Besides these the Catholic church has a seating capacity of about five hundred persons, and an average Sunday attendance of about two hundred. The borough contains about five thousand inhabitants and its suburbs about two thousand persons, whose place of worship is in the churches of the borough; consequently there are about seven thousand inhabitants out of which only about thirteen hundred attend church service on Sunday, leaving twelve hundred vacant seats in our churches on Sunday. Certainly these facts are food for thought, yet Bellefonte is a moral

Mrs. Geo. Krumbine Dead.

Saturday morning, at half past two o'clock, Mrs. Geo. Krumbine, of Bellefonte, passed away after a severe illness. She was the daughter of Mr. Patrick Dooley, a citizen of Bellefonte, and was aged only about 24 years. She leaves an affectionate and heart broken husband and one child to mourn her demise. Her funeral took place the following Monday morning from the Catholic church, of which she was a member. Mr. and Mrs. Krumbine, several years ago resided at Centre Hall, at the residence of Mr. Ezra Krumbine, but removed to Bellefonte, where George had secured employment. His many friends in Centre Hall deeply sympathize with him in this deep hour of affliction.

Late on Tuesday night William Pow. ley, conductor in charge of a freight train was standing on top of a box car as the of Lewistown, when some unknown person, presumably a tramp, approached unobserved and dealt a terrible blow that knocked him of the train. His assailant then dismounted and, running back, robbed the prostrate man of about \$22. Although Powley escaped being run over, yet he was severely injured by the fall, and it was found necessary to remove him to his home in Harrisburg: The police have hopes of capturing his wouldbe murderer.

Monstrous Pumpkins.

A REPORTER scribe was shown Tuesday, two monstrous pumpkins by Howard Homan, which were they placed on exhibition at any of the county fairs, would have the inside track on the first prize. The one weighs 125 pounds and is six feet three inches in circumference. and the other 100 pounds, and measures five feet two inches around. They were raised from one vine in Mr. Homan's garden and are of the sweet variety, and either one of them will keep a family in pumpkin pie until the next crop. We doubt if any one can beat these for size. If any party in the section has raised any which will set Mr. Homan's in second place, send in your account and we will give it publication.

Our across the way neighbor Jacob Harpster, was the recipient of a very uniqe hat rack one day last week, which arrived by express from Missoula, Montana, being the gift of his sons in that place. A Shocking Accident. The Philipsburg Ledger says on last Saturday 3rd, inst an infant child of Mr. Harvey Nelson died. The baby was prepared for burial and on Saturday evening the undertaker left a bottle of embalming fluid to be used on the face of the dead baby to prevent discoloration. On Sunday morning another little child of Mr. and Mrs. Nelson, Johnnie, aged 3 years and went into the room where the corpse lay, and getting hold of the bowl of fluid drank some of it and died in a few hours.

Serious Misshap. On Monday while Mr. Jacob Harter, of Coburn, was engaged in threshing grain, his son was overhead throwing sheaves down with a fork. As he was in the act of forcing a sheaf through an opening, his father stood below and was struck in the left breast by the fork, the prongs entering to the depth of several inches. At first it was supposed the lungs were penetrated, but this is incorrect. The injury is a painful and serious one, but we are pleased to learn that Mr. Harter is certain of recovery.

Another Swindler on Deck.

A clerical-looking middle aged man was canvassing among Pittstonians last week for subscriptions to a poultry journal, and among the other inducements he offered with the paper was that of a rooster of any breed the subscriber might choose. He received about fifty or more names, each paying \$1 for a year sub scription, and then left town. One of his customers became suspicious all was not right and wrote to New York and learned that there was no such paper published in that city as The Poultry Fanciers Friend.-Look out for him. he may head in this direction.
