Centre Hall, it would be a convenience greatly appreciated by our citizens and those of the valley. The station is situated quite a distance from town and it is very unhandy for one when a little information is wanted to have to trot out there. The business done at our station certainly will pay for the putting in of an instrument, and our business men and all would greatly appreciate it.

The 148th.
The Annual Reunion of the three Western Companies of Gov. Beaver's old regiment the 148th Pa. Vols. will be held at Indiana Pa. Aug. 27th a pressing invitation to the members of the other companies has been extended by Senator Sloan on behalf of the Western boys. Those desiring to attend can procure card order for tickets at excursion rates by applying to D. S. Keller, Bellefonte.

Sure to Catch Them.
Before the traveling man has left his hotel the newspaper advertisement has had an interview with the purchaser. The buyer may have been out of town that day, but somebody's newspaper advertisement was in his pocket. The county dealer may be located much "out of the way," but the newspaper gets there and gets attention. The canvasser may ring in vain, but the housekeeper is always "at home" to her favorite newspaper.

Good shoes, at very low prices can be found at A. C. Mingle's shoe store, Bellefonte, and a very large assortment to select from. He handles no shoddy goods and full return guaranteed.
Give Lewins, Bellefonte, your order for spring and summer clothing and you will not regret it. Low prices and no shoddy.

The Reservoir Finished.

The masons on Monday finished their work upon the new reservoir above town in the mountains. The sides and bottom have been covered with several coatings of cement which presents an appearance not unlike porcelain. The sides slope outward towards the top and the bottom is of convex form sloping towards the six inch water main which rises from the bottom. Thus all water will be of service in the reservoir and can be drawn out within one or two barrels, which was not the case in the old reservoir where about two feet of water could not be drawn off. The reservoir to a visitor greatly resembles a bath tub of immense proportions and is built with a view to substantiality.

Manager D. F. Luse is at work this week laying pipes from the spring down to the reservoir, a distance of probably one thousand feet. Two 2 1/2 inch pipes will be used as feeders and are sufficiently large to give adequate water supply. When the pipes are laid, the water will be turned into the reservoir and allowed to stand for probably a week when it will be drawn off and connections made with the main at the old reservoir. Much needless apprehension has been felt by some of our wise (?) ones as to the water supply at the spring and the danger of a water famine, but we can assure them that the water company have carefully considered every point and what has been done by them received careful consideration, so none need have the least fear that a water famine will be the result of the new works. If as expected, the water from the new reservoir will be turned into the main in about five or six days.

Building the Siding.
The work train and crew have been engaged the last week in grading for the new siding at the station. The fill is quite large and requires a great deal of earth. Part already has been laid with ties and rails near completed. The street crossing at the station has been moved about one rod down to conform with the change in street. When the siding is completed it will be nearly one mile in length and is thought will be sufficient for handling trains during the picnic.

Escaped from Jail.
James Welsh, awaiting trial for highway robbery, and Frank Waite, for criminal assault on a little girl, escaped from the jail at Holidaysburg. They wrenched bars off their iron coats and with them dug a large hole through a three foot stone wall, and with a rope made out of their bed clothes dropped twenty feet to the yard below, and then with a file, which had been furnished to them in jail by friends, filed the lock off the yard gate and made good their escape. There is a liberal reward offered for their arrest.

Arm Shot Off.
William Charles, clerk in the Central hotel, Lock Haven, last week was engaged in a friendly tussle with the porter of the hotel, when the latter picked up a gun which had been left in the room by another party, and not knowing that it was loaded, pointed it at Charles, "in fun," with the remark, "I'll shoot you." And sure enough he did shoot him, the ball penetrating the right elbow and almost severing the arm. Grave fears are entertained for the recovery of Charles.

Killed by Lightning.
On Tuesday afternoon Mrs. William Rebsen, resident of White Deer township, Union county, was struck by lightning and instantly killed while on her way from the house to a spring after water. She was aged about 40 years and leaves a family of children. The tin bucket she carried was more than half melted. Although this occurred near a large tree, it was not touched by the fluid. A sister of the deceased was killed by lightning about two weeks ago.

Poisoned by the Ivy.
Section boss, on the railroad, James Smetzler, has been confined for several days to his house from the effects of the poison ivy, which vine he came in contact with while working upon his section. He suffered excruciating pains from it, his face, hands and body being literally covered by the poison. He is gradually improving and it is hoped in a few days will be able to be out again.

Visited Bellefonte.
The Chronic Insane Asylum Committee visited Bellefonte a few days ago, and were royally entertained by a delegation of Bellefonte's business representatives. The committee was driven out to the only available location, near Pleasant Gap, and reported favorably as to the proposed location.

Penn Cave Campmeeting.
The camp meeting of the Evangelical association of Penns valley, will commence to-day, Thursday, in the grove near the Cave. A large number of tenters are expected and good attendance throughout.

A Rolling Stone.
Gathers no moss; neither does the dust light on the Philad. Branch's new stock of clothing for spring and summer, as customers keep it moving at figures which captivate all.
Cabinet's, \$1 per dozen.—Lenny's gallery, Centre Hall.

Farm Fertilizers.

The large yield of crops realized from the use of the fertilizers heretofore sold by us, is a sufficient guarantee of our claim that we furnish the most value for the money paid to us, for this line of goods.
Our Champion \$25.00, per ton, Ammoniated Bone Super-phosphate, is a complete fertilizer and has given an honest return for the money invested.
We guarantee more value for the money invested than is furnished for the same amount of money in any other fertilizer.

Lester's Ammoniated dissolved bone is a straight animal bone Phosphate, which gives satisfaction.
Crocket's Buffalo Ammoniated super-phosphate, has earned the claim made for it, an "Honest Fertilizer," which makes crops grow large yield, making the use of the "Buffalo" profitable to the farmer who invests in it.

Dissolved South Carolina rock, is one of the leading fertilizers; and its value consists in the percentage of available phosphoric acid it contains. Farmers will consult their own interests by learning the value of fertilizers before purchasing. We invite a careful inquiry as to the value of fertilizers sold by us. Car load orders receive special attention.

Merit Wine.
We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. J. D. Murray's Druggist.

Morris township, Clearfield county school directors have raised the salary of teachers to \$40.

Spots on The Sun.

Astronomers have discovered an extraordinarily large number of spots on the sun, and predictions are made of severe atmospheric disturbances. Weather predictions are an uncertain quantity, however, and there is no cause for worry. One thing is certain, Kleidon's celebrated brands of "Silver Age" and "Duquesne" pure rye whiskeys are selling in public favor every day. A reliable stimulant should always be kept in the house, more especially in summer, when sudden sickness is liable to attack us. "Silver Age" sells at \$1.50 and "Duquesne" at \$1.25 per full quart. Both are indorsed and prescribed by physicians. You can have Gibson, Elmer, Guckenshimer or Overholt at \$1.50 per quart, or six quarts for \$8.00. Try Klein's Blackberry Brandy, pure juice of the berry, \$1.00 per quart. Goods promptly shipped to all parts of the country. Send for complete catalogue and price list, mentioning this paper.
