

THE RACKET.

"When the June bugs go a dancing,
On the ceiling and the wall,
And in melodies entrancing,
From the fence the pussies call,
While the 'skeeters are a humming,
All the night into your ear,
Don't believe that summer's coming,
For it's then already here."

COURT IN SESSION

A LARGE LIST OF COMMONWEALTH CASES.

Court Convened on Monday Morning. D. G. Swartz, of Snow Shoe, Chosen Foreman of the Grand Jury.

The August term of court convened on Monday morning and was called to order by His Honor Judge A. O. Furst, with associates Riley and Rhoads also in their respective chairs. The call of jurors was made and all responded to their names.
The Judge then began his instructions to the grand jury as to their duties and especially as to laws on fisheries. There have been many violations of the fish laws this season and much illegal fishing done, and the Judge instructed the grand jury to take action upon the matter. Mr. D. G. Stewart, of Snow Shoe, was chosen foreman of the grand jury, which body then retired and began their duties.
Monday forenoon was occupied by attorneys presenting documents to the court for his signature.
In the case of Commonwealth vs. Oscar Harm, charged with assault and battery, the jury found him guilty in manner and form as indicted.
Next case up was Commonwealth vs. F. Miles Remer. The case was tried and Remer was found guilty and was sentenced to pay \$100 and costs.
Commonwealth vs. Andrew Huffman, charged with carrying concealed weapons.
Huffman was found guilty in manner as indicted. He was remanded for sentence.
Commonwealth vs. Nathan Haugh, charged with assault and battery. He was found guilty and a fine of \$10 and costs was imposed on him.

THEY WERE FRIGHTENED.

A 4-foot Black Snake Crawls from Under a Sofa in a Parlor.
One day last week several ladies made a call in the afternoon at the home of Mrs. Joshua T. Potter, about two miles west of Centre Hall, and the hostess ushered her visitors into the parlor. The hostess and her friends were soon engaged in an interesting topic of conversation, when a snake was seen to creep from under the sofa in the room. The conversation was dropped all of a sudden, and the parlor was the scene of a panic. One of the ladies fainted at the sight of the reptile and the others beat a hasty retreat. His snakeship however was dispatched. It was a black snake and measured over four feet in length.

TO CLEAN THE PIPES.

The Water Company to Raise the Mains on Church Street.
The directors of the water company at a recent meeting, decided to raise the mains on Church street and clear them of the rust which has formed. The pipes are of wrought iron and 2 1/2 inches in diameter, and were laid in their present position in 1875, and have done about eighteen years of service without repairs.
The supply of water to the consumers of late has been rather limited owing to the pipes being nearly rusted shut, and the company has ordered them cleared. Water manager Luse is performing the job with a force of men and the work will be completed as rapidly as possible and thus inconvenience the residents of that street very little.

Disappeared With \$1,500.

A dispatch says James McMillen, of Snow Shoe, District President of the Centre county P. O. S. of A., has disappeared with about fifteen hundred dollars, and leaving debts to the amount of several thousand. Two warrants were in the hands of officers for his arrest, one for obtaining money on false pretenses and the other for selling liquor without a license.

Republican Primaries.

Saturday afternoon was the time for holding the Republican primaries in the county, and in Centre Hall the excitement was above fever heat. We doubt if even one-half the Republicans knew of the delegate election and to send a delegate one or two congregated at the corner of the diamond and told postmaster Brisbin on the quiet to go as a delegate and vote as the wind blew.

Purchased at Tyrone.

Mr. W. R. Camp, recently proprietor of the undertaking and furniture establishment in Centre Hall, in connection with his brother, J. A. Camp, of Milroy, purchased the undertaking establishment of J. W. McCormick at Tyrone, and at once took charge of same. Mr. Camp will likely remove his family from Centre Hall to Tyrone in a short time.

Shipped a Car Load of Horses.

On Monday morning a car load of horses were shipped from the Centre Hall station by horse dealers Fox and Powell, of Philadelphia. They were purchased in this valley and were a fine looking lot of animals.

At Mingle's shoe store, Bellefonte, all the latest styles in foot wear are kept in stock and at prices lower than elsewhere.

KNIGHTS AT BELLEFONTE.

A Big Day and a Big Crowd at the County Seat.

Last Thursday was a red letter day for the Knights of the Golden Eagle at Bellefonte, as well as for the entire Juniata district. Last year's annual reunion at Huntingdon was largely attended, but it was nothing compared with the demonstration on Thursday. Fully 3,000 knights were on parade and 10,000 people gathered to watch them. Altogether there were thirty commanderies and castles present from all over the district and twelve bands enlivened the parade with martial music. The parade formed at 10.30 and moved promptly at 11 o'clock.
The route of march was all along the principal streets of the town. The Knights drew forth much praise from the thousands of onlookers, and especially was this so in the case of Elmo commandery of Altoona and Crescent commandery of Lock Haven.
At the conclusion of the parade the Knights massed in the diamond and listened to the address of welcome by Hon. John G. Love, and the response by Past Grand Chief A. C. Lytle, of Altoona. In the afternoon a competitive drill between commanderies took place, the commandery from Lock Haven was awarded first prize.
Other amusements of the day were a bicycle race and a parade, band concerts, a game of base ball, a balloon ascension by Mille Mayo, of Cleveland, O., who ascended fully 2,000 feet and then made a daring parachute descent.
At a business meeting Thursday afternoon Past Chief T. M. Simpson, of Osceola Mills, was chosen president, and Dr. W. H. Clossen, of Altoona, secretary, Osceola Mills was chosen as the place of meeting next year and the time was changed from the third Tuesday in August to the third Thursday in September.

A Relief.

Mr. Shannon Boal of our town has a family relic that certainly carries great age. It is a cane which belonged to his great-great-grandfather in Ireland, and bears date 1700—making it about 200 years old. It was brought to this country about 100 years ago, from Ireland, and in outward appearance resembles the sections of a corn stalk, tapering to the end. The top is mounted with a pronged deer horn on the end of which are the following characters in delicate lines, "J. B. 1700." The cane is of hickory.
This heirloom is worthy a niche at the Columbian Exhibition, and might be a good centre for the sons of Erin to rally around and swear by. St. Patrick, for all one knows, may have carried it back in the 4th century, and then found its way into the Boal family. At all events, upon which a book might be written. Its travels in the old country, its trip 'cross the sea, and its one hundred years in America. How many hands it bruised; how many ribs it joggled, and the numbers that leaned upon it for support, etc.

Recipe for Connubial Felicity.

Nearly all the trouble between man and wife originates in what is called "lying out of it." If a man and wife would be more candid and place more confidence in one another the divorce courts of the country would have less to do and there would be fewer separations and more happier married people. If you have been out "blowing yourself," tell your wife so and she will think a great deal more of you than if you said you were out setting up with a sick friend. The truth is sometimes a little rugged but if you always tell your wife or husband the truth there will be a great deal less trouble in the family.—Ex.

The New Postal Card.

The Morgan Envelope company, Springfield, Mass., has the contract for 24,000,000 double postal cards, a new device which has long been considered by the post office department. The card will be five and one-half by three and one-half inches, and will be folded in the middle, presenting four surfaces. The outside surface is for the address and the inside for the message. At the fold the card is perforated, so that the recipient will tear off one half and then answer on the other.

Local Protection.

The people of Reynoldsville are bound to have canvassers pay for annoying them. A new ordinance has been passed making a charge of three dollars a day for the privilege of canvassing the town for any kind of goods, books or such things. This is a good act as the taxpayers ought to be protected against all such people, for so long as the agents are given the privilege of going anywhere to sell goods the people will buy from them.—Ex.

Received a Donation.

The good people of George's Valley Lutheran church last Sunday presented their pastor, Rev. W. E. Fischer, with \$25.00. He acknowledged the gift from the pulpit in fitting words.

Meeting of Aid Society.

A FINE ANIMAL.

A 3-year Old Colt in the 2.30 Class. Finest Best Brought to this Section.

D. J. Mitterling, of LaGrange, Ind., raised and brought east on his visit home, Wanatoga, a two-year-old stallion sired by the great race horse Wayne Wilkes, record 2.16, being the second fastest produce of Red Wilkes with sixty-six in 2.30, and the best producing son of George Wilkes with 63 in 2.30 list and the founder of the Wilkes branch of Hambletonians, now the most noted, he by Hambletonian 10, the founder of the Hambletonians. The dam of Wanatoga is a great speed producing mare—three of her colts in training.
Wanatoga is an individual in form and color, purity of action, which has few superiors. He is regarded by horsemen as a great colt. His late driver who broke him says the following about him:
To Whom It May Concern,
I broke the two-year-old colt Wanatoga sired by Wayne Wilkes 2.16 record, owned by D. J. Mitterling, and regard him the best colt I ever broke, in perfect speed. In breaking him he went an eighth of a mile to road cart in 24 seconds a 3.12 clip with only three weeks breaking. Barring accidents he can easily go in 2.30 list as a three-year-old.
G. H. GRABBER,
Trainer and Driver.
Wanatoga will be in William Mitterling's hands, near Tusseyville, for a year or more, but will be given a trial to enter 2.30 as a three-year-old by above driver. Penns Valley lovers of good driving horses will no doubt appreciate the use of a horse like Wanatoga to improve their stock.

RECEPTION TO GEN. HASTINGS.

The Gen. Welcomed by the Citizens of Bellefonte on his Return from Europe.
Last Saturday evening General D. H. Hastings arrived in Bellefonte, on his return from Europe, after an absence of several months, and he was tendered a reception worthy a prince.
The General was to arrive at 8.54, p. m. and long before that time a large crowd of people began to congregate at the Bellefonte depot to await the arrival of the train. A brass band was also in attendance. When the train arrived the General was met by a committee of Bellefonte citizens and amid a blaze of fireworks, colored lights and music of the band, he was driven to the stand in front of the court house, where several addresses of welcome were made, after which he was driven to his home, where an informal reception was held.

THE HORSE FELL ON HIM.

Mr. John Foreman Severely Injured on Friday.
Mr. John Foreman was the victim in an accident on last Friday evening in the lane near his home, on the farm about two miles east of Centre Hall.
He was riding a horse down the lane from the barn and had only gone a short distance when the horse stumbled and fell, throwing Mr. Foreman in such a position that when the horse fell, the weight of its heavy body landed on his left foot.
Mr. Foreman had the bones of his ankle fractured in two places by the accident and the injuries are severe. Mr. Foreman is well up in years and we hope he will pull through all right, but there is a probability of him having a stiff foot hereafter.

Going for Bass.

Having accepted an invitation to join a party camping on an island in the Susquehanna at Georgetown, to fish for bass, the editor has hied himself thither. There are bass and salmon down that way weighing from eight to fifteen pounds. As a fifteen pound bass or salmon is said to be hard to pull out, we shall not bother with fish of that size and will be content with the five to eight pounders, which are big enough for any decent man, besides with the present hot sunshine the sweating operation of pulling out fifteen pounders or thereabout, might bring on sunstroke, hence we conclude it best to do conservative fishing.
Our customers appreciate our prices. Good brown sugar 4 cents, slight advance for A. and granulated. Good every day pants 99 cents, black and white stripe shirts 40 cents. One Webster Unabridged Dictionary left for \$2.00. Everything close for cash only. Come and see. We still have a few nice hams and shoulders.

Another Dividend Declared.
The defunct First National bank, of Clearfield, has just declared another dividend to its depositors, which makes a total dividend of fifty per cent, paid by the bank. It is said by the receiver, B. J. Haywood, that every depositor has a reasonable hope of getting his money in full by January next. The bank's ex-president, ex-Rev. William H. Dill, and his family, are now living in a brown stone front on Baltimore avenue, West Philadelphia, while the depositors of the First National are wondering whether they will get their money in full without compelling Dill's dupes, the directors, to pay an assessment to meet the amounts.

The Sabbath Question at Bellefonte.

Fred Dunham, newsdealer at Bellefonte, commenced last Sunday to sell Sunday newspapers in that place, bringing them by pony express from Lock Haven, as there are no Sunday trains. Petitions are being circulated against the innovation, and the ministers have announced their intention of preaching against it. If all else fails the law is to be invoked to stop it.
Heavy Storm.
On Friday evening a very heavy rain storm passed over this valley and the down pour of aqua pura for the time was terrific. The storm was accompanied by a high wind which did much damage to the growing vegetation. Trees were almost bent double by the blasts which were like unto those of a hurricane.

Water Turned On from the Upper Reservoir.

The repairs to the upper reservoir having been made the reservoir was allowed to fill and the water turned into the mains, which is quite noticeable, owing to the greatly increased pressure. In this respect Centre Hall is more fortunate than other towns. It has two reservoirs and now is never left in the lurch when one reservoir has to be repaired. Both are serviceable and when one has to be repaired the other can be attached to the mains with no inconvenience whatever to the consumers.
Putting in a Sewer.
A number of men have been engaged the last week in digging a deep trench back of Murray's drug store for the purpose of carrying off the water which flows into the cellar of the bank building, after each rain, greatly menacing the health of the occupants of the building. By putting in this sewer it is expected to remedy the evil. However, what is greatly needed is a system of gutters throughout the town and the water completely drained off. Will we see it done?

Wedding Bells.

A very pleasant reception was given at the residence of Mr. and Mrs. Jacob Gephart, on North street, last evening in honor of the marriage of Mr. Wm. L. Goodhart and Miss Salina Gephart which occurred at the home of the bride's brother, Rev. C. F. Gephart of the Lutheran church, of Idaville, Pa., on Tuesday. The happy couple arrived here in yesterday's afternoon train and expect to go to housekeeping, having rented Cyrus Brungard's house on Main street. Mr. Goodhart is the enterprising proprietor of the Implement Store in this place and a very worthy young gentleman. The bride is the handsome daughter of Mr. and Mrs. Jacob Gephart one of Millheim's highly esteemed young ladies. Many congratulations and good wishes of their numerous friends go with them to their home. May few shadows and and much sunshine fall upon their pathway in life.—Millheim Journal.
