Magnificent Trains Run Over the Pennsylvania System

One of the most important and successful features in connection with the dedicatory exercises of the World's Fair grounds, and one which fully illustrates the wonderful progress which our country has made within the last half century, was the movement made by the Pennsylvania Railroad Company of the cabinet officers, the supreme court justices, and the diplomatic corps from Washington to this city and back.

These trains were provided and tendered for the use of the distinguished guests of Chicago by Vice-President Thomson. They were run from Washington to Chicago as sections of the regular "Chicago Limited," of which they were duplicates, and they conformed to the regular schedule of that train.

It is safe to say that while no other country in the world would be able to move the entire organization of its government a distance of one thousand miles, so there is no other railroad company which could grapple with such a problem and solve it with the care to the persons in interest and the credit to itself that has distinguished this achievement of the Pennsylvania Railroad.

Many old soldiers, who contracted chronic diarrhoea while in the service, have since been permanently cured of it by Chamberlain's Colic, Cholera and Diarrhoea Remedy.
