> Word reached Homestead Sunday morning from official sources in the Amalgamated Association of Iron and Steel Workers that the association of Joliet, Illinois, numbering 13,000 members, had received orders to hold 1,000 men in readiness with arms to go at any moment to the assistance of their comrades at Homestead. Associations from other points also sent word that men would be ready if needed by their

He knew every detail; he knew that the model barges were being fitted up for them and knew all about the weapons, ammunition, uniforms, bedding and orders for subsistence which were loaded aboard of them.
