What's the matter with Colonel J. L. Spangler for adjutant general, in place of General McClellan, dec'd?

The New Democratic State Committee, at its meeting on Monday, almost unanimously instructed for Hill, for President, and adopted the unit rule.

The Mifflin county temperance folks are not overly pleased with their new Judge, McClure, because he granted more licenses last week than they looked for.

The Gazette wants Goodhart and Adams to resign. Probably he has another lot of blanks to shove on the county for \$450, for which afterwards he was glad to accept \$250.

The New York State Convention on Monday, 22nd, indorsed Hill for President. David B. seems to have a cinch on the state, but there are other states to be heard besides New York.

America is doing well in her relief of the famine-stricken Russians. The Northwest's gift of grain was a magnificent donation; Philadelphia's shipgratifying results.
