#### THE EXTRA SESSION.

Pennsylvania's Senate Responds to the Governor's Cail. HARRISBURG, Oct. 21.-There was no

session of the senate yesterday. There is some speculation as to the length of time that will be consumed in the Boyer and McCamant cases. So far as the testimony is concerned, it will doubtless be all in in both cases before the close of the week Last night State Treasurer Boyer an-

nounced that he would pay the war-rants drawn by the presiding officer of the senate in deference to the opinion of the attorney general. This disposes of the money question, unless some one shall procure an injunction to restrain him from paying them, which is not very probable.

HARRISBURG, Oct. 22.—The inquiry

by the senate into the charges against State Treasurer Boyer and Auditor General McCamant was resumed yesterday, the case of Mr. Boyer being under con-

sideration. Attorney General Hensel resumed the presentation of letters. Letters and telegrams from Cashier Livsey and John Bardsley were read, dating between Sept. 24, 1890, and May 6, 1891.

The attorney general then gave a detailed report of the amounts paid by the state transport to Berdeley, showing

state treasurer to Bardsley, showing that on Dec. 31, 1890, \$420,000 was paid which had never reached the city treasury. State Treasurer Boyer testified that he had drawn the Philadelphia school warrants for 1891 on Dec. 81, 1890, for the sole purpose of preventing the money from going into the sinking fund. He said that no demand what-ever for these warrants had been made from Philadelphia; that the blanks necessary for the school board to fill out were procured by his department and sent to Bardsley; that they were returned to his office, and that the school warrants, when signed, instead of being sent to Bardsley, were sent back to the state treasury; that they were there marked as "paid" on Dec. 31, although in fact they had not been paid, and he did not see Bardsley nor secure his indorsement of the warrants nor pay the same to him until

HARRISBURG, Oct. 23.—The senate resumed its inquiry into the charges against State Treasurer Boyer. The examination of Deputy Superintendent of Public Instruction John Q. Stewart was resumed, Lawyer Gilbert, of counsel for Mr. Boyer, taking up the cross questioning. The main point drawn out by Mr. Gilbert's questions was that, according to the practices of his depart-ment, Mr. Stewart believes that the payment of \$420,000 of Philadelphia's portion of the school appropriation was

legally made.

Mr. Shapley said that counsel on his side was ready now to go on with the McCamant case. He then offered formally all the evidence taken before the various committees.

HARRISBURG, Oct. 24.—At yesterday's session of the senate President pro tem Gobin presented a petition from the citizens of York county, setting forth that it is alleged and believed that certain aldermen of the city of York, together with the constables attached to their of-fices, have been participants in a con-spiracy to cheat and defraud the county of York by encouraging frivolous and groundless charges, creating litigations, then discharging the accused and putting the costs upon the county. Also, that the mercantile appraiser of the county of York has been quitty of york county of York has been guilty of practices of a character similar to those charged by the governor in his message against the mercantile appraisers of Philadelphia, to wit: Assessing parties not subject to assessment and charging

The motion to refer to the governor was carried with a few dissenting votes: A reply was received from the governor acknowledging the receipt of the petitions. He adds that he has communicated with the signers, asking them to furnish him with such evidence as will enable him to take such action as may be necessary for the proper protection of the citizens of the commonwealth and for the faithful execution of her laws.

Senator Gobin offered a resolution that the reading of the testimony in the McCamant case continue until all the testimony is finished, and the senate ad-

journed until Monday at 4 p. m.

HARRISBURG, Oct. 27.—In the senate
yesterday afternoon the remainder of the testimony taken by the state investigating committee not reached in Friday's session was read, after which Senator Grady, of Philadelphia, surprised the Democratic senators by offering a resolution authorizing counsel for State Treasurer Boyer to proceed with their arguments in his case before the examinations of other officials mentioned in the proclamations of the governor to the senate. As the case of Auditor General McCamant had been started the Democrats opposed the resolution. The calling of the roll showed the absence of a quorum, and the senate adjourned until

At the night session the resolution was adopted by a party vote.

Senator Ross introduced a resolution requesting the senate to settle the question of jurisdiction, now, for the counsel for the counsel of the senate that it is a senate to settle the senate to settle the senate to set the senate to senate the senate tion of jurisdiction, now, for the counsel for the accused having proposed to argue the question of the power of the senate to address the governor for the removal of the state treasurer and auditor gen-eral. The resolution was finally de-feated by a party vote. The senate then adjourned until today.

Governor Pattison Shot.

HARRISBURG, Oct. 26.-While Governor Pattison and members of his staff were qualifying as marksmen at the Governor's Troop range Saturday afternoon some members of the Harrisburg Gun club, whose grounds cross the range, began firing at clay pigeons. The shot whizzed about the governor's party, all of whom hunted cover but the governor himself, until at last a stray shot struck him on the back of the head. The shot did not pierce the skin, but it The shot did not pierce the skin, but it was stinging and painful, and the club members were requested to shoot in another direction. None of the others in the governor's party were hurt.

An Ultimatum Presented to the Ohilean Junta

FOR THE OUTRAGE ON OUR SAILORS.

The Attack, It Has Been Decided by Our Chief Magistrate and His Advisers, Was Equal to the Invasion of a Foreign Nation-Another Death from the Affray.

WASHINGTON, Oct. 27 .- The navy department has received a dispatch from Captain Schley announcing the death of Coal Heaver Turnbull, who was injured by the mob which attacked the Amer-

by the mob which attacked the American sailors at Valparaiso. This is the second death resulting from the affray. Turnbull had received no less than twenty stab wounds, several of them penetrating his lungs.

Yesterday Secretaries Blaine and Tracy held an important conference with the president at the White House at which the Chilean affair was thoroughly discussed. At a recent secret cabinet meeting the question of parallel between the recent outrage in Valparaiso and the affair at New Orleans was disand the affair at New Orleans was discussed in all its bearings. It was determined at this meeting that there was nothing in common between the two incidents, and that the Chilean affair had developed into a more serious one than at first anticipated.

Equal to Firing on the Flag. Recent official dispatches have made the case plain to the administration here and show that the action of the Chileans was not only an insult to our flag, but an offense equal to the firing on it. The attack upon a foreign sailor or soldier wearing his nation's uniform on land when he has been granted protection and immunity by the government owing the land is, in international law, the same as an attack on the flag of that sailor or soldier's nation. The advisers of the president have made it plain to him that the attack on our sailors on Chilean ground was equal to the invasion of a hostile nation and an attack on one of our government build. attack on one of our government buildings flying our flag. The Chilean government had offered protection and safe conduct to our sailors and violated it.

To Present an Ultimatum. Acting upon this advice the president sent to the Chilean government, through our minister at Santiago, a demand for our minister at Santiago, a demand for an explanation, apology and reparation. Sufficient time has been given for an answer to this dispatch, but nothing had been received at the state department up to the time the secretary of state left for the White House. Yesterday's conference was, therefore, to prepare a second message to Chile. This will be in the nature of an ultimatum. In such decuments a date is set to give the governments a date is set to give the governments. documents a date is set to give the gov-ernment addressed time to frame its

reply.

The conference in the White House was long, so as to fully acquaint Mr. Blaine with all the details of the case. It lasted for nearly two hours.

Minister Egan Presents the Demand. SANTIAGO, Oct. 27.—Acting on in-tructions from Washington Minister Egan, after making brief, but pointed summary of all the facts involved in the recent trouble, formally demanded separation from the government of Chile. Mr. Egan expressed in distinct terms the feeling of great indignation which the state department at Washington feels at the whole affair, and informs the junta that this is no informal such the junta that this is no informal suggestion; that his government expects some kind of satisfaction for the assault upon the Baltimore's crew, and demands an immediate explanation of the whole affair and reparation for the injuries in-

flicted. The opinion prevails among foreign ministers that the junta will immediately make the reparation demanded. The sympathy of the foreign residents is entirely with Captain Schley, and Minister Egan's action gives great satisfaction.

### OVER AN EMBANKMENT.

Fifteen Killed and Fifteen Fatally Injured on a French Railroad. Paris, Oct. 27.—A frightful railroad calamity is reported from Moirans, on the railroad between Lyons and Grenoble, in the department of Isere.

At a steep incline near Moirans the engine of the ill fated train became de-

railed and went over the embankment. The train was filled with passengers and the carriages were telescoped, causing frightful havoc. Fifteen persons lost their lives in the collision, and of the lifty injured fifteen cases are hopeless. The failure of a brake to work on the engine attached to the rear of the train aused the disaster.

The recent succession of appaling rail-road disasters causes excited comment. Moirans is on the River Morge.

Not Guilty of Forgery. RICHMOND, Oct. 27.—When the Husting court met yesterday, the jury in the Dashiell forgery case had not agreed upon a verdict. They had been out since Saturday evening. The judge ordered them back, when they remained until noon, when they found the prisoner not guilty. The verdits gives general satisfaction, as the almost universal opinion was that the charge of forgery was brought against Dashiell through spite by his former partner in business, with whom he had disagreed. The other indictments were noile prossed. RICHMOND, Oct. 27 .- When the Hust-
