BU... D DEAD.

The Alliterative Phrase Which Gave Him a National Reputation.

SARATOGA, N. Y., Sept. 26.—Rev. S. D. Burchard, D. D., died shortly after 4 o'clock last evening. Dr. Burchard was prostrated with lumbago on Sunday. Monday he was more comfortable and hopes were entertained of his speedy recovery, but Tuesday the case was much aggravated and his recovery despaired of. Since then he has been slowly sinking.

Dr. Burchard, who was a New York clergyman, achieved national distinction in the campaign of 1854. The presidential canvass was nearing its close. A delegation of clergymen visited Mr. Blaine at his hotel in New York city. Rev. Dr. Burchard made an address, which was highly eulogistic of Mr. Blaine, referred to the Democratic party as the party of "Run, Romanism and Rebellion." The remark was instantly seized upon by the Democratic newspapers of New York and of the country, and "the three B's" were wielded as an effective campaign weapon by the supporters of Mr. Cleveland as going to show a religious prejudice on the part of the supporters of the Republican candidate in the pivotal state of New York. Many of Mr. Blaine's warmest adherents claim to this day that but for the bigoted alliteration of his clerical eulogist Mr. Blaine would have carried New York and thus been elected president.

Six Killed by Dynamite.

NEWARK, N. J., Sept. 25.—Six Italians were killed and twenty injured last night by the explosion of an improvised cannon. The Italian quarters were decorated with Italian flags and streamers, and the houses of the neighborhood were lighted with Chinese lanterns in honor of St. Roch. A number of fireworks was exploded. Among the latter was a piece of gas pipe filled with dynamite which was fired about 10:30 o'clock. Before the detonation had died away the air was filled with shrieks, cries and groans of pain from nearly thirty people who had been injured by the explosion of the gas pipe. The injured were taken to different hospitals. The bodies of the dead were terribly mangled and they are scarcely recognizable.

A Baron Sued for Divorce.

STOUK FALLS, S. D., Sept. 26.—Baroness de Stures, wife of the Belgian minister in Paris, has filed papers in a suit for divorce against her husband. The papers were served on the baron in Paris Saturday and he called instructions to an attorney to make a defense. The complaint recites that the baron and baroness were married in New York May 20, 1875, and that ever since the marriage the baron has pursued a course of extreme cruelty toward the plaintiff, and by fraud and false representation attempted to procure her incarceration in an insane asylum. It is asserted that the baron was anxious to secure control of his wife's estate, the annual income of which is estimated at \$50,000.

Big Fire in Philadelphia.

PHILADELPHIA, Sept. 29.—Nine firemen injured, two whole buildings collapsed and Delaware avenue from Arch to Race street a river of oil were some of the incidents witnessed yesterday in one of the most disastrous fires which has occurred along the river front since that memorable one of 1850, when nearly three whole blocks, from Callowhill to Race street and Front street to Delaware avenue, were destroyed. The fire started in the oil warehouse of Phillips & Cunningham, and quickly spread to neighboring buildings. The exact amount of the damage cannot be learned, but it is estimated that it will not exceed \$100,000 altogether. All the premises are insured fully.

Forests Levelled by Wind.

GRAND RAPIDS, Mich., Sept. 25.—It is learned that a most destructive storm has passed over the southern part of Beltrami county, felling an immense amount of pine timber and causing some loss of life. Whole townships are known to have been swept over, the timber being levelled as grain before the reaper. The chief of a surveying party in the woods was struck by a tree, and while being taken out via the Canadian country he died on the boat in the Lake of the Woods. If half that is reported is true there has been a damage to pine timber amounting to many thousands of dollars, and if not immediately cut the loss will reach many hundreds of thousand dollars.

German Soldiers Jubilant.

BERLIN, Sept. 29.—The speech of Chancellor Caprivi reiterating assurances of peace has not had much effect upon the public mind in view of the activity of military preparations. The soldiers hail with delight the prospect of getting rid of their heavy helmets, the distinguishing but uncomfortable mark of the German army, and the substitution thereof of cloth caps that will be much lighter. To this and other matters of detail affecting the personal comfort and efficiency of the soldiers the Kaiser has given direct attention and study, and the German army, transformed according to his own ideas, will present a totally different appearance from 1870.

The Duke of Cambridge May Retire.

LONDON, Sept. 29.—It is again reported that the Duke of Cambridge may resign his office as commander-in-chief of the forces. According to rumor, the duke's resignation will go into effect within a few months, he recognizing the fact that his increasing feebleness prevents him from fulfilling his duties.

TURTLE LAKE, Minn., Sept. 25.—Word has reached this village that the family of Mr. Nese, a farmer living a short distance out of town, consisting of himself, his wife and several small children, were hime in by prairie fire and no doubt burned to death, as no help could reach them.

THE RULERS CONFER.

The President Calls a Hasty Cabinet Meeting.

PROBABLY CONCERNING CHILE.

Minister Egan's Many Dispatches, Some of Them in Cipher, Lead to the Belief That There is Something Wrong—The Officials Extremely Reticent.

WASHINGTON, Sept. 29.—There was an important conference at the White House yesterday between President Harrison, Secretary Tracy, Assistant Secretary of State Wharton, General J. W. Foster and Commodore Ramsey. Secretary Tracy had been called from New York two weeks earlier than he expected to return, and he went at once to the White House on his arrival.

The conference lasted nearly three hours, and Secretaries Tracy and Wharton remained with the president for some time after. Naturally the circumstances gave rise to all sorts of rumors, and as the White House, state and navy department officials refused to speak about the conference or make any statement regarding it, many sensational reports were sent out to papers as to the nature of the cabinet meeting.

Egan's Many Dispatches. The most plausible explanation of the affair is that the meeting was called to discuss the situation in Chile. For the last day or two Minister Egan has been communicating with the state department with a frequency that was astounding compared with his former silence. The cables have been long as well as numerous, and following these was a long cipher dispatch received by the navy department yesterday from Chile.

Hitherto the dispatches received by the navy department have not been in cipher, and yesterday's telegram caused comment. The account published of the junta's action in arresting Americans in Santiago and the police espionage around the American legation, and Mr. Egan's protest, are perhaps subjects which the United States authorities in Chile have called to the attention of the officials here, and no doubt formed a large part of topics before the conference.

The Official Reticent. Secretary Tracy refused to discuss the subject of the conference, but he made the statement that the situation in Chile was not alarming, and the department would send no more ships there. Others who were at the conference are quite as reticent as Secretary Tracy about it.

One of these admitted, however, that there was nothing said or done at the conference that could be given to the public without injury to the diplomatic aspects of the matter. What caused the hasty summons they refused to admit.

The only United States vessel in Chile is the Baltimore. The San Francisco is on her way home. The advisability of sending other vessels was discussed, and Commodore Ramsey, chief of the bureau of navigation, who has charge of the movement of vessels, was present for the purpose of giving his opinion.

In response to an inquiry relative to the reports that a revolt had broken out among the troops at Santiago Senator Montt, the Chilean Congressional envoy at Washington, has received a dispatch from Senator Matta, the minister of foreign affairs, saying that "Peace has not been nor will it be disturbed, least of all by military revolts." There was no allusion whatever to the reported arrest of Americans in Santiago or of any action tended to harass Minister Egan.

Dr. Montt, without knowing whether any Americans have been arrested, discredits any and all reports to the effect that his government has or will treat men of any nationality in Santiago harshly or unfairly.

NEWARK'S MURDERER DEAD.

His Dying Declaration That It Was a Double Suicide.

NEWARK, N. J., Sept. 28.—Ernest Lehmann, the young lover who poisoned his sweetheart, Emma Buch, at her home on Ashland street and then took a dose of a Paris green himself, has defeated the law. He died on Saturday at St. Michael's hospital.

Lehmann made an ante-mortem statement to County Physician Wrighton, in which he persisted that Emma knew she was drinking poison. This, however, does not carry conviction in face of the girl's dying statement.

There is little doubt that it was a premeditated and cold blooded murder. Lehmann had been heard to say that he had a tall for himself and one for Emma. Again, it has been found that Lehmann purchased the Paris green in Elizabeth.

The funeral of the murdered girl took place yesterday afternoon, and a great crowd viewed the remains.

Emmons Blaine's New Position.

BALTIMORE, Sept. 29.—The visit of Mr. Emmons Blaine to Baltimore last week was made at the suggestion of President Charles F. Mayer, of the Baltimore and Ohio railroad. He was offered by the president and he accepted a position with headquarters at Chicago. It is thought President Mayer will make the formal announcement of the appointment this afternoon. It is understood that Mr. Blaine is to be an assistant to the president having general supervision over the western department of the Baltimore and Ohio.

Estle Stephens Returns.

LONDON, Sept. 29.—James Stephens, the former leader of the Fenians, has arrived in Dublin. It is reported that the government has given him a permit to remain during the rest of his life in Ireland or any other portion of the empire he chooses. In an interview he stated that he was a supporter of Parnell. He had not changed his mind as to the right of Ireland to be an independent nation, or the way in which that right should be enforced, but a majority of the Irish people having chosen to try constitutional agitation he acquiesced in their judgment.

No. For The Exposition!

The big Pittsburg Exposition opened in a blaze of glory on September 2nd, and all indications point to a successful close. Most of our countrymen will thus have an opportunity to show their hospitality in return for favors received. We learn with regret that Major Max Klein, owing to a press of business, was unable to arrange a display in this season, as in former years. Visitors to the city should by all means take a peep at his model establishment, No. 82 Federal street, Allegheny, which is within stone's throw of the Ft. Wayne and West Penn. depots. They can then return home with the satisfaction of having seen the largest and best equipped wholesale liquor store in the world—the headquarters of the makers of those world-famed brands of absolutely pure whiskeys, "Silver Age" and "Diplomat." The former sells at 50 cents and the latter at \$1.25 per full quart. Major Klein, it may be added, also keeps in stock "Bear Creek," "Glenburner," "Finnish," "Lion and Overholt," and the finest old whiskeys, brandies, wines, cordials, etc., Call and see him.
