A SERIOUS FIRE.

REBERSBURG THE SCENE OF A SERIOUS CONFLAGRATION.

Thomas and Son's Store and Several Dwelling Houses Destroyed by Fire on Friday Night.

Last Friday night, April 1st, the town of Rebersburg was the scene of a conflagration, which entailed the loss of much valuable property.  
Between ten and eleven o'clock the cry of fire was heard and the citizens of the town in a few minutes responded to the call. Thomas and Son's store was in flames and by the time assistance was at hand the flames had gotten beyond control and all efforts were made to save the adjoining property.  
The buildings were closely connected, and with all the efforts of the citizens the flames communicated to the adjoining buildings and before it had spent its force, the store room and dwelling house, the property of Mr. John Harter, a dwelling house of Mr. John C. Smull, and the dwelling of Mrs. Polly Royer were in ashes.  
The fire started in Thomas' store room. Thomas and Son had been removing their goods as the property had been rented to other parties, and had near all the goods packed ready for removal. The goods were all destroyed and none could be removed as the flames spreading so rapidly made it impossible. Most of the furniture in the dwellings had been removed.  
The loss entailed will amount to near \$10,000, partly covered with insurance. Mrs. Royer's policy had expired only a short time previous and her loss will be entire. John Smull had \$700 insurance on his property in the Centre Hall company.

Robbery in Georges Valley.

The residence of Samuel Harter, in Georges valley, was entered on last Saturday night, and a pair of new rubber boots belonging to Mr. Harter and a pair belonging to his wife, were stolen. The thief then went up stairs and entered the room where the hired man was sleeping and stole a new silver watch and chain. The thief was in his bare feet, as shown by marks, and gained his entrance by hoisting a window.

Mr. Harter also complains of many of his chickens having been stolen recently.

They are hustlers all of them in a business way and the business will be given an impetus hitherto unknown in Centre Hall.

The Foremost.

We are extremely modest, but are heir to all ills of human flesh and when any one says anything of us in the complimentary way, we are just like the rest in leaving every one else know of it. From the Sugar Valley Journal, of last week, we clip the following:  
"THE CENTRE REPORTER, under the able management of Fred. Kurtz and son, is getting to be one of the best family newspapers in Centre county. It gives all the news in a clean and spicy manner."

Cut Down Prices.

Lewins, at the Philadelphia Branch, Bellefonte, has made a big reduction in prices on all winter goods. An overcoat or warm suit of clothes can now be secured at cost. The goods must be sold to make room and he proposes to make the low price sell them regardless of any profit. No shoddy and every article purchased a bargain. Take advantage of this cut in price and you will not regret having done so.

Elected to Fill Vacancies.

W. A. Krise left Spring Mills last Thursday, to pay a visit to friends and relatives in the Flood City. On his arrival there, he learned that the directors of Dales borough, a suburb of Johnstown, having learned of his coming, had elected him to fill a months' vacancy in one of their schools, which was caused by one of their teachers resigning. About the same time his son, W. S. Krise, who had been teaching in Conemaugh, was elected to fill a two month's vacancy in the City schools, at a salary of \$50. Both commenced teaching April 4th.  
Mr. Krise reports the weather at Johnstown as extremely warm. On the eastern slope, after leaving Altoona, April 1st, the mountains were covered with snow, but on the western slope, from the summit westward, none was to be seen, and from Blairsville westward there was no snow during March, the heavy snow of February 29th having fallen as rain there.

The Bellefonte Central Opened.

A message from Bellefonte says: Today the Bellefonte Central railroad opened for traffic to State College, a distance of two miles further than it ever run before. It is also stated that work will at once be begun to complete the road from Bellefonte to Beech Creek to connect with the Beech Creek and Southwestern. This would give Bellefonte a competing line, and would perhaps be the means of starting up a number of the idle works around this place.

Robbery at Spring Mills.

The hotel of our friend Ruhl, at Spring Mills, was robbed last Saturday night. The thief gained entrance by managing to raise a front window. He proceeded to the bar drawer, and seeming to have a knowledge of the combination, got it open and rifled the drawer of sixty-five cents and a gold watch, the latter said to belong to Will Krape. He then searched other parts of the house for money, and other valuables, but finding nothing to suit, left with what is above named. As none of the liquors were missing, it may have been a tee-total abstinence fellow who was after booty.

Will Be Dropped.

The postoffice department has at last come to the conclusion to drop the letter "h" in burg. Now the "h" will have to go.

KILLED AT PARDEE.

ANOTHER HORRIBLE ACCIDENT ON THE RAILROAD.

Linn Smith, Engineer at the Pardee Saw Mill, Almost Instantly Killed on Monday by the Freight Train.

Of late, fatal accidents on the railroad have become numerous and this week we again chronicle the sad accident which occurred on Monday, at Pardee station, several miles below Paddy Mountain, in which Linn Smith, engineer at the saw mill at Pardee lost his life by being run over by the freight and cut to pieces.  
Freight train, No. 154, manned by engineer Theodore Cherry and conductor Conrad arrived at Pardee station, at about noon on Monday. At this place a great deal of shifting of cars is done, as Pardee station is the outlet for large timber tracts.  
Linn Smith, engineer of the saw mill at Pardee was standing leaning against a corner of a car which was standing on a siding in front of the mill. While the freight crew were drilling the cars, it is supposed he did not notice that they intended placing a car on the siding. The engine backed in and struck the car against which Smith was leaning, and suddenly set it in motion. Smith was knocked down by the sudden shock and fell upon the track right across the rails. The wheels of the car passed diagonally across his breast below the shoulder to his hip, almost severing his body in twain. One arm was cut off and he was otherwise horribly mangled. Death was almost instantaneous and he suffered none from his terrible injuries beyond the first shock.  
Smith was a young man, and had a wife and two children. Where he was killed was only about fifty feet from his home. He was a son-in-law of Emanuel Eisenhuth.

AT COUNCIL.

The Street Commissioners Instructed as to Cleaning up Public Thoroughfares.

Council met in regular session on Friday evening April 1. This was the first meeting of the new Council, only four members were present. There was very little business to do. After the payment of bills amounting to \$2.55 the street Commissioner was instructed to see that all streets and alleys would be cleaned of ash piles rubbish etc. as soon as weather would permit.

An Important Decision.

A decision was given in the Evangelical association case in the Cuyhoga county Ohio, circuit court this morning. Judge Upson held that the Buffalo conference acted in accordance with the church discipline as it has always been construed by the church when it left the appointment of the place for holding the next general conference in the hands of the board of publication. The board fixed upon Indianapolis, and the conference held there by the adherents of Bishops Bowman and Esher was the true general conference and its act binding. This was a sad blow to Bishop Dubs and his followers. They took exceptions and asked the court for a special finding of facts.

The Boro Statement.

In another column will be found the statement of receipts and expenditures of Centre Hall borough for the year 1891. From it, if figures don't lie, we find the finances of the town in excellent shape. One year ago there was an indebtedness of over \$300 made for improvements, which deficit has been nearly paid off. In looking over it, however, some croakers with moss on their backs, will find some item over which to ventilate their spleen.

A Deep Cut.

To make room for spring stock on his counters, Lewins, at the Philad. Branch, Bellefonte, is disposing of his stock of winter goods at cut prices, and they are cut deeply. A heavy winter suit or an overcoat can be secured at a low figure from him. This is an opportunity seldom accorded the people of this valley.

The First Thunder Storm.

An old fashioned thunder gust set in on last Sunday night, at nine o'clock. The lightning was vivid and the thunder loud. A copious shower of rain was also one of the items. As a spring shower—the first of the season—it was welcome. All last week was spring-like.
