SERIOUS RAILROAD ACCIDEN'S

An Engine and Coach Ditched and a Number of People Killed.

EVANSVILLE, Ind., Sept. 1 .- A wreck occurred on the Cannelton branch of the Louisville, Evansville and St. Louis railroad yesterday, in which several lives were lost. The flange of one of the forward trucks of the engine broke while the train was running at the rate of about thirty miles an hour. train at the time was on a trestle, two miles from Troy, Ind. The engine passed over the trestle and plunged down the embankment. The train was a mixed one, the passenger ceach being next to the engine. The ceach followed the engine into the ditch and rolled over on top of it. It was occupied by about thirty people. The steam pipes gave way and the scalding steam entered the coach. Many of the passengers were women and children. Their screams were appalling. As soon as those who were slightly injured extricated themselves they began the work of rescue. All were getten out, but none escaped injury. Many were so badly burned that their flesh was cooked in places until it came off.

The scene of the wreck is isolated and the information is meagre. Only one telegraph line reaches it, and that has been down for hours. A physician at the wreck said the death list would probably reach ten or twelve.

#### A STEAMSHIP HORROR.

Collision Between Passenger Vessels Off Melbourne.

MELBOURNE, Aug. 29 .- A collision occurred early in the morning inside Fort Philip Head between the steamships Gambier and Easby. The former ves-sel was bound from Sydney, N. S. W., for Melbourne, and was just clearing the Heads when she met the Easby

The Easby struck the Gambier amidships, crushing in her side to such an extent that when she backed away the water poured into the hold of the Gambier in torrents.

Seven minutes after the collision the Gambier gave a forward lurch, her bows rose high out of the water and she sank stern first, carrying with her five saloon passengers, fifteen steerage pas-

sengers and six of the crew.

The Easby's boats remained for a long time in the vicinity searching for pos-sible survivors, but they found none. Considerable damage was sustained by the Easby, her cutwater being stove, her bows badly damaged and her headgear carried away.

C., Sept. 1.-By the steamer Empress of Japan, which beat the Pacific Ocean record by eight hours, news was received of a great typhoon in Japan that caused the loss of over two hundred lives. This typhoon struck the steamer on the evening of Aug. 16, and lasted till the night of the following day.

The German vessel H-lene Rickmers was driven ashere from anchorage and thrown high and dry upon the bank, where she now lies almost a complete wreck. Twenty or thirty of her crew are believed to have been drowned.

While the typhoon was in progress the lighters which were bringing her cargo and provisions were washed away, a number of men being drowned. Great damage to property and life resulted all along the shore. It is believed the loss of life will be over two hundred.

MONROE, Mich. Sept. 1.-John Wilkinson and his wife were brutally murlered by two tramps on their farm near here. The motive was robbery. They found the couple at home, and demanded from Wilson a sum of money. 10-year-old son of Wilkinson, who had been in an outhouse, heard the shrieks of his mother and gave the alarm. The tramps fled, but were hotly pursued by a possee of citizens, who caught them near Beeston. Their bodies were completely riddled with bullets.

## VICTORY COMPLETE.

Chile's Capital Surrendered to the Congressionalists.

BALMACEDA IS NOW A PUGITIVE

And Vicuna, Who Was Elected to Succed Him, Acknowledges Utter Defeat-Suppressing Disorder in Valparaiso-The Junta En Route

VALPARAISO, Aug. 31.—Santiago has been formally surrendered, the triumph of the Congressional party is complete and peace and quiet may be looked for in Chile before many days have passed. After the crushing defeat which Balmaceda's forces met with at the hands of General Canto's troops on the hills back of this city and the subsequent entry of the conquering army in Val-paraiso the fall of the capital was only

a question of time. The insurgent leaders intended to make it a question of only a very short as follows: The members of the executime, too, for active preparations were being made to send a force of men sufficient to overcome all possible opposition at Santiago as soon as the railroad could be repaired and arrangements made for the transportation of the troops.

All this was made unnecessary, however, for word was received from representatives of Balmaceda at the capital asking for a conference, with a view to surrender. The request was readily granted, and General Baquedano, who who was formerly commander-in-chief of the Chilian army, was designated to act for the Congressionalists. A meeting was held and the terms of the surrender were arranged. A few days more and the Junta will form a provisional government, which they insist must be recognized as the only legitimate government of Chile, and the work of reorganizing and rehabilitating the country can proceed.

When the insurgent fleet came into the bay the sailors were greeted almost as enthusiastically as were the soldiers when they entered the city. Senor Don Jorge Montt, chief of the Junta da Gobierno, came in with the fleet and took charge of affairs immediately on his arrival. At a conference between Senor Montt, Senor Martinez and the foreign admirals with Senor Viel, the late intendate, Senor Montt announced that the only terms he had to offer was the unconditional surrender of the city and

war. The terms were, perforce, accepted, and Senor Walker-Martinez was continued as intendante. The behavior of the insurgent troops since their entry into the city has been most exemplary. Perfect discipline has been maintained and officers and privates have endeavored to keep the unruly elements here in order. This is next to impossible, however, as the town is crowded with disbanded soldiers and

of all officers and troops as prisoners of

disorderly characters of all kinds. Many of them have visited the battlefield and sessed ther munition. Fights and riots are of constant occurrence in the streets and several people have been killed by the

rioters. Now that fuller details of the fighting are at hand it appears that the jealousy and bickering of Balmaceda's generals was largely responsible for the over-whelming defeat. They had no con-certed plan of action, and the battle was fought on their side with absolutely no regard for tactical advantages. Their men were brave enough, but they were, is is now pretty certain, simply sacri-

The total number of killed on the government side is now given as 700 men, and of the opposition 200. It is impossible to learn the number of

Vicuna Gives It Up.

Senor Don Claudia Vicuna, who was elected president to succeed Balmaceda, and who is now a refugee aboard the German flagship, acknowledges that the defeat of the government is final and that any further resistance would be simply a useless waste of force and destruction of life and property. This seems to be the general opinion among the adherents of the government here.

United States marines are stationed at the American consulate and will protect American interests. Similar action has been taken by the admirals of the other governments, and they will act in concert if necessary.

Washington, Aug. 31.—Senor Montt, the envoy of the Chilian Congressional-ists, received the following cablegram yesterday afternoon:

IQUIQUE, Aug. 30.—Don Pedro Montt, Washington: The junta of the Congressional government is en route for San-tiago today. ERRAZURIZ. tiago today. ERRAZURIZ.
Senor Montt explained that this meant
that the Congressionalists were about
to transfer their headquarters to the

capital instead of remaining at Iquique.

Washington, Sept. 1.—Official corroboration of Balmaceda's fall has reached the state and navy depart-

reached the state and navy departments. Acting Secretary Wharton received the following cablegram, dated Valparaiso, Aug. 30, 9.30 p. m.:

Balmaceda has turned over government to Baquedano and fled. Canto goes to Santiago tonight to assume control until arrival of junto from Iquique.

Good order here.
[Signed] "McCreery, Consul." [Signed] "McCreery, Consul."
Acting Secretary Soley also received the following cablegram from Admiral Brown, dated Valparaiso, Aug. 30:
"President of Chile has surrendered the government to the Chilean General

Baquedano, and he has left Santiago. Valparaiso well organized. The foreign forces have re-embarked.

[Signed] Brown."
The above is somewhat obscure, but it is interpreted at the departments to mean that the police force in Valparaiso is so well organized as to relieve the foreign admirals of further necessity for keeping their marines on shore duty.

Chile's Next President. London, Sept. 1.—It is reported here on the strength of statements made by the Congressional agents in Paris and London that Don Augustin Edwards will be the next president of Chile. He is one of the wealthiest if not wealthiest of Chileans, and in the earliest period of the insurrection he supplied funds lav-shly for the support of the revolutionary

FOR PROHIBITION.

Gathering of the Third Party Mon at Harrisburg.

HARRISBURG, Aug. 27.—The state pro-hibition convention convened in the Opera house yesterday morning, with upwards of five hundred delegates in atendance. There is a dearth of women delegates as compared with other years. Headed by the Bucks County Prohibi-tien band, the delegates, wearing blue badges and carrying small flags, marched to the hall. The convention opened with prayer by the Rev. W. B. Westlake, of Scranton. Chairman Patton read the call for the convention, after which W. W. Hague, of Warren county, was chosen temporary chairman, and Tally Morgan, of Scranton; J. A. Gus, of Boyersford; Richard Dewes, of Delaware, and S. C. Watt, of Cleveland, secretaries. Dr. C. W. Humtingdon, of Lycoming, was appointed charman of the

committee on credentials. The committee on organization, with J. S. McKee, of Butler, as chairman, reported that it had selected H. T. Ames, of Lycoming, as permanent presi-

The committee on rules reported that the state convention shall be composed tive and state central committees shall be ex-officio members; there shall be one delegate for each member of the house of representatives, and in addition one delegate for each one hundred votes or fraction thereof. The county conventions are given power to appoint

delegates and proxies. During the session Professor Samuel Dickie, of New York, national chairman, made his appearance on the stage, and was greeted with loud applause.

The platform, besides the usual planks

against the manufacture and traffic in intoxicating liquors, denounces the Baker ballot law, declares in favor of amended naturalization laws so that a naturalized citizen shall be allowed to vote within one year from naturaliza-tion, arraigns the Republican and Democratic parties for failure to execute the civil service laws, favors equal taxation on all classes of property, declares that revenues from imports of foreign pro-ducts should be so levied as to protect home labor against foreign labor, declares against monopolies and demands that the money circulation of the country should be ample for its trading in-terests and should be increased adequately to the growth of the business and population.

The platform was supplemented by a resolution opposing the opening of the World's fair on Sunday.

The nomination of candidates was next in order. W. W. Hague, of Warren, was nominated for auditor general by acclamation, and George Drayton, of Media, was nominated for state

treasurer. Appropriate resolutions regarding the death of the late Charles S. Wolf were unanimously adopted.

HAS GIVEN UP HOPE Ex-Congressman Scott Said to Be Rapidly Sinking.

ERIE, Pa., Aug. 31.-Ex-Congressman W. L. Scott is rapidly sinking. Dr. W. R. Pepper, of rived at Erie on Saturday, and after a consultation with other physicians de-cided that it would be advisable to take Mr. Scott to Newport if his life was to be saved. He will be removed this

afternoon in the

W. L. SCOTT. private car of President Newell, of the Lake Shore railroad. For the past two weeks Mr. Scott has been growing steadily worse, and seems to have given

up all hopes of recovery.

ERIE, Pa., Sept. 1.—Ex-Congressman
W. L. Scott passed a bad night and was
perceptibly weaker today. Doctors
Pepper and Brandes have decided that
it would be navies. it would be unwise to attempt his removal to Newport in his present en-

feebled condition. West Chester's Cigarette Victims, WEST CHESTER, Pa., Aug. 31.—Two roung men of this place became violently insane through excessive cigarette smoking, and one of them has died. The latter, Walter McBride, 33 years of age, became crazed and had to be strapped to his bed, and continued so strapped to his bed, and continued so until his death, the result, as his physi-cian declares, of the constant use of eigarettes. The other young man, Le-wellyn Quillen, was seized with acute hysteria. He is now lying tied down in his bed to prevent him from doing himself bodily injury, and constantly begs for cigarettes. His condition is critical.
