The all-the-year-round cow is the one that generally best fills the bill. If your neighbor succeeds better than you do, find out how he does it.

Never break off a limb on a valuable tree; always make a smooth cut. Some one asks: "Are we going to the

dogs?" No; but the sheep are. Don't be satisfied with merely raising

a few hogs, but raise good ones. A bushel of potatoes often commands as high a price as a bushel of wheat.

A good farmer will drive his work instead of having his work drive him. The farmer has heretofore scattered his energies over too large a surface.

In judging wool, the rest of the fleece s compared with that on the shoulder. It pays to grind grain for the stock; and it pays to feed it with cut fodder.

The older the tree the more difficult to transplant and the more uncertain of suc-

The farmer that has eggs, poultry and good butter to sell does not need to go into debt at the stores for the little necessary running expenses. But, of sourse, good management is necessary.

If separators are to be used which thall they be, wood or tin? I believe the general decision is that tin is prefertble with wide frames and wood with the T supers, says a correspondent in the Beekeepers' Review.

It has been found that corn-meal and middlings will not make four cent pork at a profit in New Hampshire; but that twenty cent skim-milk will do it. The Wisconsin Experiment Station has found that to mix meal and milk pays far better than to feed either exclusively.

A good rule in farming is to use the land that every crop shall make a margin of profit, and shall leave the land richer at the close of the course of rotation than It was at the beginning. After this has been accomplished during one rotation it will be easier during each succeeding

Turkeys like a variety of food, though they do very well upon corn, which they pever refuse while in health. They are very fond of a mash of boiled potatoes and Indian meal, and thrive admirably bpon it. What ever the provender, it should be fed regularly, and the birds be kept thriving from the shell to the butcher's block.

L. I. Lemborn says that the carnation of the future must be a large and perfect flower that will give, perfect calyx support to its petals. The flowers must bo on long stems, stand erect, fragrant in the highest degree and well fringed. The plant must be of a branching, dwarfish habit, a vigorous grower, an early and continuous bloomer.

A man who has practiced medicine for 40 years, ought to know salt from sugar; read what he says:

Messrs. F. J. Cheney & Co.—Gentie.ren;—I have been in the general practice of medicine for most 40 years, and would say that in all my practice and experience have never seen a preparation that I could prescribe with as much confidence of success as I can Hall's Datarrh Cure manufactured by you. Have neverberibed the great many times and its effect is wonderful, and would say in conclusion that I have yet to find a case of Catarrh that it would not ure, if they would take it according to directions.

Yours Truy.

L. I. GOR-UCH, M. D.

Office, 215 Summu St.

We will give \$100 or any case of Catarrh that than not be cared with hall's Catarrh cure.

Taken intermally.

You can't believe sell the medicine that pays them the largest profit. What you want to buy is the one that does you the most good.

Which one is it? Sometimes, it may be a matter of doubt. But, in the case of Dr. Pierce's Favorite Prescription, there's no room for doubt. It's a matter that can be proved.

With the facts before you, it's an insult to your intelligence to

And here's the proof: Among all the medicines that claim to cure woman's peculiar weaknesses, irregularities, and discases, the "Favorite Prescription" is the only one that's guaranteed.

If it doesn't do all that's claimed for it, if it doesn't give satisfaction in every case, you'll have your money back.

There's strength and vigor for every tired and feeble woman. health and a new life for every delicate and ailing woman - and if there's no help, there's no pay.

painful diseases. It occurs most frequently with men and women who are forced by their profession to follow a sedentary mode of life and who through inclination or necessity are ccustomed to partake of rich food. Although not dangerous in itself, it may give rise to serious disturbances in the general health of the patient, particularly it it is neglected, and in consequence takes deep root in the system. In former times it was customary to cure it with all kinds of drastic mixtures, powders and pills containing some injurious mineral substance.
But this was driving out sin with Satan, because some dealers always. They want to | drastic purgatives, although they may afford a momentary relief, exercise a deleterious effect on the whole system and particularly on the vital organs and weaken the body if used cont nually. If this is sought to be avoided by par-taking of particularly nourishing food, the digestive organs will in consequence come to act properly, and then serious complications may arise which will threaten even the life of the patient. But the curative powers of the old drastic purgatives have been secured while their evil after-effects are avoided, by the useof St. Bernard Vegetable Pills. They are nothing but a vegetable compound without the addition of any injurious, deleterous or possouous substances, being prepared only of the best med cinal herbs of the Alps. They act as a mild laxative and emollient, promote the excretion of undigestible matter without weak-ning the system. They are therefore the best blood purifier among all the many remedes known. This fact has been readily acknowledged by many prominent physicians of all countiles as well as by thousands of grateful patients to whom they have afforded relief even under the most aggravated circumstances. The St. Bernard Vegetab. ePills can be had of every first-class druggist. If your druggists haven't them end 25c. to "St. Bernard."
