Ex-commissioner John Wolf, gave our sanctum a call. He reports his locality in Miles township as having been overlooked by the grip—missed entirely. Fortunate for them. Mr. J. A. Montelius and wife, of Piper City, Ill., have been visiting friends in this section of the state the last few weeks, and at present Mrs. Montelius is the guest of Wm. Wolf's family. DIED IN FRANCE.

Dr. E. W. Hale, of Bellefonte, a Victim of Consumption.

Dr. E. W. Hale, of Bellefonte, died on Saturday morning last, at Mentone, France, whither he had gone for the benefit of his health. His health began failing shortly after the death of his son a few years ago, having caught a heavy cold which settled on his lungs and developed consumption.

Dr. Hale studied medicine in Lewis-town and practiced in that place for a time, afterwards in 1865 removing to Bellefonte and was very successful in the pursuit of his profession.

He had two brothers, Gen. Reuben C. Hale and John M. Hale. One of his sisters was the wife of Gideon Welles, of Hartford, Conn., who was secretary of the navy under the administration of President Lincoln.

Dr. Hale was twice married—the first time to Miss Stealie, of Kishicoquillas Valley, Millin county, and the second time to Miss Mary Valentine, daughter of Reuben Valentine, deceased, of Bellefonte.

He was a member of the Masons and an earnest worker for the cause of the order.

His remains will be shipped from Europe to this continent, arriving in about two weeks, and will be interred in the cemetery at Lewistown, where his son Harry is interred.

Dr. Hale always took a deep interest in agricultural pursuits. He owned several fine farms. He was a member of the Agricultural Society of Centre county, and a warm and influential friend of the State College. He amassed quite a fortune and was quoted among Bellefonte's wealthiest citizens.

Prof. D. M. Bristol's Educated Horses.

Prof. D. M. Bristol and his famous school of thirty educated horses, mules and ponies will visit Bellefonte next week and exhibit in the Opera House on Monday and Tuesday evenings and Tuesday afternoon. This is a mammoth affair, consisting, in addition to the horses, of twenty-five people, a military band and a fine concert orchestra, and is conveyed from place to place in a train of palace cars owned by the Professor, who has invested in the enterprise the sum of \$60,000, to make it what it is, the largest and best show of the kind ever organized. The entire troupe of thirty horses will appear on the stage at one time without bridle or rein and perform their numerous feats. Prof. Bristol has his school of horses under complete control and the spectators are held spell-bound at the intelligence displayed by the animals and the wonderful tricks and antics they perform at a slight motion of their master, as well as conversation with laughter at the clown mule, Denney. To miss seeing these noble animals is to miss witnessing the most refined and interesting entertainment on any stage. Prices, 25, 35 and 50 cents.

Highly Appreciated.

A few days ago the ladies of the Presbyterian congregation had a very pleasant little surprise party at the home of Rev. Baskerville their pastor. They had been engaged some time previous in preparing a very handsome quilt, this they brought, and with it many other articles of home consumption. It was quite a spontaneous expression of appreciation and friendship; which was very highly appreciated by those to whom the gifts came. The Presbyterian congregation here seems evidently to be growing in size and activity of late. We wish them much prosperity.

A New Railroad in Contemplation.

An effort is being made by persons residing in Selinsgrove, New Berlin and Millinburg to organize a company for the construction and operation of a railroad to run from Selinsgrove to Millinburg. The proposed route is fifteen miles long. It shall run from Selinsgrove to Shamokin Dam, thence reaching in succession Schoch's Mills, Beaver's Mines, Kratzerville, Beuffer's Mills, New Berlin (formerly Union county's capital) and Millinburg.

Heavy Sentence.

Judge Mayer, of Clinton county, has sentenced a man to two years and three months in the penitentiary for carrying concealed deadly weapons. This is the correct method of convicting hundreds of reckless men that it is not proper to have deadly weapons in their possession. It is becoming too common in this habit among men, of going about armed with knives and revolvers.

From Centre Hall and the Township.

C. F. Deininger and D. J. Meyer have been drawn as jurors for the next April term of court. J. A. Sweetwood, W. M. Goheen, Samuel Houseman, Adam Smith, F. F. Treaster, A. P. Hosterman and John A. Strunk will be summoned from Potter township.

Death.

Come and see our goods and learn our prices. Everything away down for cash.—G. O. Benner.

HIS SUFFERINGS ENDED.

Jesse Shoop who was Injured in a Wreck Expires at Altoona.

Jesse Shoop, who was seriously injured near Altoona, by an engine which jumped the track while he was in the cab, of which we made mention in our last issue, died on Thursday morning the 18th, in the hospital at Altoona, after lingering some six or seven days, without having regained consciousness. His remains were brought to this place on Friday afternoon last, and on Saturday were interred in the Centre Hall cemetery, where his mother also lies. The remains were accompanied hither by relatives, and employes of the railroad who were associates of the unfortunate young man. His remains were taken to the residence of his brother, W. P. Shoop, after their arrival by train. Rev's Eisenberg and Fischer conducted the funeral services. His age was thirty-one years.

To Facilitate Purchasing the Booths.

The state department clerks have mailed to the county commissioners throughout the state the instructions of the board appointed to decide on the style of apparatus to be used under the operations of the new Baker ballot law. The circular gives full details, so the county commissioners can make no mistake in placing their orders for the necessary apparatus. The limit of cost on the booth is fixed at \$4.75 for the original compartment and \$3.50 for each additional shelf or compartment; guard rail, \$4.50; ballot boxes, \$3.

INTERRED AT CENTRE HALL.

The Body of Miss Gertie Runkle Removed to the Centre Hall Cemetery.

The remains of Gertie Runkle, who died from burns caused by the explosion of a coal oil lamp, some time ago, in Knoxville, one of the suburbs of Pittsburg, and buried there, were disinterred, and brought to Centre Hall for their final resting place, having arrived here by last Saturday afternoon's train. Gertie now rests where she was best known and had many friends.

Child Burned to Death.

On last Thursday evening the four year old daughter of Michael Myers of North Phillipsburg, was burned so badly that death resulted the following afternoon. While the mother was out of the house a younger child began poking the fire and when the poker became red hot she touched it, playfully, to her sister's clothes. Immediately the little girl was enveloped in flames and ran screaming from the house. A neighbor, seeing her danger threw a bucketful of water on her but it was too late. In a semi-conscious condition she was carried into the house and all possible efforts rendered to save her life, but in vain.

Big Fire in Millintown.

Fire broke out about one o'clock on Saturday morning in James Cole's barber shop, located in the business portion of Millintown, destroying T. B. Anker's marble and tombstone works, William H. Rollman's jewelry store, John North's shoe store, B. F. Burchfield's law office and the building of Insurance Agent Adam Weidman.

Trout Fry Free.

Persons desiring to aid in the increase of edible fish in the waters of the state, can by applying to 1020 Arch street, Philadelphia, obtain placards containing information as to close seasons of the different varieties of fish, and other information pertaining to the same; also blank applications for procuring trout fry, free, from the Pennsylvania fish commissioners, will be supplied by the association upon application.

Another Tobacco Victim.

The thirteen-year-old son of Mr. John Rumsport, living near Huntingdon, died very suddenly last Saturday night. The lad was an inveterate smoker of cigars and cigarettes and his death is attributed to that cause. On the left side of his body, close to his heart, there was a long dark streak, evidently caused by an affection of the heart.

A Deep Cut.

To make room for spring stock on his counters, Lewins, at the Philad. Branch, Bellefonte, is disposing of his stock of winter goods at cut prices, and they are cut deeply. A heavy winter suit or an overcoat can be secured at a low figure from him. This is an opportunity seldom accorded the people of this valley.

They Went Out.

About thirty girls employed in the woolen mill at Milroy, last Tuesday struck because the firm wanted them to pay for all damaged stockings they made. They did not hold out long however but returned to work at noon the same day.

For a Severe Cold.

For a severe cold on the lungs use the following excellent remedy: A teaspoonful of strained honey, one-half teaspoonful of olive oil and the juice of a lemon. Cook all together and take one teaspoonful every two hours.

JOHN P. RUNKLE.

An Old Citizen of Centre Hill Passes Away Saturday Morning.

The past few months we have chronicled the death of many of the old citizens of this valley and vicinity and this week it again becomes our sad duty to announce the death of another highly respected citizen of the valley, Mr. John H. Runkle, who died at his home at Centre Hill, on last Saturday morning, after a severe and extended illness of several months, at the advanced age of 83 years, 8 months and 14 days.

Years ago Mr. Runkle was injured in the foot by having a horse tramp upon it. He never fully recovered from the accident and about one year ago the foot began giving him serious trouble and medical assistance was necessary. All possible was done to relieve Mr. Runkle of his affliction, but gangrene set in, and amputation of the diseased member was almost necessary, but owing to his extreme age it was not resorted to, on account of the probability of him not surviving the shock. His suffering was intense but he bore it all most patiently, until death relieved him.

He was a member of the Reformed church, and his pastor, Rev. Eisenberg, conducted the services in the Reformed church at Tusseyville on the following Monday morning.

Parallel the N. C. R. R.

It is an established fact in railroad circles that the P. and R. R. will parallel the N. C. R. R. between Dauphin and Sunbury. The new line will cross the P. R. R. at an elevation at or near Clark's Ferry, and will be bridged from the ferry to Haldeman's Island, and will be completed up through the island to a point near New Buffalo, where it will cross the branch of the Perry county side, fringing the river on the western side as far as Sunbury. It will connect here with the Reading system. This new line will draw hard on the N. C. R. R. traffic. It will touch Port Treverton, McKee's Half Falls, Selinsgrove, and number of other villages lying along the route. The many valleys extending west from the river between Harrisburg and Lewisburg, Union county, will be directly accommodated by this new system, which will give a direct outlet to Philadelphia, New York and the seaboard without the present circuitous route thro' the coal regions. By this extension of the Reading system, great benefits will accrue to the owners of property about Williamsport and also the populous district west of the Susquehanna river. From the above named place to Clark's Ferry all will be furnished with transportation which has not been hitherto enjoyed. In addition to the projected route, the Philadelphia and Reading railroad will soon cut through from Sunbury to Port Royal, developing a large quantity of coal timber and ore which has remained dormant up to the present time.

A Good Scheme.

In some parts of the State farmers are adopting the system of planting trees along the road side, the kind selected being the cherry, walnut, plum, mulberry and chestnut. The rural highways of continental nations are lined with fruit trees, the custom having been in vogue there for centuries and has always been regarded as a religious duty for the benefit of the multitude. It could be adopted in the United States, especially as a benefit for animals as well as men in shade during the heat of summer, when heavy hauling is done on the highways.

Dissatisfied with the Verdict.

The people of Clearfield county who lost their money by the wrecking of the Clearfield and Houtzdale banks are said to be in anything but a pleasant frame of mind, and they are said to be ready to make it very unpleasant for Rev. Dill, upon whom they place the blame for the loss of their money. The mutterings in Clearfield when Judge Mayer took the case from the jury last week were low but bitter, and his honor came in for a fair share of condemnation. The stockholders who are expected to make up the deficiency by assessment on their stocks are talking of resisting what they term highway robbery. There is little doubt but that Rev. Dill's work has wrought much distress in Clearfield county, and the chances are that the wrecking of the banks will work great injury to many people of the county who were unable to lose their money. The subsequent conduct of Dill has not had a tendency to reconcile them to their loss.

Cut Down Prices.

Lewins, at the Philadelphia Branch, Bellefonte, has made a big reduction in prices on all winter goods. An overcoat or warm suit of clothes can now be secured at cost. The goods must be sold to make room and he proposes to make the low price sell them regardless of any profit. No shoddy and every article purchased a bargain. Take advantage of this cut in price and you will not regret having done so.

When you want a shoe that will give you satisfaction both in price and quality, go to Mingle's shoe store, Bellefonte. He guarantees all goods sold and you get a genuine article.

REPLY TO STROHM

THE MINORITY MISSTATES THE FACTS.

A Letter to the Taxpayers Wherein Goodhart and Adams Set at Right Incorrect Statements made by Jim. Strohm.

To the Citizens of Centre Co.:

In the explanatory (?) letter, published in last issue of the Keystone Gazette and signed by a member of the Board of Commissioners, we find the facts considerably distorted and ourselves unjustly misrepresented. The tone of the letter apparently attempts to show the "usurpation of power," as practiced by the Democratic members of this board, rather than to justify the stand taken by our esteemed colleague with reference to the classification of our annual statement.

During the one year in which we have been associated in the affairs of this office harmony has existed, and we have tried to show to our colleague the courtesy and consideration which is due to a minority of any board; and in justice to Mr. Strohm we wish to say that we have found in him a most agreeable and reasonable gentleman, with the one exception in question.

In other business matters during the year, when it became necessary to take a ballot, if it were not unanimous, the member, no matter who it chanced to be who stood alone in his views, was expected to accept the situation as he comes a man and yield to the majority of the board—reserving, of course, the right to have his vote recorded on the minutes as he should dictate. The idea that the majority cannot legally publish the statement, when the minority member refuses to sign it, is ridiculous. Mr. Strohm's protest contained only a partial statement of the facts, and could we have added below the facts complete and an explanation of the matter in full—the privilege of publication would have been granted Mr. Strohm; but we will leave to every sensible reader of this article the propriety of taking up the space on the annual statement with the arguments pro and con of this board.

We desire to call attention briefly to the main facts of the matter to which our colleague took exceptions: In the article of agreement made October 7th, 1891, first: The Office Specialty Mfg. Co. agrees to furnish office and fixtures for the vaults of the commissioners and prothonotary's offices, deliver and put up the same in the vaults, the fixtures for commissioners' vault to be ready to put up by the month of December, 1891, and the fixtures for the prothonotary's vault shall be put up in February, 1892. Second: The county commissioners agree to pay to The Office Specialty Mfg. Co. the contract price on November 1st, 1892, "provided the work meets the approval of the commissioners' when set up." The above embodies the main part of the article of agreement which is on file in this office and open to the perusal of those in doubt as to who has quoted correctly. The reader will see that the fixtures for the prothonotary's vault, which is more than one half of the entire order, shall not be put up until the month of February, 1892. Further, at the time our statement was published, none of the boxes containing the fixtures were opened. Upon the comparison made in Mr. Strohm's letter between a note given for value received and an article of agreement, the conditions of which have not been completed, we will respectfully ask business men to form their own opinion. The item above referred to is not left out of the statement as his article would have you believe, but is placed where we believe it rightfully belongs, as an estimated liability for the year 1892, and for which we will make provision in our tax levy of this year.

With reference to the vilification and abuse which Mr. Fiedler and other unscrupulous party leaders heaped upon the Democratic members of the board, in last week's issue of the Gazette, simply because we "dare to be Democrats," instead of Republicans, and because our record for the first year in office presents so marked a contrast to the one left by three years of Republican management. We have nothing to say further than to respectfully refer the public to our annual statement which we consider complete and correct and in every portion of which Mr. Strohm concurred with the exception of placing an item in one account instead of another.

In conclusion we sincerely regret that our colleagues' good sense and judgment could not hold its own when brought in contact with the advice of unscrupulous political advisers.

G. L. GOODHART, T. F. ADAMS.

He is one of Ohio's rising Democratic statesmen.
