ures grotesque and grave. One formation reminded us of the capitol at Washington. One can ride days and nights and these wonderful rock formations are ever in view, constantly changing.

June 3rd, as our train held up in one of the mountain passes, the writer found a big head of snow among some rocks near the track, and it was but a few moments until the passengers indulged in a regular winter sport of snow balling each other. A passenger train was snow balled as much to the amusement of the passengers in it as to our people who pelted them with snow. Before reaching Leadville I telegraphed to Tom Motz to be at the station and see some of his cousins. When the train stopped at 8.30 I stepped on the platform and found Tom there, and in a carriage drove T. Harper and wife and the writer, to his residence.

Tom, after a short stay at his residence, to have a chat with Mrs. Motz, (nee Stover, daughter of G. W. Stover, of Pennsylvania,) took us around to see the sights of Leadville, one of the wickedest places on Uncle Sam's farm. Gambling in all its forms is an all night and all day affair here and public. All the other imaginable vices are to be found here, lying around loose and indoors. There are some fine people in Leadville, notwithstanding. A two hours stay and we were taken to the train for other points. Leadville has 10,000 population; has an elevation of 11300 feet, which makes breathing difficult for all strangers. Mr. and Mrs. Motz accompanied us to the train regretting our stay was so short. Mr. Motz engages in gold mining on his own account, and is laying up no mean pile. Here is the water shed between the Pacific and Atlantic, a tunnel near by has water running to the Pacific in its centre and on the other side it runs to the Atlantic. Leadville is a purely mining town, with gold, silver and lead mines around it almost as thick as fence corners in Pennsylvania.

Southern Nebraska through which we passed is a charming country; it is a fertile prairie, and crops look fine.

Our train was wrecked on the morning of the 4th, near McCook, the town that was struck by the fearful cyclone the day previous. Five cars overturned, tearing up rails and ties, and plowing up the prairie like a corn patch. Wonderful to tell, besides one broken arm and slight bruises, there was no serious injury to the passengers.

Five cars and the engine broke loose and proceeded right ahead to the next station, to summon physicians and aid. The wreck looked fearful. The car the writer was in, being in the rear remained at an angle of 45 degrees.

Iowa is a grand country as seen from the cars, and the crops are looking finely. F. K.

Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my Lungs, cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all, eight bottles; it has cured me, and thank God I am now a well and hearty woman." Trial bottles free at J. D. Murray's Drugstore, regular size, 50c. and \$1.00.

Hon. W. V. Lucas, Ex-State Auditor of Iowa, says: "I have used Chamberlain's Cough Remedy in my family and have no hesitation in saying it is an excellent remedy. I believe all that is claimed for it. Persons afflicted by a cough or cold will find it a friend." There is no danger from whooping cough when this remedy is freely given. 25 and 50 cent bottles for sale by J. D. Murray Druggist.

The following item, clipped from the Ft. Madison (Iowa), Democrat, contains information well worth remembering: Mr. John Roth, of this city, who met with an accident a few days ago, spraining and bruising his leg and arm quite severely, was cured by one 50 cent bottle of Chamberlain's Pain Balm." This remedy is without an equal for sprains and bruises and should have a place in every household. For sale by J. D. Murray Druggist.

## We use Alcohol

pure alcohol to make WOLFF'S ACME BLACKING. Alcohol is good for leather; it is good for the skin. Alcohol is the chief ingredient of Cologne, Florida Water, and Bay Rum the well known face washes. We think there is nothing too costly to use in a good leather preservative.

Acme Blacking retails at 20c. and at that price sells readily. Many people are so accustomed to buying a dressing or blacking at 5c. and 10c. a bottle that they cannot understand that a blacking that they cannot understand that a blacking can be cheap at 20c. We want to meet them with cheapness if we can, and to accomplish this we offer a reward of

# \$10,000

for a recipe which will enable us to make WOLFF'S ACME BLACKING at such a price that a retailer can profitably sell it at 10c. a bottle. We hold this offer open until Jan. 1st, 1893.

### Two Bottles Cured Her. VI

CARROLL, Iowa, July, 1890. I was suffering 10 years from shocks in my head, so much so, that at times I didn't know my name. I took medicines from many doctors, but did not get any relief until I took Pastor Koenig's Nerve Tonic. The second dose relieved me and 2 bottles cured me. S. W. PECK.

HARRISVILLE, Pa., March, 1891. We began using Pastor Koenig's Nerve Tonic for our 14-year-old daughter (who had had epileptic fits since she was 5 years old) over a year ago with little hope of any good, as we had been so often disappointed in other remedies, but soon after using this medicine she began to get better, and we hope that any and all afflicted with this terrible disease will try your wonderful remedy. I recommend your medicine to every one affected with any nervous affection whatsoever. H. S. BINGHAM.
