The Mileage of a Big System.
A record of all the transportation lines owned and operated by the Pennsylvania Railroad company has been issued by Chief Engineer Drown.

During the year 1891 nearly eighty-seven miles of new road east of Pittsburgh and Erie was laid, and about sixteen miles west of two cities. If all the sidings, main roads and turnouts on the Pennsylvania system were joined together and made into a single road, it would form a line from New York to San Francisco and return, and then have enough sidings and yard room. The total trackage amounts to 13,676 miles, nearly 6,000 of which including sidings and turnouts, is in the State of Pennsylvania.

The number of miles of first track is 7,845; second track, 1,374; third track, 295; fourth track, 151, and the company's sidings, 3,311.

Specimen Cases.
S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his Stomach was disordered, his Liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large Fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by J. D. Murray's Drug store.

Tusseyville.

There is something wrong in the eternal fitness of things when a minister gets \$5 and a good supper for performing a marriage ceremony, which takes but five minutes, while an editor who takes two hours to set up a list of wedding presents only gets a piece of cake and often not that.

A new kind of social has been successfully tried by the young people of Phillipsburg. It is called the millinery social, and the feature of the affair is that all the young men enter a contest at trimming hats while the young ladies contend at sawing wood. Prizes for the successful contestants and for the 'boobies' are awarded.

The rector of the Episcopal church at Beaver Falls, Pa., created a sensation among his flock a few Sundays ago because he advocated anti-prohibition. He was violently assailed by several members who disagreed with him.

will be paid for a recipe enabling us to make WOLFF'S ACME BLACKING at such a price that the retailer can profitably sell it at 10c a bottle. At present the retail price is 20c.

This offer is open until January 1st, 1893. For particulars address the undersigned.
ACME BLACKING is made of pure alcohol, other liquid dressings are made of water. Water costs nothing. Alcohol is dear. Who can show us how to make it without alcohol so that we can make ACME BLACKING as cheap as water dressing, or put it in fancy packages like many of the water dressings, and then charge for the outside appearance instead of charging for the contents of the bottle?
