PARTIZANSHIP IN SCHOOL SUP'T.

We last week announced the appointment of Cephas Gramley, as school superintendent, with remarks of approval. Mr. Gramley is a Republican, but the REPORTER always disapproved of partizanship in school matters, and to prove this, we refer to our support of Prof. Wolf, a Republican, for three terms, because we deemed him the proper person, on account of his eminent fitness for the office of County Superintendent.

When the recent vacancy occurred by the resignation of Superintendent Eters, we have understood since the appointment of Prof. Gramley, that it was at once intimated that no Democrat stood a show for the appointment, as state superintendent Wattres was a Republican, and he would appoint none but a Republican, which caused several competent Democrats, who intended to apply for the appointment, to withdraw—as no Democrat stood a chance.

Centre is a strong Democratic county, and if partizanship had controlled, then there would have been no Republican superintendent of schools,—all would have been Democrats.

Now since the Republicans have shown the disposition to put in only a Republican when they have the power, the Democrats may as well take the hint now, and when the directors meet next spring, to elect a county superintendent, let them select a competent Democrat—we have such—and give him the position.

We find no fault with Prof. Gramley for accepting the appointment, but we desire Democrats to note how far the other party is led by partizanship.

The wheat weevil is threatening farmers in some of the western states, and much alarm is being felt over it.

Judge Gresham, than whom there is no abler and purer statesman in the Republican party, has announced himself in favor of Cleveland.

Colonel McClure in his great speech at Philadelphia, and it was a great speech in every sense, making mince meat of McKinleyism, devoted a little attention to the important phase of the tin-plate debate—that is, the importation of capital, labor and material. When McKinley spoke, a few nights before, from the same platform, one of the stage ornaments was a huge plate of tin bearing the inscription, "American Tin, Norristown, Pa." Said Col. McClure of this exhibit:

It was such a sublime, such a heroic fraud, that I must expose it. (Applause.) That identical tin banner was manufactured by Mr. William H. Edwards of the Ely Tin Plate Company, near Cardiff, Wales (laughter), who came over here with his Welsh superintendent, Mr. Richard Lewis, and later bought and repaired a mill at Norristown, imported his own plates from his foreign mill, imported his own tin from Wales, imported his own skilled workmen, and dipped the English plates in English tin by English workmen, and McKinley points to it as a grand achievement of his tariff in producing American tin. (Shouts of laughter.) There is one of the same tin plates (pointing to a tin plate on the platform), and I have the certificate of the man who made it. (Cheers and laughter.)

The war record of Cyrus A. Eaton, Democratic candidate for the lower house in Union county, is all right. Shortly after the war broke out, although but fourteen years of age, he enlisted. He served within a month of four years without missing a day's duty. He took part in every engagement in which his regiment participated. November will tell how much love for the soldier the Union county Republicans possess.

McVEIGH FOR CLEVELAND.

The Ablest Pennsylvania Republican Announces for Cleveland.

Wayne McVeigh, President Garfield's attorney general, has announced himself in favor of Cleveland in a strong letter to the Boston Reform Club.

Mr. McVeigh is a brother-in-law of senator Cameron, and is admitted one of the purest and ablest Republicans in the state and nation. His announcement in favor of Cleveland has fallen like a thunder clap from a clear sky, among the Republicans. For eminence and purity, Wayne McVeigh ranks with Judge Gresham, who also has gone over to Cleveland.

Mr. McVeigh in his letter pours hot shot into the Harrison ranks. He pronounces the McKinley bill an unwise measure, and declares the force bill unwise. He agrees with the Democratic party on the tariff question, and says free trade is impossible in this country. He praises the administration of Cleveland.

The letter is a strong one and will be an excellent campaign document.

Bellefonte Republicans can't show up any good effects of the high tariff around that part of the kingdom—all is utter stagnation. Iron works shut, glass works shut, nail works shut, stores shut—now let there be a shut-up about high tariff blessings.

The campaign is quiet all over—people seem to be reading and thinking, which is a good omen.

Republicans wondered all summer why Hill did not speak for Cleveland. Now since he has spoken they wonder why he did not keep quiet. Queer set to please, these Republicans.

AGAINST HIM.

Wheat down to 70 cents, and that may not be the lowest figure. The millionaire can stand it, but the farmer, how with him? It's pretty tough, with high taxes to pay that go to make fat salaries for officials to work at nothing from 9 till 3, and then take a rest. With the farmer it's toil, from sunrise to sunset, and 70 cents for wheat.

Who ever knew a farmer to become a millionaire?

This is the way the Republicans are trying to beat Sibley in the Erie-Crawford Congressional district, according to the Erie Herald: "The Flood managers have two gangs of men out working the district on different and antagonistic lines. One gang goes around the liberal element and represents that Sibley is in favor of prohibition. The other gang tackles the Prohibitionists and tells them that Sibley is the candidate of the saloon-keepers and is dispensing free beer with a lavish hand."

Assistant Secretary Nettleton has advised an inquirer that there is only one \$10,000 and three \$5,000 legal tender notes outstanding. Originally there were \$40,000,000 worth of \$10,000 and \$20,000,000 worth of \$5,000 notes but the remainder have been redeemed. Now who's got them? The REPORTER hasn't, that's sure.

In many of the counties the Commissioners have not yet determined what to do about providing houses for voters where the rooms previously used are not large enough for the necessary booths. Some of the County Commissioners with a good deal of mind are not likely to have it all made up by election day.

John A. Grow, a lawyer of New York, and a brother of Ex-Speaker Galusha A. Grow, the noted protectionist, has left the Republican party because of the McKinley bill and has been elected a member of the Tammany organization. He has written a long letter renouncing his Republican faith.

Colonel McClure's tariff speech, in Philadelphia, on Tuesday night, of last week, was as clear, plain and complete an argument against the Republican tariff falacy as we have yet read. It will be printed for distribution, and no one should fail to read it.

Gen. Hastings, in stumping for Harrison and the McKinley tariff, will please make reference to the blues they are having in all the Bellefonte industries under the McKinley bill.

The report that Gen. Sickles is for Harrison is not true. He is not for Harrison, and, of course, will not take the stump for him. So the General himself says.

A Fire and a Shut Down.

Early on Saturday morning the rolling mill of the Howard Iron Works was burned to the ground. The works are among the oldest in the county, and were operated by Jenkins Brothers & Lingle. A spark from the furnace stack caused the conflagration. Loss, \$10,000; insurance two-thirds. The mill will be rebuilt.

Seriously Ill.

Mrs. Grossman, the aged widow of George Grossman, near Centre Hill, is quite ill.

Judge Gresham will Support Cleveland.

CHICAGO, Oct. 2.—Judge Walter Q. Gresham will vote for Grover Cleveland. The announcement was made yesterday upon authority of Judge Allen, of the federal court, and confirmed by Democrats of high standing who had been in some way acquainted with the fact. It is the general subject of conversation among politicians of both parties. Judge Allen, of the United States district court at Springfield, first made the announcement. Judge Gresham has been in the state capital several days sitting with Judge Allen. Judge Gresham told Judge Allen he should vote for Mr. Cleveland, and told him he was at liberty to repeat the statement. Judge Allen did repeat it, and that is how the news reached Chicago.

The great jurist who loomed up as such a formidable candidate for the presidency in 1888, who has long stood dangerously near to the president's ambition, and who would to-day be upon the bench of the supreme court of the United States but for Harrison's vindictiveness, returned to Chicago. His position as judge of a federal court would not permit him to discuss politics or to pose in an interview for publication.

The accession of a man of such national prominence as Judge Gresham to Mr. Cleveland gave the Democrats around Western headquarters joy enough to last through October. Judge Gresham's action would, it was considered draw a large number of voters to the Democratic party in Illinois and be of inestimable service to the party in Indiana, where he is unusually strong and where Harrison's strength is waning.

The First Snow.

On Wednesday forenoon we had several infant snow squalls, the first of the season. There were enough of the soft, white pellets to give the ground a white cast. This is the forerunner of approaching winter, and it may not be far off either. The little jokers kept up their dance only about five minutes, but look out, they will return again; so get your overcoats ready and have your stoves set up.

Busy at Work.

Centre county farmers are busy cutting and husking corn, taking up potatoes and picking apples. The corn is a fair average crop and well ripened. Potatoes are about half a crop, and apples about half a crop.
