Mr. John Condo, of Penn Hall, was among our prominent visitors last week. Mr. Condo is a Democrat of the broadest stripe and one who has faith in its principles. Nearly Bled to Death.

From the Daily Gazette we learn that Calvin Horner, son of Mr. William Horner, west of Centre Hall, had a tooth extracted, and nearly bled to death before the flow of blood could be stopped. Calvin is employed at the Brokerhoff house, Bellefonte, and for six or seven days the wound bled profusely, despite all efforts of physicians to check the flow, and he became so weakened that he was unable to partake of nourishment. He is now recovering.

Don't Mix.

In sending potatoes to market do not mix varieties, and sort as evenly to one size as you can. Dealers like to handle goods that show some care and judgment on the part of the shipper.

Burned to the Ground.

Wednesday morning early the dwelling of John Toner, at Axemann was destroyed by fire. All the household goods were saved. The fire was caused by a defective flue. There was no insurance on the building.

Good Indelible Ink.

Banana juice makes a good indelible ink. A spot on a white shirt from a dead ripe banana is marked forever, and the juice from bananas thoroughly decayed is a bright carmine.

WEDDING BELLS.

THE OLD FORT PRESENTED A LIVELY APPEARANCE.

Mr. Frank W. Bradford and Miss Anna M. Odenkirk United in Marriage at High Noon.

The Old Fort was the scene of an interesting wedding on Wednesday at 12 m., at the residence of Mr. and Mrs. John H. Odenkirk, parents of the bride, where their daughter Anna M. was united in marriage to Mr. Frank W. Bradford.

The large parlors were filled with guests all anxiously awaiting the coming of the bride and groom. At twelve o'clock the wedding march, which was beautifully rendered by Miss Emma Alkens, of Bellefonte, announced the entrance of the bridal party. Mr. Frank Benner, of Bellefonte, and Mr. William Odenkirk, brother of the bride, led the way as ushers, followed by Miss Jennie Boal, of Centre Hall, as bridesmaid and Mr. Frank Naginey, of Bellefonte, as groomsmen, after which the bride and groom entered. The bride wore a traveling suit of brown, and carried a handsome bouquet of white chrysanthemums.

The ceremony was performed by Rev. Baskerville, pastor of the Presbyterian church. Immediately after the ceremony congratulations were tendered the happy pair, after which the guests, numbering about one hundred, were all comfortably seated and the most delicious refreshments were bountifully served.

After all had heartily partaken of the many delicacies with which they were served, the afternoon was spent in having a good social time and every one, judging from the smiling faces, was having a pleasant time.

The gifts were nicely arranged in a large room, and they were numerous and handsome and showed the esteem and good wishes of a host of friends.

Among the guests from a distance were Mr. and Mrs. Frank Foster, Mr. Will Foster, and Miss Emma Foster, of Millinburg, Mr. and Mrs. G. B. Brandon, Mr. and Mrs. Alkens and Miss Emma Alkens, of Bellefonte.

Mr. and Mrs. Bradford were escorted to the 4.28 train by many of the guests and took their departure for Chicago and other western cities, and will be absent several weeks.

Mr. Bradford has been fortunate in securing a most charming and highly respected young lady as a companion through life, and the happy pair have the best wishes of many friends for health, happiness, and prosperity throughout life.

Tried to Burn the Jail.

The citizens of Lock Haven are having a time with "fire bugs" who are trying their best to burn down the town. If it is not a lumber yard, or a stable it is the jail. On Wednesday afternoon, shortly before 3 o'clock, the smell of smoke in Charles Noonan's cell attracted the attention of prisoners in the county jail. Running to his apartment they discovered the bed on fire. With great difficulty the flames were extinguished, but not before the bed was destroyed and a portion of the floor burned. Young Noonan is serving a sentence for incorrigibility and is about 16 years old. In order to accomplish his devilish deed he broke his lamp and threw the oil it contained on the bed, and the applied a lighted match to the saturated ticking. This is the same boy who, a short time ago, tore out a water pipe in his cell and flooded the jail.

Several Inches of Snow.

DEMOCRATIC JOLLIFICATION.

Bellefonte Jollifies Over the Election of the Democratic Ticket.

On Monday evening Bellefonte held a jollification meeting over the victory of the Democrats and the entire ticket. A large crowd was anticipated and preparations were made to entertain them all in Democratic style. Several hundred from the valley went over on the regular passenger at 4.28 and returned by special train of seven cars after the program had all been gone through. A large parade was the feature of the evening. Several bands, men on horseback, and a large number on foot made a line several squares in length. Each man in parade had a Chinese lantern and with fire works the effect was fine.

After the parade a mass meeting was held in the court house and addresses were delivered by prominent speakers from Bellefonte and Lock Haven. The buildings in the town were very prettily decorated, and showed to fine effect. Special trains left Bellefonte over all roads and brought big crowds.

Applicants for the Postoffice.

Hardly had the election of Cleveland been announced when applicants for the post office at Centre Hall began to come to the surface. The applicants cannot be counted on the fingers of one hand and they are not all in yet either. All had claims entitling them to the plume under the new administration, and as there will be but one to get it, not a few will have sore heads over the result. Petitions are being circulated for signers and the boys are hustling. As the new administration does not go into power for about four months, there is a probability of a few more applicants bobbing up.

To Prevent Guns from Rusting.

The best way to preserve a gun from rust, says a writer in the St. Louis Globe Democrat, is to have a ring of zinc soldered round the barrel, or if it is not convenient to do this to have a long strip of zinc soldered out of sight underneath the barrel. The galvanic action which is excited between the zinc and the iron effectually prevents the oxidation of either metal, and as long as the zinc remains in contact with the iron not a particle of rust will appear on either the inside or outside of the barrel.

Hick's November Prophecies.

Rev. Ira Hicks prophesies for November are that we will have bright, frosty days of the month. The 11th is a central day for reactionary movements. From 16th to 19th look for rain, sleet and autumnal gales. Hard freezing will follow on the heels of the storms, and continue up to the 22d and 23d. These dates will bring higher temperature and storms, and in turn be followed by cold. Month ends with storms, 28th and 29th, and cold wave the 30th.

Killed Only Two.

The hunting party from Boalsburg, of which Cyrus Goss and Landlord Bartges were members, only killed two deer in the mountains at Stone Creek after nearly a two week's hunt, one of which was a four prong buck killed by Cyrus Goss. The boys say deer are scarce in the mountains and big hauls are seldom made. The party numbered eleven.

THANKSGIVING DAY.

President Harrison Issues a Proclamation Fixing on November 24.

The following proclamation was issued this afternoon:

"The gifts of God to our people during the past year have been so abundant and so special that the spirit of devout thanksgiving awaits not a call but only the appointment of a day when it may have a common expression. He has stayed the pestilence at our door; He has given us more love for the free civil institutions in the creation of which His directing providence was so conspicuous; He has awakened a deeper reverence for law; He has widened our philanthropy by a call to succor the distress in other lands; He has blessed our schools and is bringing forward a patriotic and God-fearing generation to execute His great and benevolent designs for our country; He has given us great increase in material wealth and a wide diffusion of contentment and comfort in the homes of our people; He has given His grace to the sorrowing.

"Wherefore, I, Benjamin Harrison, President of the United States, do call upon all our people to observe as we have been wont, Thursday, the twenty-fourth day of this month of November, as a day of thanksgiving for His continued care and grace.

"In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the city of Washington, this fourth day of November, one thousand eight hundred and ninety-two and of the independence of the United States, the one hundred and seventeenth.

"BENJAMIN HARRISON. "By JOHN W. FOSTER, Secretary of State."

And So Everwhere.

The Tyrone correspondent of the Harrisburg Patriot: Postoffice applicants are springing up in Tyrone like mushrooms. There are now in the field about fifteen, some of whom have never done a day's work for the party nor spent a dollar in its cause. These are now the most enthusiastic and go around shaking hands with their fellow men just as though they had done it all. It is actually making some of our people tired and it would be well if all of our citizens would flatly refuse to sign any petitions now. They ought to wait any way until the g. o. p. corpse is buried out of sight.

Hastings to Pay an Election Bet.

The Democrats of Clearfield county held a regular old-time jubilee at Clearfield Tuesday. One of the principal features was the appearance of General Hastings, of Bellefonte, who was billed to appear in company with James Kerr, Clerk of the House, and address the crowd. While Hastings and Kerr were stumping in Cambria county for their different parties they met and during a bantering conversation made the wager that if Harrison should be elected Kerr would speak at Bellefonte and if Cleveland won the General was to come to Clearfield.

A Hair Breadth Escape.

Last Saturday as the local freight was pulling out of Centre Hall and had gathered considerable headway, a man attempted to jump the caboose. He did not make the proper connections and was dragged a considerable distance before he fell, and almost rolled under the wheels of the rapidly moving train. It was a hair breadth escape for the individual, who picked himself up with only a few bruises.

HERE AND THERE.

JOTTINGS ABOUT THE TOWN AND COUNTRY.

A Young Man Blown Up With Dynamite at Morrisdale. State College Defeats Bucknell at Foot Ball.

On Thursday morning a young man named Jones, aged sixteen years, the son of Joseph Jones of Morrisdale Mines, was killed by an explosion of dynamite, the result of his own carelessness. The facts are as follows:

Some time since Mr. Jones and his sons dug a well at their home and used dynamite to blast the rock. A cartridge was left over and young Jones placed it in an old cook stove, that stood in the back yard, to keep it out of the way of the little children. On Thursday, after Mr. Jones and his other son had gone to their work in the mines, this son built a fire in the old stove to heat some water for his mother. He forgot to remove the dynamite cartridge and was standing by the stove when the cartridge exploded with a terrific report. The stove was blown to atoms, the boy received the full force of the explosion. Three large pieces of the iron passed entirely through his body and his right arm and left leg were broken. He lingered in great agony until 3 o'clock in the afternoon, when he expired.—Phillipsburg Ledger.

State College Victorious.

The foot ball eleven of Bucknell University of Lewisburg, and of State College played a game at State College on last Saturday, which resulted in a victory for State College by a score of 18 to 0. State College played a superior game and Bucknell was unable to withstand the fierce onslaught of the rush line. Several players were severely injured in the game, one of the Bucknell team was carried off the field, and was taken home on a mattress, having sustained internal injuries. A special train of four cars was run from Lewisburg to Lemont and over one hundred students and others took in the game.

Before Their Eyes.

The council committee on streets and nuisances are evidently so much elated over the great Democratic victory, that they notice not the many bad pavements in the borough, which are much in need of proper repair. They seemingly see them not, though walking with open eyes.
