KILLED ON R. R.

A HORRIBLE ACCIDENT AT CHERRY RUN.

David Aurand, a Freight Brakeman Loses His Life While Attempting to Jump on a Moving Car.

Another horrible accident took place on the railroad last Friday morning in which David Aurand, a brakeman was killed. The freight train was thrown under the wheels and was horribly mangled, death ensuing in a short time.

The train of which Aurand was brakeman is No. 154, with Theodore Cherry, engineer, and Samuel Conrod conductor. The freight runs between Bellefonte and Sunbury, and on last Friday morning was east bound.

At Cherry Run, which is only a few miles from Coburn, it was necessary to do some switching, and the crew had orders to place a car on the siding at that place. Aurand was at the switch and had set it to throw in the car, and it was his intention as it passed the switch, to jump it and set the brakes. When he jumped on the car, which was moving rapidly, it is supposed his foot slipped and he was precipitated down upon the track in front of the moving car, under the wheels. It would have been impossible to stop the car to rescue the unfortunate man, and the car passed over him. He was seen to fall and his fellow brakeman ran at once to his assistance.

The wheels passed over his left leg almost severing it from the body, and his left arm was also cut off. He was otherwise bruised and mangled and death was only a question of a few minutes.

Aurand did not lose consciousness and conversed with those around him until death set in, which was about one half hour after the accident.

His body was placed on board the train and taken to Millinburg, where it was prepared for burial. On Saturday morning the body was taken to Bellefonte and interred in the Bald Eagle cemetery.

Aurand was a single man and was aged about twenty-three years, and had been on the road for about one year as brakeman. A brother of the unfortunate man is also in the same crew.

They are originally from Blair county as we understand, and had lately removed to Bellefonte where they boarded.

Democratic Committee Meeting.

County Chairman L. A. Shaeffer has issued a call for the chairmen of the different voting precincts to meet in Bellefonte on Saturday, April 2nd.

According to the resolutions adopted at the last County Convention each county will be entitled to one congressional delegate for each 500 democratic votes polled which will entitle Centre to ten delegates in the congressional conference. The county is to be divided accordingly into ten congressional delegate districts, of contiguous precincts and of equal number of democratic votes as can possibly be done; and each district will elect its own delegate. The committee will meet for the purpose of making this division and to transact other important business. A full attendance is desired on this occasion.

Those Who Flitted.

Some citizens have already changed their place of residence in town and flitted to their new homes. Arb. Katherman has removed from Church street to the station, into the house vacated by Daniel Smith, Andy Reesman has left Church street and resides in Mrs. Mary Smith's residence, opposite the REPORTER office, Cyrus Goss, of Boalsburg, will occupy the house vacated by Andy Reesman. Today and tomorrow, Thursday and Friday, it is expected the balance will be on the move. Much changing around will be done.

Gave Birth to an Eight Legged Lamb.

A few days ago a ewe belonging to Mr. Jacob Meyers, near Linden Hall, gave birth to a monstrosity which would have excited the envy of a dime museum manager. It was a lamb having one head and two perfect bodies. The bodies joined at the base of the neck, and were perfectly formed throughout, having eight legs and other organs. The lamb only lived a short time after its birth and excited much curiosity.

Cut Down Prices.

Lewins, at the Philadelphia Branch, Bellefonte, has made a big reduction in prices on all winter goods. An overcoat or warm suit of clothes can now be secured at cost. The goods must be sold to make room and he proposes to make the low price sell them regardless of any profit. No shoddy and every article purchased a bargain. Take advantage of this cut in price and you will not regret having done so.

Nominated for Mayor.

Major C. G. McMillan, formerly landlord of the Broeckerhoff House, Bellefonte, has been nominated by the Democrats of Dayton, Ohio, for Mayor of that city.

—Mingle's shoe store receives new stock every day. Prices are always fair and reasonable.

Goes to New Bloomfield.

Our friend and fellow citizen, Joseph M. Gilliland, of Centre Hill, has left the old Gilliland homestead and moved to New Bloomfield, Pa., where he will engage in the grain business. We, and all others, regret to lose Joe, as he was one of Potter township's most esteemed citizens, and besides being a successful farmer he was possessed of intelligence and good business qualities, and was a valuable citizen. The people of New Bloomfield and vicinity will have in Mr. Gilliland an addition in whom they can place the utmost confidence, and who will prove useful in whatever position he is placed.

With the removal of Mr. Gilliland Potter township is left without any one of that name. For ninety years the name of Gilliland has been a familiar and honored one in this large township, and unless Joe comes back, or some one of the same name moves in, Gilliland, for the first time in well nigh a hundred years, will no more appear on the township roll. The Gillilands were among the early settlers of these parts. Success to Joe and his.

Stocked With Trout.

The editor of the REPORTER had an order filled for 2000 trout, which were put into Pine creek, above Coburn, Thursday last week, to stock that stream. Mr. Jonathan Harter, of Millheim, was at the station on that morning to receive the new comers, and he saw to it that the speckled beauties were put in their new home, in Pine creek, according to direction. Now don't let any one violate the fish laws, by fishing with nets and out of season. The penalty is very severe and when the violator of the fish laws goes through a prosecution once, he will not want to go through it a second time.

How the Burgess of DuBois Worked Them.

The Burgess of DuBois created a sensation one day last week by chaining together six tramps, and, with himself at their head, paraded the principal streets of the town. His object was to expose them to public ridicule and thus rid the town of their presence. The tramps were greatly chagrined at their treatment and left the town.

He was landlord of the Ward house at Tyrone, in its early history, and a prominent citizen. For several years past he has conducted the Boyer hotel and restaurant in Tyrone.

Suspended For a Few Days.

P. S. C. Catalogue.

The catalogue of Pennsylvania State College for 1892 was received and from the increase in the number of students over previous years, and the improvements in various lines of study shows the institution is prospering and improving.

SUSTAINED SEVERAL FRACTURES.

D. C. Keller Falls Down a Hay Hole and Receives Severe Injuries.

Mr. D. C. Keller, the cattle dealer, some time ago took a car load of cattle to eastern markets to dispose of. He always stops at Radnor, near Philadelphia, where he unloads same. One day last week while engaged in throwing down hay from the mow in the stables at Radnor, to feed his stock, he did not notice the hay hole being covered and attempted to walk across, the result was that he was precipitated to the floor below, a distance of about eighteen feet. He sustained severe injuries in his fall, several ribs being fractured and his left arm broken above the elbow, and was otherwise injured.

Mr. Keller was able to return to his home near Centre Hall on Friday morning and looked as though he had come in collision with a freight train.

TRANSFERRED ELSEWHERE.
Came in—1894
Rev. Illingsworth Has been Transferred to Another Charge.

In the appointment of ministers at the Methodist conference which convened at York, Pa., Rev. R. W. Illingsworth, who had a charge at Morrisdale Mines, was assigned to the Pennsylvania M. E. charge, but other arrangements have been made and Rev. Illingsworth will not arrive here. He has been transferred to the Williamsburg charge instead and some other pastor will be appointed in his stead, but who as yet we are unable to say as the appointment has not been made at this writing.

A Few Simple Remedies.

The New York Ledger says that hemorrhages from the lungs may be alleviated by placing the patient in bed in a sitting position, and giving teaspoonful doses of salt and vinegar every fifteen minutes. Night sweats may be checked by sponging the body at night with very hot water. To tone up the skin, rub the body briskly in the morning with a bathing towel wrung out of salt water; the salt enters the pores and stimulates the skin to healthful action. The above are cheap and simple remedies and worth giving a trial by all subject to hemorrhages and night sweats.

A Successful Sale.

The public sale of Joseph Gilliland, near Potters Mills, on Friday, was the most successful held in this section yet this season. It was advertised to commence at 10 o'clock, but at nine o'clock there being such a crowd already congregated the auctioneer, Mr. D. R. Sweetwood mounted the block and commenced a hard day's work, which he successfully executed. Articles sold amounted to about \$2,000, and everything brought good prices. Postmaster Brisbin held up his end as clerk.

To Discern the Man of the House.

A close observer of such things puts it this way. "When you pass a farm and see a large barn and a small house you may know that the man is boss; when you see a fine house and a dilapidated barn, you may understand that the woman has things her own way; and when there is a new house and a good barn, you may take it for granted that the man and woman are equals, and work together in harmony."

The W. C. T. U. On Their Ear.

Much indignation has been aroused in W. C. T. U. circles of Williamsport by the action of the county commissioners in refusing the use of the court house for a lecture. The commissioners allow the use of the building for political meetings and the W. C. T. U. feel that they are being boycotted.

Food From Wood.

A German physician claims to have discovered a method by which palatable and nutritious bread can be made of wood. When this is proven, all that a man will have to do to earn his bread by the sweat of his brow, will be to get the axe, go out into the wood-yard and chop down the family baking.

Living to Grace the Table.

A Millin county farmer informs the Lewistown Free Press that a hen belonging to him which was buried in a load of corn fodder just before Thanksgiving day was exhumed the other day, somewhat feeble, but still living, and that she gives every indication of recovering and living to a hale old age.

THE \$3000 HORSE.

DID BITERS GET BITTEN IN THE PERCHERON?

An Unlooked for Event in the Percheron Stock Company. Gilded Air Castles Eudely Rent Asunder.

Bucephalus was a noted steed in history, for none dared mount him but Alexander the Great, and upon him the conqueror of the world was carried through his campaigns.

But it is not of royal Bucephalus that we are going to speak now, but of a Percheron of noble blood from away off Nebraska, that was brought in here, and sold to Pennsvalley admirers of good horse flesh for three talents of silver—\$3000—or something like \$1,70 per pound.

A Percheron association was formed and shares sold at \$100 per share, whereas the western sharpers were greatly pleased and the stallion passed into the hands of the company, in exchange for \$1500 in cash and \$1500 in paper—three notes—which passed into the hands of the speculators in Nebraska horse flesh.

No doubt all the Nebraskan dealers realized upon the stallion outside of the notes, was a bargain well driven, and the paper was left on a shave in some bank.

The notes, in three denominations, maturing at intervals, are beginning to ripen, and on them are the names of seven individuals who don't take near as much stock in a Percheron as they did over a year ago, and in fact would transfer a \$100 share, for 100 cents—because they are of the opinion they were bitten. But as the notes are becoming due so the signatures to them are becoming in-comatable financially, and maybe the biters are going to be bitten now,—for turn about is fair play.

The stallion has been in the keeping of Mr. Runkle, of near Centre Hill, for over a year and he has a claim of \$500, as we are told, for expenses of keeping, and should the horse go under the hammer to satisfy this claim, likely he would be knocked off at a less sum. The former owners of the animal, no doubt in the part cash they received, are already well enough paid for their goods—even if the three notes do not materialize when they mature.

A Race.

A large dog and a tin can had a lively race through town on Sunday afternoon. The dog was ahead, but the tin can was close on to his heels and the distance between the two about the same as the pair passed our office. The dog made about as much noise as the tin can. Which got ahead, we have not yet learned—perhaps the race is still going on, being it was a tight match.

If there is any one animal that can keep close up to a dog's heels in a fair race, it is a tin can, and neither will stop to look back either, each so intent to get ahead. If any of the REPORTER's readers should get a glimpse of the pair still in their first heat please telephone us which is ahead, as it is a more interesting amusement than a base-ball game.

DuBois Whiskey Fetched Him.

William Johnson, a young colored man, aged 23 years, of DuBois, with some companions, stole a jug of whiskey Tuesday of last week and held a carouse in Johnson's shanty. In the morning Johnson's shanty was found dead in his bed, and the coroner's jury decided that he died of excessive drinking. When he was lifted from the bed more than a pint of whiskey ran out of his mouth. There is a rumor that after he was dead drunk his companions poured liquor down his throat. The matter is investigated.

Insanity Cured.

Some time ago John Schuchman, of Phillipsburg, was taken to the University hospital, at Philadelphia, for treatment for insanity and had an operation performed. A cyst, which had formed at the base of his brain, was opened and cleansed and the wound carefully closed. The operation was successful and he returned home to Phillipsburg in a perfect state of mind.

"The Queen's" Prize Problem.

Mr. A. and Mr. B. have to cut down a mighty tree. The time 'twill take for Mr. A. this mighty tree alone to slay, is sixty minutes—standard time. Beneath B's blow, the bulk sublime goes to the ground in half that time. The question now we ask of thee is how long 'twill take to cut this tree if both begin—one on each side—and thus their labor do divide?

THE QUEEN will give an elegant Mason & Risch or Steinway Fine Toned Upright Piano to the first person answering the above problem correctly; an elegant Gold Watch for the second correct answer; a China Dinner Set for the third correct answer; an elegant Silk Dress Pattern for the fourth correct answer; and many other valuable prizes. Valuable special prizes will be given for the first correct answer from each State. Each person answering must enclose fifteen U. S. two cent stamps for "The Canadian Queen Galop," the latest and most popular piece of fifty cent copyrighted music issued during the past year, just out, together with copy of THE QUEEN containing full particulars. It Is a Good Thing.

I say this for Pan-Tina: I have been in the drug business many years, and this is one of the most successful cough remedies I have sold. A case in point, a neighbor Mr. L. H. Nicodemus, had a chronic cough of six years' standing, which no medicine would relieve. I recommended Pan-Tina, and its effect was magical. It is a good thing. J. ROSS MATEER, Altoona, Pa.

Pan-Tina is sold at 25 and 50 cents at J. D. Murray's Drug Store.
