

THE CENTRE REPORTER

FRED. KURTZ, Editor and Proprietor. TERMS:—One year, \$1.50, when paid in advance. Those in arrears subject to previous terms, \$2 per year.

IF YOU HAVE ANY DOUBT As to which is the most popular store in Bellefonte, where you can buy goods the cheapest, and be waited on promptly and in a modern business like way, ask any disinterested person and they will tell you quick, and without hesitation, at "THE RACKET."

DRY GOODS, NOTIONS, NOVELTIES, SHOES.

LOCAL ITEMS.

Who shot into the lamp? Cabinets only \$1 per doz. at Lenney's gallery, Centre Hall. Miss Edith Wolf, of Rebersburg, is visiting her aunt Mrs. D. J. Meyer. Mr. John Camp, of Milroy, spent several days with his son, W. R. Camp. Miss Emma Foster, of Millburg, is the guest of J. H. Olenker's family, at Old Fort.

TWO VICTORIES.

The Centre Hall Base Ball Club Dangles Two Scapils.

The Centre Hall base ball club are strictly in it, and have demonstrated to no slight degree that they can play ball. The Annie Rooney's, of Bellefonte, were scheduled to play our team on Friday afternoon, but the game was postponed on account of the heavy rain which fell, and playing was impossible.

As announced in our last issue, the game of ball with the Pleasant Gap team was played upon the Centre Hall grounds in Grauge Park. The game was called at three o'clock and the Centre Hall boys went to the bat. The first inning demonstrated the fact that Pleasant Gap couldn't play with our boys and a pile of runs were heaped up. Only six innings were played when the game was called and the result of the game was: Pleasant Gap..... 2, Centre Hall..... 29.

THE GAME AT MILLHEIM. Centre Hall was on Tuesday afternoon pitted against Millheim on the base ball diamond. Millheim, confiding in the muscular development of her team, and proud of the distinguished laurels won by several among her number, laid claim to cleverness that bordered on the invincible. Now all is changed. With ease and grace our boys covered themselves with glory, and Millheim lies trembling at their feet, while her scalp dangles from the belt of her antagonists.

The Millheim boys are a hospitable, agreeable, dandy good set of fellows and while they wrangled over points, about which there can be but one solution, and succeeded in losing the ball at a very opportune time—a sagacious rather than honorable trick,—they accepted defeat in a manly way and unreservedly acknowledged their inferiority. The players of the respective teams, the summary by innings, etc., are as follows: Millheim, Chas. Royer; C. H. Musser and Chas. Stambach, both of Aaronsburg; George Schure, New Berlin, Sim. Royer, J. B. Loss, C. O. Musser, H. C. Musser, P. H. Musser; Centre Hall, D. A. Booser, W. Stuart, Grant Meyer, C. H. Murray, J. M. Looney, F. Robinson, C. F. Deininger, S. P. Dinges, G. O. Berner.

Exhibitors at the Picnic. Under an arrangement with railroads shipments for the exhibition will be charged regular current rates to Centre Hall, but all such shipments, after the exhibition, if unsold and re-shipped, will be returned free to the original point of shipment, over any of the lines of the Pennsylvania railroad system by which they came. In addition to the above mentioned privileges granted, arrangements have been made by which all camp equipage will be carried free. Exhibitors will be charged a small entrance fee, which will entitle them to the free use of the telephone and other privileges. No exhibitor will be charged a less sum than 50 cents.

The Camp Meeting. The rush to camp meeting, at the Cave on Sunday, was great. Frequent rains rendered the ground unpleasant. Long's kept the only place for lunch and meals, and we guess Samuel took in a goodly supply of checks. Quite a number of young men were to camp with speakeasies in their pockets, which were betrayed by their speak-loud during the day and night. Shame, that there is no more respect for the Sabbath, and a religious gathering; still Satan will try, as long as the world stands, to get in his work where he sees good is being done. There were about twelve tents.

Size Him Up. The observant Boston Herald has found that a persons character may be read by his elbow. But bless you, that is not half the story. You can even tell a man's politics by his elbow—that is to say, if he's out at the elbow you know very well that his party is not "in it."

As an Inducement. The German government proposes to prohibit clergymen taking fees for baptisms or marriages. The government has set aside \$5,000,000 to pay the ministers. — Give Lewins, Bellefonte, your order for spring and summer clothing and you will not regret it. Low prices and no shoddy.

Session of Court.

Court convened on Monday morning at Bellefonte, at ten o'clock, with Judge Forst and associates Rhoades and Riley on the bench. The attendance was not large, as most cases are of petty stripes. The majority of the cases have been settled or continued. The constables made their returns and made satisfactory reports of their precincts. The usual number of applications, petitions, etc., were made by the members of the bar and were promptly disposed of by his honor, Dr. T. B. Potter, of Philipsburg, was chosen foreman of the grand jury.

The first case called up for trial on Monday was that of Com. vs. Wm. Raymond, on charge of larceny. Raymond last May stole a buggy and harness from Jonathan Scheuck, at Howard, and was arrested at Coburn and lodged in jail. He is a Gypsy. The jury found him guilty and the judge remanded him for sentence.

A Hungariau was tried for stealing a suit of clothes at Snow Shoe. The jury returned a verdict of guilty. The grand jury returned two true bills of indictment against Charles Miller, for assault and battery.

Romantic Wedding.

Miss Bertha D. Shrock, daughter of Mrs. Schrock, of Bishop street, Bellefonte, was recently married under romantic circumstances. It is that a former lover of hers, whom she refused to marry, drifted to Colorado, retaining a picture of the girl he had admired but could not marry. He showed this picture to D. G. Elliot, proprietor of machine shop at Monte Vista, that state, who was a widower. He was much pleased with the pictorial representation of the girl. He concluded that he would like to have such a looking girl for his wife, and consequently addressed a letter to her. She answered it, and the correspondence continued until a matrimonial arrangement was effected. Responsible parties on each side gave ample assurance of their respectability. Miss Schrock accordingly started for Colorado and was married to Elliot at Pueblo on the 4th inst.—Watson.

A Contemptible Trick.

A traveling band of gypsies were camping in the woods on the edge of town the last week and on Saturday evening one of them gave a public exhibition of trapeze performance, the trapeze being suspended from a rope stretched across the street at the hotel. He announced rope walking, etc., but faked the crowd, after a liberal collection, on a few feet on the trapeze. He announced another exhibition for Monday evening and exhibited a few venomous (?) reptiles and performed again on the trapeze. The crowd became disgusted and began to guff him, and he quit. Shortly afterward a terrific report was heard and his gasoline lamp began to swing violently. Some rascal had emptied the contents of a shot gun into the can in purely western frontier style. A vigilance committee should be appointed to hang the perpetrators.

Case of Charles Cleary.

The Lock Haven Democrat says the application for a new trial for Charles Cleary, the Renovo youth who slew officer Paul while in the discharge of his duty, is being argued this afternoon before Judge Mayer and his two associates, Judges Crawford and Clark. There was a mass of evidence read to the court, but nothing new was developed. Cleary looks well and apparently does not feel much concerned. He has had two trials thus far, and was convicted each time in the first degree. He doubtless feels that the longer the delay in his case the better his chances. What the decision of the Court in the matter of granting him a third trial will be of course nobody knows.

Will Give Exhibitions of His Skill.

Mr. C. K. Sober, the champion fancy shot of America, has again been secured by the picnic management to give daily exhibitions of his skill, during the picnic in Grauge Park in September next. Mr. Sober will be a great drawing card, and the manner in which he handles the gun never tires one in seeing. He is continually adding some new and different features to his already large programme, and for the picnic will make use of all.

Show in Town.

A company landed in town last Friday to play Uncle Tom's Cabin. They came by rail and showed under a large tent which was erected on Will Runkle's lot, near the station. The show was poorly patronized by our citizens and the troupe were far from making expenses. We did not see it, but those who did, were sorry they wasted the time.

A Centre Shot.

The Altoona Tribune makes the following centre shot: Did you ever notice that the most virulent slanderer of progressive citizens who annually spend thousands of dollars for the improvement of a town, is usually a fellow who never in any was contributed to the town's advancement either in material prosperity or in the spread of correct moral sentiment?

A full line of spring clothing has been received at the Philad. Branch, Bellefonte, and can be purchased at very low prices. One of the best cutters is in the employ of Lewins and a perfect fit guaranteed.

The Water Turned In.

Water was turned in the new reservoir on Thursday evening from the springs. The piping was completed a short time before, and all in readiness. Two lines of 2 1/2 inch pipe were laid from the spring, which is about 800 feet above the reservoir, and the two about 200 feet from the spring converge into one pipe which enters over the top of the reservoir and extends to the bottom where a T has been placed throwing the water out on both sides and keeping the sand from flowing into the main. The water was turned on at six o'clock and in thirty six hours the reservoir was filled to the top, which was sooner than expected. The piping of the main down to the old reservoir has not yet been completed, but a few days will only re-lapse until it will be, and then we will have water at a greatly increased pressure. When the reservoir was filled to the top a few cracks were found in the coating of cement, but they were closed up and no leaks can now possibly occur. The works have been visited by many and the basin has been greatly admired. It is a fine job and an enduring one.

The Truth Well Stated.

Who ever saw a wealthy editor of a county newspaper, who made his money in that business? asked the Bloomburg Columbian. They are as scarce as hen's teeth. And the reason is that he has invested in his plant from three to ten thousand dollars; his office duties are such that he cannot devote much time to any other business; he is obliged to pay his hands and all his bills for supplies in cash; and then he must send out his papers all over the county, and wait for his money one, two, three or more years, until it suits his subscribers to pay. The result is that instead of having cash on hand, he soon has several thousand dollars standing out, some of which he never gets, and often he must borrow money to meet his obligations. And yet there are people who think that editors have nothing to do but look for some way to spend the wealth that comes rolling into their coffers! How many farmers are there who are willing to sell any of their stock or produce on three years credit? Or how many mechanics are there who will do work for an editor, and wait that long for their wages?

Watch for the Meteors.

This is the period of the August "falling stars." The best place to look for them is towards the northerly section of the firmament, but they may be seen in any quarter of the sky and the best time is from 10 o'clock onward to about 2 o'clock in the morning. There was a display of Aurora borealis or northern lights one evening last week which was of unusual brilliancy. Flashing streams of light shot far across the heavens and the sight was visible for several hours.

Returned in Ill Health.

The many friends of Miss Beulah Strohm, in this section, will hear with regret the intelligence of the young lady's returning home to Centre Hill in very ill health. Miss Beulah held a position in a pension attorney's office at Washington for a year or more, but was compelled to resign on account of repeated hemorrhages of the lungs, which have greatly weakened her. She arrived home on Saturday.

A Big Time at Lock Haven.

Nearly all the preparations of the firm's big time, which is to be held in Lock Haven in September, have been completed. So far thirty-seven different companies have signified their intention of participating, and it is expected that fully sixty companies will be present. Arrangements have been made for the entertainment of the visitors, and they will no doubt be well taken care of, for the Lock Haven people are noted for their hospitality.

A Strange Coincidence.

A strange coincidence with the death of Mr. Wolfe is reported. His little girl, aged about 8 years, was playing in the yard during the afternoon and was seen jumping up as if startled by something, exclaiming: "Something has happened, I know it." She would not be pacified. Shortly after Mrs. Shorkley, a relative of the Wolfe family came in and announced the death of Mr. Wolfe.

To be tried in Union County.

The case of the appeal of the Lock Haven Bridge Company from the report of the viewers and their reward will not be tried in Centre county. At argument court last week an order of court was made directing that the trial should take place in Union county.

The Convention City.

Harrisburg will retain its old reputation as the convention city of the state of Pennsylvania. The Republican convention met there on the 19th inst., the prohibition will convene there on the 26th inst., and the Democratic on the 29th day of September.

Farm Fertilizers.

The large yield of crops realized from the use of the fertilizers heretofore sold by us, is a sufficient guarantee of our claim that we furnish the most value for the money paid to us, for this line of goods. Our Champion \$25.00, per ton, Ammoniated bone Super-phosphate, is a complete fertilizer and has given an honest return for the money invested. We guarantee more value for the money invested than is furnished for the same amount of money in any other fertilizer.

Lester's Ammoniated dissolved bone is a straight animal bone Phosphate, which gives satisfaction. Crocker's Buffalo Ammoniated superphosphate, has earned the claim made for it, an "Honest Fertilizer," which makes crops grow large yield, making the use of the "Buffalo" profitable to the farmer who invests in it.

Dissolved South Carolina rock, is one of the leading fertilizers; and its value consists in the percentage of available phosphoric acid it contains. Farmers will consult their own interests by learning the value of fertilizers before purchasing. We invite a careful inquiry as to the value of fertilizers sold by us. Car load orders receive special attention. McCALMONT & Co., Bellefonte, Pa.
