

RACKET STORE NEWS.

WHEN YOU

Are all done talking—age before beauty, U kno—the Racket, a fat and saucy youngster, a little more than 3 years old, has a word to say:

The first day the store was opened the low prices plainly marked on every day necessities were in marked contrast to the price you had been paying for similar or inferior goods.

One Price to All.....

No discrimination, no tricks, no misrepresentation—was another point. Have we faithfully carried this out? We are willing to let U answer.

Still Another Point.....

which we think we have established beyond the shadow of a doubt—is that while the prices asked U are uniformly as low as U can find the same goods anywhere in the United States, the quality is first class and up to the standard. This admitted we propose to

RUNS TO COBURN.

AN ADDITIONAL PASSENGER TRAIN PLACED IN SERVICE.

A Convenience to the People of this Valley Which Will be Greatly Appreciated. From Bellefonte to Coburn and Return in the Evening.

In last week's issue of the REPORTER mention was made of the necessity and convenience to the residents of the valley of an additional passenger train to run from Bellefonte to Coburn, but few had little idea of the promulgation of the scheme set forth in the article. It seems the Pennsylvania Railroad company has always at heart the convenience of the public and on last week issued orders for the running of an additional passenger train from Bellefonte to Coburn, to go in effect on Monday, 23rd inst.

For the people in the valley who had business in Bellefonte and went by rail, the time for same was limited and they were compelled either to postpone same or remain in Bellefonte all night. Heretofore they arrived in Bellefonte about 9.15 a. m., and departed at 2. p. m., only allowing about three hours for the transaction of business, which was entirely too short, but now they can get to Bellefonte at 9.15; and have all day to business, leaving at 6.00 p. m., allowing four hours more.

The train made its first trip on Monday evening, and was run by conductor Reamer's crew, and the initial trip was a success. The train passes Centre Hall at 6.42, and arrives at Coburn at 7.10, leaving Coburn at 7.25 and Centre Hall at 8.03, arriving at Bellefonte at 8.45, making close connection with the Bald Eagle train for Lock Haven, Williamsport, etc.

The train is exactly what the people of the valley are greatly in need of, and the patronage it will receive will cause its continuance upon the schedule.

Could we but have a train up from Montandon, connecting with the news express there, arriving at Centre Hall about noon and a Sunday train, the railroad facilities of this section could be little improved upon, and we would have all that could be desired in that respect.

Judge Dean's Decree.

At the close the Blair county license court Judge Dean filed the following advice to hotel keepers in the form of a decree:

"We call the attention of hotel keepers who have been granted license to the fact that they are licensed because of the necessity of their house for public accommodations not only in the sale of liquor but with furnishing the public with food and lodging. Not all the public, by any means, care for liquor; however, do want good food and comfortable beds and rooms. At the next consideration of these cases we will hear remonstrances by any one of the public who choose to complain as to any part of the hotel accommodations. Uncleanliness, delapidated furniture, insufficient or poor food, will be considered ground for refusing licenses. Further, the keeping open of bar-rooms until late hours of the night will be considered evidence of a poorly regulated hotel and treated as a good reason for a refuse of license."

A Maniac's Wild Gallop.

A madman, without hat or coat, galloped his horse from Mosquito Valley, six miles from Williamsport, to that place, Sunday afternoon, and without stopping his foaming courser he dashed through the court house door and rode down the main corridor. There were many people in the hallway and they scampered in every direction. The madman, who is George Fausel, galloped clear through the building, and out in the yard he was captured. He said he had come for justice. He is dissatisfied with the recent settlement of an estate and wanted the matter changed.

Remember the Evening.

Bear in mind that Monday evening, May 30th; is the time when ice cream, cake, coffee, etc., will be served in the rooms over Harper & Kreamer's store. The rooms will be open all hours during the evening and the ladies will try to please all as to refreshments. It will be refreshing, after the parade and Decoration services are over to call at the rooms and try the ice cream and coffee. Give them a call.

Meeting of Picnic Committee.

The picnic committee met in the grange hall in Centre Hall on Saturday afternoon and all members were present. Business relative to the coming exhibition was transacted and several improvements advised which will likely be carried into effect. The exhibition will be held in September, about the same time as last year.

Stockings at Meyer's Bazaar.

To begin with, you can rely on our goods being just as represented. They are positively fast black. We also keep the colored hose, and red hose for children. Our boys hose, double knee and heel, beats all former records. Come and be convinced that we have the finest line in town.

CASH BAZAAR, Bellefonte, Pa.

May be a Compromise.

A compromise in the case of W. H. Dill, ex-President of the First National Bank of Clearfield, who is charged with the embezzlement of its assets, which resulted in the collapse of a bank several months ago, has been proposed and the terms will likely be accepted.

Dill was to have been placed on trial Thursday in the United States District Court at Pittsburgh but at the request of his counsel the case was continued on the list until next Tuesday, by which time, it is expected, a settlement will have been made. The Department of Justice at Washington will be petitioned to drop the case, if the creditors accept the terms proposed by Mr. Dill. He is charged with embezzling \$103,000 from the Houtzdale Bank, one of the institutions with which Dill did business, and will give a judgment note for \$23,000, besides \$10,000 in cash and a first mortgage of \$40,000 on certain land, leaving a balance of \$30,000 unsettled which will be paid by stockholders.

A Perfect Gate.

The Tilting Gravity Gate, invented and patented by A. Duck, Savage, and Wolf, of our valley, is nearer perfection than anything in this line ever brought out. No faultfinding nor room for improvements. It will be put up within a few weeks at several points in Centre county for inspection by the people. E. Meixell consented to assist in its introduction by the sale of territory and individual rights. No investment will pay as well as the manufacture of this convenience. Big money was offered for one state but the plant being in its bud, (the date of application February 27th, 1892,) it may be wise to move cautiously. Orders for some seventy gates have already been received.

For the W. C. T. U. Column.

That an honest man sometimes does a dishonest act when in liquor is illustrated by the following which we clip from the Lock Haven Express of the 19th inst: Last Saturday night a window in W. A. Mosher's liquor store was broken and several pint bottles filled with whisky were taken. On Monday Mosher received a letter stating that the writer had broken the window and had taken three of the bottles, but was intoxicated at the time and would pay three dollars for what he had done. No name was signed to the letter. Yesterday two dollars were received by Mosher, with the assurance that the third dollar would be paid in a few days.

Encouraging Railroad News.

The gentlemen who contemplate building a railroad through Sugar valley faithfully promised our people that if they would secure a free right of way active work would be commenced on the road within sixty days, says the Sugar Valley Journal. The committee has succeeded in securing the right of way and submitted a report to the officers of the company, who, after taking deliberate action upon the matter, have decided to build the road, and our people are now anxiously looking forward to the date when actual work will be commenced on the road.

The Right Kind of Charity.

Rev. J. Mueller, pastor of St. James' Lutheran church in Altoona, has distinguished himself greatly for his great act of charity. Some time ago he began collecting funds for the relief of the starving Russians, and the other day he sent away \$21,000, the result of his labors. He traveled far and near and aroused the sympathy of his hearers until he has succeeded in collecting this magnificent sum.

Fell into the Fire.

On Tuesday of last week, John Reber, of Limestone township, Union county, was burning brush on a hill side when he was seized with an epileptic fit, fell over and rolled into the flames. A little boy who was with him, was unable to drag him away, but quickly summoned help, but not before Reber received burns which will likely end fatally. He was frightfully burned from the hips down.

Memorial Services.

Rev. Minnich will preach the Memorial sermon on Sunday morning next before the Samuel Shannon Post, G. A. R., in the Methodist church. The Post will attend the services in a body. All are invited to attend and listen to the able discourse which Rev. Minnich, himself a veteran, will deliver.

Which is It?

An enigma is going the rounds of our exchanges, which reads as follows: "My name is composed of three syllables. My second and third is what nearly every farmer is striving for, my first is the place to go and get it, and my whole is a county in Pennsylvania."

To Orate at Gettysburg.

Governor Beaver will deliver the oration at the dedicatory exercises at the "Highwater Mark" gathering at Gettysburg on June 2nd.

A guarantee goes with all goods purchased at Mingle's shoe store, Bellefonte, and when a purchase is made it can be depended upon as reliable.

Another Board Walk Verdict.

Daniel Stone recovered four hundred dollars damages in the Cameron county court recently against the borough of Emporium for a broken leg which injury he received from a defective board walk. Four hundred dollars would have gone a great ways toward repairing the walk, but before the accident it could not be seen. The borough of Emporium will now lock the stable after the horse is stolen, but better late than never. If Centre Hall were called upon to pay \$400 damages what amount of grumbling there would be at the borough authorities for not enforcing the ordinances, and there is just about as much when it is tried.

Half Rates to Gettysburg via Pennsylvania Railroad.

On Thursday, June 2d, 1892, the "High Water Mark" Monument will be dedicated on the field of Gettysburg. This monument marks the highest point within the Union lines reached by Pickett's troops in the memorable charge of July 2d, 1863. The monument has been erected under the auspices of the Battlefield Memorial Association. The dedicatory ceremonies will be highly interesting, consisting of speeches, poems, music, and military exercises. A large number of veterans, both officer and privates, will be gathered on the historic field and the occasion will be a most memorable one. For the benefit of those desiring to attend, the Pennsylvania Railroad Company will, on June 1st and 2d, sell excursion tickets from all principal stations on the lines to Gettysburg at a single fare for the round trip. Return coupons will be valid for use until June 4th, inclusive.

Horse Stolen.

A large dapple gray horse was stolen from the stable of S. H. Irvine, in Barree township, Huntingdon county. The thief's name is Walter Colum. He took from other parties two sets of harness, buffalo robe, blanket, etc. He was traced over through Penn's Valley to Linden Hall and Centre Hall, and down to Spring Mills on last Sunday. It is supposed that he traveled towards Lewisburg. A reward of \$75 has been offered for his arrest and conviction.

New Money Order Offices.

The postoffice department recently established a large number of new Money Order offices all over the United States. The Big Headed Editor.

An exchange says the editor who is endeavoring to keep himself before his readers all the time, and is constantly telling them what an excellent paper he publishes, makes a mistake. They probably know more about him than he is aware of, and have abundant opportunity to make up their minds concerning the quality of his paper without his advice.

BELLEFONTE FIRE.

A CONFLAGRATION AGAIN VISITS THAT TOWN.

Gerberich, Hale & Co.'s Warehouse and Flouring Mill Destroyed By Fire on Wednesday Morning. Loss \$50,000.

The most disastrous conflagration that has visited Bellefonte for several years was discovered at 1.30 o'clock, Wednesday morning, in the immense grain warehouse of Gerberich, Hale & Co., near the Pennsylvania freight depot at the foot of Lamb street.

Flames were first discovered issuing from a warehouse, occupied by Gerberich, Hale & Co., for the storing of grain and by the time the alarm was given the flames had got beyond control, and efforts were made by the firemen to save adjoining property.

The warehouse had in it 15,000 bushels of wheat, 800 bushels of eared corn, and a lot of machinery belonging to Gerberich Hale & Co. P. B. Crider & Son, had part of the warehouse rented and kept in it sash, doors, mouldings, glass and nails all of which was totally destroyed.

The flames were only a few minutes in communicating with the valuable flouring mill adjoining, the firemen being compelled to retreat owing to the intense heat, and the mill became a mass of flames. Efforts were made to remove the flour stored in the mill and about fifty barrels were thus saved from the flames.

The flames spread rapidly through the adjoining lumber yard of P. B. Crider & Son, and in less than half an hour there was a blaze that covered an acre of ground. Between twenty and twenty-five piles of lumber were destroyed by the flames, and it seemed for the time being that part of the town would be destroyed. Fortunately there was no wind to carry the sparks across the stream to Lamb street though windows on Thomas street 200 yards distant, were cracked and houses scorched brown by the intense heat.

The two buildings destroyed were Bellefonte's most historic structures, the mill having been built in 1800, before the town was laid out; and the warehouse was formerly the depot of the old Pennsylvania canal company, and was located on the canal basin.

The loss to Gerberich Hale & Co. is about \$40,000 with an insurance on the burnt property of about \$20,000. P. B. Crider & Son's loss is fully covered by insurance.

Closed Down.

The Bellefonte Republican says: For a long time there has been grumbling among the men who work at Valentine's rolling mill on account of the wages paid. This discontent grew until there were not enough of men at work to make it pay for the company to continue and so last week the mill shut down for an indefinite time.

Passed the Examination.

Roland C. Curtin, son of General J. I. Curtin, of Bellefonte, successfully passed the examinations for entrance to the U. S. Naval Academy, at Annapolis. The examinations were held last week and were also attended by Simon Dinges, of this place, as alternate candidate, and whose chances depended entirely on the examination of Curtin.

Absent to Class.

Owing to the absence of the pastor to Classis, at Lock Haven, last week, there were no services in the Reformed church on Sunday. Mr. Jacob Wagner, of Tusseyville, was appointed a delegate by Rev. Eisenberg. They returned home again Monday morning.

Found Dead in the Woods.

About two weeks an old soldier named James Nolan, who made his home with a friend at Hammersley's Fork, Clinton county, disappeared. On Tuesday his body in the woods at a place called Tamerack swamp. The appearance of the body indicated that death was due to natural causes.

A Curiosity.

There is a curiosity at the home of Ellis Allen, in South Phillipsburg. An old hen has taken charge of a litter of four puppies which she cares for just as if they were chicks. She will sit on them and cluck and call them to eat in such a manner that it is indeed an interesting sight to behold.

What Next.
