FOR NEXT YEAR.

It is not possible to give, in a : rief space, an account of all of the features in preparation, but the material is deficient in neither importance nor range of subject. Among the subjects treated:

THE POOR IN THE WORD'S GREAT CITIES.

It is proposed to published a series articles, upon a scale not before attempted, giving the results of special study and work smong the poor of the great cities. The plan will include an account of the conditions of life in those cities (in many lands) where the results of research will be helpful for purposes of comparison as well as for their own intrinsic interest. While, from a scientific point of view, the articles will be a contribution of great importance, the treatment will be thoroughly popular, and the elaborate illustrations will serve to make the presentation of the subject vivid as well as picturesque.

KENDALL'S SPAVIN GURE.

DR. B. J. KENDALL. CO.:

Gents—I would like to make known to those who are almost persuaded to use Kendall's Spavin Cure the fact that I think it is a most excellent Liniment. I have used it on a Blood Spavin. The horse went on three legs for three years when I commenced to use your Kendall's Spavin Cure. I used ten bottles on the horse and have worked him for three years since and has not been lame.

Yours truly, WM. A. CURL. GERMANTOWN, N. Y., Nov. 2, 1889.

Dr. R. J. Kendall. Co.,
Enceburgh Falls, Vt.

Gents: In praise of Kendall's Spavin Cure I will say, that a year ago I had a valuable young horse become very laims, hock callarged and swolleh. The horsemen about here (we have no Vetarinary Surgeon here) pronounced his lameness Blood Spavin or Thoroughpin, they all told me there was no cure for it, he became about useless, and I considered him almost worthless. A friend told me of the merits of your Kendall's Spavin Cure, so I bought a bottle, and I could see very plainly great improvements immediately from its use, and before the bottle was used up I was satisfied that it was doing him a great deal of good. I bought a second bottle, and before it was used up my horse was cured and has been in the team doing heavy work all the season since last April, showing no more signs of it. I consider your Kendall's Spavin Cure a valuable medicine, and I should be in every stable in the land. Respectfully yours.

MILLS SITLL DISGRUNTLED.

He Refuses to Accept Second Place on

Ways and Means Committee. Washington, Dec. 21.—Speaker Crisp sent a note to Mr. Mills, saying he was engaged in making up his list of committees and requesting to know whether it would be agreeable to Mr. Mills to accept the second place on the ways and means and a chairmanship of one of the other important committees. a request for an immediate reply.

Mr. Mills replied declining the proffered place on the ways and means. He referred to the fact that he had been on the committee for ten years, and two years was its chairman, and that if not qualified to sit as chairman he ought to be disqualified to occupy any place on the committee. As to the other places offered Mr. Mills indicated that he was indifferent.

It is said Speaker Crisp has decided to appoint Mr. Springer to the chairman-ship of the ways and means, Holman chairman of appropriations, and Bland, of Missouri, chairman of coinage, weights and measures.
