THE RACKET.

No. 9, Oricker's Exchange, BELLEFONTE.

LOCAL ITEMS.

—Chestnuts retail in the stores at five cents per pint.

—On Wednesday morning there was ice thick enough to bear a big cat or a small dog.

—Repairs were made to the water main in the diamond on Friday afternoon.

—H. W. Smith and John E. Huffman, two of Williamsport's young men, were in town Thursday, from Bellefonte.

—The reason we lead the shoe trade is because we best satisfy the people for a genuine bargain.—Mingle, Bellefonte.

—Mrs. Flora Bairford departed on Friday morning, for a visit with relatives in Philadelphia. She will remain several weeks in the Quaker city.

—Do you need a good watch, Elgin or Waltham, at six dollars? We have them if you do. Guaranteed for one year.—Bushman, Jeweler.

—A leading physician warns his patients against eating potatoes which show the least particle of rot. If rot shows itself the potato is affected all over.

—Veterinary surgeon, John Ritter, is receiving calls from all parts of the county. Last week he was summoned to near Howard, where his assistance was needed.

—When you want a shoe that will give you satisfaction both in price and quality, go to Mingle's shoe store, Bellefonte. He guarantees all goods sold and you get a genuine article.

—Ohio will buy your surplus apples, there is also a demand for this fruit in the northwest. Farmers who can gather up barrels for packing apples, need not let them rot.

—The trouble about next year's wheat crop has begun. The first tidings is that seeding winter wheat is retarded all over the West by dry weather, and that the acreage will probably be less in some sections, notably in Kansas, than that of this year's crop.

—The man who is always telling the newspapers to pitch into this, that or the other thing, and claims that it lacks nerve because it does not rip people up the back, is the same one who will jump on the paper with a libel suit if it should ever become necessary to show him up.

—If in need of Fall and Winter underwear, don't forget the fact that the Philad. Branch has received a full and elegant line. Call and examine quality and price and you will be convinced that better cannot be done elsewhere.

—From the Philadelphia Journal we learn that Dick McClintock, who has for several years held a clerkship in one of the large stores of the town, has resigned his position on account of ill health and accepted a position with a Chicago umbrella house to travel for them on the road. He will remove with his family to Chicago.

—When in Bellefonte, if in need of foot wear of any description, there is no necessity to pass Powers' shoe store, as they have the stock to select from and allow none to lead them in low prices. You can depend on a shoe or boot that they tell you is good, as they thereby understand the business and make no misrepresentations, either in advertising or selling goods.

—Sechler & Co., Bellefonte, expect the arrival of a car load, 6,000 gallons, of stone ware. All sizes of crocks will be in the assortment and all parties can be supplied with crocks for apple butter and butchering purposes, at the usual prices. Further announcement will be made.

—The Democratic meeting in the school house on Wednesday evening, gotten up on short notice, and was a full house. After a short and timely address by Mr. Hinely, Mr. Fortney spoke at length upon the issues of the day. He spoke 1 1/2 hours, holding the audience spell bound, in picturing the wrong done the tax payers by the state robbers and the hypocrisy of the men who pretend to boss the farmers. Rounds of applause greeted his remarks at short periods.

Destroyed by Fire.

The other evening, Thomas W. Weaver, and family of Mosannon, were sitting comfortably in their cozy home. In some way a lambrequin took fire either from a lamp or stove. It created a little excitement: The fire was soon extinguished. To make everything safe the family slept in that room all night. The next morning everything around the place seemed to be all right as no signs of fire could be seen. During the morning Mrs. Weaver was out in the garden doing some work, and about noon she went to the house to prepare for dinner. When she opened the room door she, to her great horror, found the room full of smoke. She rushed through this room into another and grabbed a cradle, having in it a little boy baby only eight months old. She had barely time to make her escape until the house was nothing but a mass of flames. Everything was destroyed, even to their clothes what they had in the house. His house and furniture and clothes were fully insured.

Recent Deaths.

Mr. John W. Wirts died at his home in Houserville, on the 19th day of October, at the advanced age of 81 years.

In Bellefonte, on Saturday, 24th, Mrs. Judith Stitzer, the mother of H. Y. Stitzer, died at the home of her son. Her age was 79 years and 11 months.

She was the daughter of Henry Yearick, who in early days was a member of the State Senate. She was born in Millinburg, and was married to William Stitzer, who died in Bellefonte in 1873. Seven children were born to them, of whom four are living and three have passed into the great beyond. All the latter years of her life were spent at the home of her son, H. Y. Stitzer, Esq., where she had every attention and comfort.

An Editor in Trouble.

An editor of a newspaper in one of our neighboring towns is obliged to be absent from his town until matters are fixed up so he can return. He didn't rob a bank either, this is what happened: In writing up a visit to the house of a lady friend, he described her collection of plants. He wrote it this way: "Mrs. H. has the largest and nicest plants in town." In making up the forms the "T" dropped out of the word plants, and the mistake was not discovered until the papers were printed. The whole town is in an uproar and when the lady's husband read the item he armed himself with a revolver and started for the office, but the old printer saw him coming and jumped from a second-story window and escaped.

Necessity of Dissolution Notices.

A case which shows the necessity of publishing notices of dissolution of partnership, when such dissolution has been made, was brought into court a few days ago. Prior to August 9, 1883, Benjamin Milliken and Harry Bettinger were partners in the butchering business in Venango County. After that time Milliken purchased about \$47,75 worth of cattle, failing to pay for which the farmers brought suit against the firm of Bettinger & Milliken and collected the whole amount from Bettinger.

Free Delivery in Farm Districts.

Postmaster General Wanamaker thinks that free delivery in farmer districts will pay for itself. Wherever it has been tried it has proved to be remunerative. If such a system should be adopted by Congress on the suggestion of Mr. Wanamaker, it would be one of the greatest boons to the villager and farmer that could be given them. To have their letters and papers delivered at their doors and thus avoiding a necessary visit to the post office, would be to these people a great benefit.

Snow Squalls.

Had a snow-squall Tuesday morning. There was rain the night before. Farmers had prospect for fair weather to bust corn, but Monday afternoon showed up cloudy, which brought rain in the evening, turning into a snow storm Tuesday morning.

Best Quality.

Fresh granulated corn meal, also fresh ground buckwheat flour, at the Centre Hall mill.

At Powers' shoe store, Bellefonte,

rubber goods in three grades can be purchased, firsts, seconds and thirds. From this selection you can have your choice in prices.

Sudden Death of Mrs John Kustaborder.

It becomes our painful duty to chronicle the sudden death of Mrs. John Kustaborder, which sad event occurred at her residence at Mary Ann Forge, about one mile east of Bellwood, Blair county, Pa., on Wednesday night, 21st inst. She had been ailing for some time past with dropsy, but was never bedfast for any length of time, and had assisted in caring apples about two hours before her demise. But when the summons came she was ready to answer to the Master's call. She was the mother of eleven children, ten of whom survive her, one having preceded her to the spirit world while quite young.

Mrs. Kustaborder was a daughter of the late George Breen, and was born in Gregg township, this county, Nov. 28th, 1841, and was consequently about fifty years of age. The funeral took place the following Friday afternoon, interment being made in Logan Valley cemetery. We extend our deepest sympathy to the bereaved husband and family.

A precious one from us has gone,
 A voice we loved is stilled,
 A place is vacant in our home,
 Which never can be filled.

God in his wisdom has recalled
 The boon His love has given,
 And altho the body moulders here
 The soul is safe in Heaven

Grover is Disappointed.

An exchange truthfully remarks that Grover Cleveland, like some other folks, too, is a bit disappointed. He wanted a boy, but the old woman who went to the chip yard made a mistake and brought home a girl. He will get over his disappointment, however, and about the time he has to prance round in his bare feet on the cold oil cloth when the kid has a dose of colic, or Francis sends him across lots to widow Smith's, in the middle of the night, for a bunch of catnip, he won't care a continental what his sex is. He will only be sorry he didn't remain a bachelor.

A Failure in Some Places.

Apples seem to be scarce in some parts. A Tyrone correspondent says: Our apple farmers are shipping their surplus crop to Ohio and the northwest, where they have found a ready market. New empty barrels for use are being brought to this station by the car load. Reuben Fox, of Sinking Valley, Monday took a hay wagon, double tiered, with four horses as propellers, to his home well laden with empties, which he will return well filled for shipment. Pittsburgh merchants are apparently the buyers and are scouring the country in force. The price offered is not fabulous but is worth looking after on account of the abundant crop.

A Big Blast.

About 12 o'clock Tuesday night fire was discovered in the Opera House, Driftwood, from which building it soon spread to the Commercial Hotel and an adjacent dwelling. All the buildings were totally destroyed. A drug store, grocery and butcher shop occupied the lower story of the opera house. The total loss is estimated at \$25,000. The P. & E. fire brigade from Renovo went to the rescue but were unable to do more than keep the fierce flames from spreading.

Return to the Old Way.

Some time ago the Pennsylvania railroad company commenced equipping all new freight cars with the Janney coupler, such as is used on passenger cars. The innovation was hailed with delight by brakemen on account of the great safety in coupling, but the trial has proved that it requires double the power to pull a train, thus equipped, than it did with the old style link and pin, consequently, hereafter all freight cars will be built with deadwood and bull-neck as before.

Caring for the Poor.

The Williamsport physicians are arranging to take care of the poor sick people in that city. The city is to be districted, and those unable to employ medical aid will know what physician to send for by the district in which they reside. A day is also to be set aside at the Hospital for operating upon the unfortunate. A very commendable movement, indeed.

Don't Expect it

Don't expect new customers to come to your store unless you invite them. Don't expect to increase your trade without new customers. Don't expect new customers to know anything about you unless you tell them. Don't expect them to look in the directory for your name. The only way to get them is to use the advertising columns of newspapers.

The Food Was Poisonous.

Eighty, out of four hundred, delegates to the State Convention of the Women's Christian Temperance, held in Bradford last week were poisoned by taking food improperly cooked in a new copper kettle. It was at first reported that a score would die, but all, so far, have recovered.

Fine Display.

The largest and best line of trimmed and untrimmed hats ever opened in this county is on display at Snyder Sisters', at Bellefonte. All are invited to call and examine goods, style, work and prices and compare with others.

—A genuine men's calf skin dress shoe for only \$2.00. A first class dress shoe for ladies direct from one of the best manufacturers in this county, which we can guarantee, only \$2.00.—Powers' shoe store, Bellefonte.

Hallow'en

This approaching festival, holy eve, (the evening before All Saints day. November 1st.) which in parts of our country is made little more than a grand racket by mischievously and even maliciously disposed people, can be made interesting by resorting to indoor amusement for the young people, and we commend this idea to parents this year. A gentleman of our acquaintance succeeded last year by this means in diverting the minds of his children entirely from the mischievous practices of the occasion. He provided apples, nuts and other refreshments, posted himself in some of the amusing observance of the old time, invited a few young folks of the neighborhood to join his children in the evening's sport, and found at the close he had destroyed all thought of street mischief in a dozen or more young heads. Try it.

Way back in time a big cake, containing a ring, a penny, a key, a thimble and a button used to be out at Hallow'e'u at nine o'clock when all the girls were not talking at once. The one who got the ring would be married before the next Hallow'e'u the thimble meant an old maid's life; the button a sweetheart in sight; the penny money for the married state later on. The girls went to bed with the cake under the pillow for luck in dreams. Oat cakes, supposed to mean contentment, were presented as the visitors entered the house. Apples were pared, the paring taken off in one piece and cast over the left shoulder; if it lay on the floor in the shape of a circle it meant good luck. Two nuts were named for a male and female and put on the hot stove; if in bursting they went in different directions, the two must not marry, as it meant trouble if they quietly roasted side by side they could get married if the old folks didn't object.

The Potato Rot

The potato crop this year was quite large, but owing to the ever prevalent potato rot, the crop will fall far short of the average, and a scarcity of potatoes will be the result. The crop harvested is about one-tenth of the crop raised. John Coner, of Millheim, raised over six hundred tubs, but they were nearly all affected with the rot, and after sorting the good from the bad, had about 30 or 35 bushels left of the 600. The rest were unfit for use and had to be thrown away. According to this the potatoes will be rather high the coming winter, and they will be scarce, if the home production has to be depended on.

To Wave Higher Than Ever

The stars and stripes, it was decided on Friday, are to wave 1,120 feet above the ground higher than the flag has ever waved before. It is to be done during the world's fair, from an American tower at Paris. The builder is to be Andrew Carnegie, of Pittsburgh. Over 25,000 people will be accommodated in the tower at one time, and two of the many elevators are to start from the ground and run more than 1,000 feet up without change or stop, directly to the lookout land. The width of the tower at the foundation level is 440 feet in each direction.

Caught Brain in a Pen.

John Wingard, last week was successful in catching a large bear in a pen, in the mountains above Tusseyville. John had built the pen early in the season with the expectation of enticing his bearship within its walls, and last week one morning, on making his visit of inspection, was surprised to find Bruin inside and the trap sprung. John then went for assistance and bruin was shot. When dressed he weighed over 250 pounds.

Sentenced to be Hanged.

Charles Cleary, convicted for the second time of murder in the first degree last April, for killing chief of police Philip Paul, at Renovo, was sentenced to be hanged, on Friday afternoon, by Judge Mayer. His attorneys had applied for a new trial, but Judge Mayer overruled the motion. Gov. Pattison will fix the date for his execution.

Released on Bail.

Harry M. Cresswell, who was brought from Toledo, Ohio last week and lodged in jail at Clearfield charged with complicity in the Houtzdale bank steal, has been released on bail, the bond of \$1,000 having been furnished by this father and uncle.

Rabbit Season.

The season for rabbits does not open before Nov. 1st, and they cannot be legally killed before that time. It matters little to our sportsmen when they can be legally killed, as there will be almost as many killed after Nov. 1st, as before it. Rabbits are very scarce, scarcer than for years.

Encamped at G-ttyburg.

Attached to last Friday morning's passenger train were three extra coaches and freight car with camp equipage, en route to G-ttyburg with State College cadets, who are encamped on the famous battle field for a week. The cadets were over two hundred in number and filled the three coaches.

—Every well dressed gentleman get his clothing from the Philad. Branch, Bellefonte. They can fit you out in anything you want, at a big bargain. You'll miss it greatly if you don't call to see his stock.

—Good Roasted Coffee, 20 cents a pound.—G. O. Behner.

A Wonder Worker.

Mr. Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around. They pronounced his case to be Consumption and incurable. He was persuaded to try Dr. King's New Discovery for Consumption, Coughs and Colds and at that time was not able to walk across the street without resting. He found, before he had used half of a dollar bottle, that he was much better; he continued to use it and is to-day enjoying good health. If you have any Throat, Lung or Chest trouble try it. We guarantee satisfaction. Trial bottle free at J. D. Murray's Drugstore.

No Hatching-Place For Corruption.

I desire now to give notice to all corporations, that if I am chosen to the office of auditor general, I will expect every one of them to make prompt settlement and payment of all their taxes. But I assure corporations and every body else that the office shall not be used as the hatching-place for bogus claims, devised for levying tribute upon them for personal and political use.—Robert E. Wright, candidate for Auditor General, in his speech at Williamsport.

Farmers' Opportunity.

If ever there was an opportunity for farmers to assist the right at the polls, and put out of power men who have robbed the state out of millions of taxes, next Tuesday is the time, by voting for Wright and Tilden.

Farmers, taxpayers, business men, do you desire the Quay gang to continue their stealing? Answer Yes or No on Tuesday next.

Death Resulted.

Charles Winger, the unfortunate man who had his skull crushed by a pulley dropping on him at the Bellefonte nail works, on Tuesday of last week, was removed from Bellefonte to his home in Lock Haven, where death ended the unfortunate man's sufferings on the following Thursday afternoon.

Removed to Williamsport.

The horse thief who was detained in the Snyder county jail at Middleburg, on account of a badly crippled arm, the result of a load of shot received while resisting arrest, has been removed to the Williamsport jail, to await his trial for stealing two horses.

Bucktail Renison.

The famous one hundred and forty ninth regiment, commonly known as the "Bucktails," held their ninth annual reunion in Huntingdon on Tuesday. New officers were elected and other important business transacted. The next annual meeting will be held at Curwensville.

Married.

A wedding took place at the residence of Mr. M. F. Kossman, near Tusseyville, on Sunday morning, Oct. 25th, the contracting parties being Miss Ida Love, daughter of Mrs. Elizabeth Love, and Mr. Wm. Mertz, of Tusseyville. Rev. W. E. Fischer performed the ceremony.

Still Another.

A soap swindler has gulped people in Bloomsburg and neighboring towns, selling a worthless compound for \$2 and promising to send a law book to all purchasers, free of charge, which he never does. He may work around this way. Keep an eye open for him and make it interesting for him if he does.

Fine Display of Millinery Goods.

Mrs. C. M. Boob having returned from Philadelphia with an exceptionally fine line of millinery goods for the fall and winter season, she would respectfully invite an inspection of quality, style and compare prices.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to be all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood.—Will drive Malaria from the system and prevent as well as cure all Malarial fevers.—For cure of Headache, Constipation and Indigestion try Electric Bitters.—Entire satisfaction guaranteed, or money refunded.—Price 50 cts. and \$1.00 per bottle at J. D. Murray's Drugstore.

Democratic Headquarters.

County chairman L. A. Schaeffer has opened Democratic County Committee rooms in Gorman's block, next door to the entrance to the opera house. Call in and see him.

—If in need of anything in the boot or shoe line don't forget that Mingle, Bellefonte, has the finest line in the state from which to select. He guarantees all goods and you have good returns for your money.

A Great Battle

Is constantly going on in the human system when you suffer with Consumption, Coughs or Colds; they strive to ruin health and drag victims to the grave. Take timely warning and use **Par-Tins Cough and Consumption Cury**. Price 25 and 50 cents.

Centre Hall.

Wm. Wolf & Son.

By the time this column catches your eye our new stock will be ready for your examination.

We must prefer that you look at it yourself, to any description we might here give you, but for fear of your tardiness we beg to suggest, that for your own satisfaction, it may be well to "come early."

Our fine dress goods department is up to the standard, You know what this means. As a rule we don't believe in advertising "bargains," such sales and purchases as are usually meant by that word, but this season we certainly have some unusual values in dress fabrics, wool-cloth, 52 inches wide at 40c. per yd. is certainly good value. See for yourself how much cotton is in it.
