A DESERVING DEMOCRAT.

When the new Democratic administration gets into power, and begins to make appointments why not give a plum to an able, hard working Democrat in this county? No recognition would be more deserved, and no appointment more ably filled than that of 4th assistant postmaster general, by D. F. Fortney, esq., the Democratic war horse of central Pennsylvania. Gen. Hazen, of Norristown, now holds this position, and as he will have to vacate by virtue of the popular will of Nov. 8th, let another Pennsylvanian be put in his place, who has done as hard work for the party as any man in the state, which is Mr. Fortney.

We make this suggestion without the knowledge of this gentleman, nor do we know that he is seeking an appointment, but because we like to see true worth and merit recognized.

The Republicans are very much exercised over what the new administration will do about the tariff, forgetting that all the trouble was caused by what the present administration did in that line.

It's a mighty mean principle to hunger for big profits and begrudge the smaller profits your neighbor enjoys.

A PENSION FOR JUDGES.

A bill is to be introduced in the next legislature to pension judges of the courts after having served a certain term of years. This would be legislation for a class hence unconstitutional. Why should a judge who held a soft snap be pensioned more than a farmer who plowed and sowed a certain period of time, or a tailor who made breeches a certain time, or a shoemaker, or even the hod carrier? When these get old, few of them have little or nothing laid up for a rainy day, while a judge usually has, and if he has not he is no more entitled to a pension than the wornout farmer, or tailor, or hod carrier.

The people will not stand such nonsense, and the fellows who vote for it will not be re-elected.

In Kansas they talk of electing a woman, Mrs. Lease, to the U. S. Senate.

President Harrison is reported as saying that his tariff views have not been changed by defeat. Since the tariff views of the American people have changed, if Harrison wants to make himself lonesome, it is his own matter.

Cleveland has gone duck shooting in order to get rid of the office seekers, and he brought down at least a half dozen of the "quacks" the first day.

WHAT THE DEMOCRATS WILL DO.

The Tribune observes that "five million workers in this country are especially interested to know what the Democratic party will do about the tariff." Inasmuch as six and a half millions or more of citizens, mostly workers, voted for Grover Cleveland and tariff reform after six years, consideration of the subject, it is fair to presume that their wishes will be carried out. What the Democratic party will "do about the tariff" is to reduce it to reasonable figures, as the people have instructed it to do.—New York World.

There is one consolation, while everybody was fooled by the comet, all can soon hang up their stockings for Santa Claus.

It looks now as if the electoral vote of California will be divided between Harrison and Cleveland. Harrison can't stand many more such divisions, as it will leave him little to divide on.

A Republican now files an excuse for their defeat that many of his party remained from the polls scared by the comet, which meant the end of the world. It only meant the end of Republican rule.

It would seem it was too cloudy for the comet to strike the earth on Sunday night. The strike did not come off.

Enormous crops of wheat in the northwest, beyond all anticipation, are reported, which has a tendency to keep prices down. Alas for the eastern farmer.

Congress meets in a few days—beginning of December, which session is the end of Republican domination in the senate. When the new congress meets the Democrats will be on top, and to stay too.

TARIFF TAXES AND LABOR COST.

The present tariff contains hundreds of duties that are from three to twenty-five times the difference in labor cost. It contains many duties that exceed 100 per cent. A duty of this magnitude exceeds the entire value of the goods. Much more does it exceed the entire labor cost. Very much more does it exceed the difference in labor cost. But the Republicans would have had the people believe that the McKinley tariff was framed in accordance with the doctrine of the Minneapolis platform!

We say again that we do not think the party of revision will go beyond the limits marked by that doctrine which the Republicans falsely and fraudulently professed to accept and uphold. A reduction of existing duties until they should be equal to the difference in labor cost would sweep some of the present duties away altogether, and would leave a great many of them very far below the level of the Mills bill. The declaration in the Minneapolis platform was inserted by men who know this, and who sought to fool the people.—New York Times.

Voted and Died.

Newport (Perry county) News tells the following story: Mr. Henry D. Smith had been growing feeble as the years advanced, and, appreciating the fact that his time was near at hand, he upon more than one occasion expressed the hope that he might be spared to vote for Grover Cleveland. He went down town on Tuesday morning and accompanied his old friend and family physician, Dr. H. O. Orris, to the polls. This was sixty one years he voted the Democratic ticket. By reason of his advanced age he was unable to prepare his own ballot properly and requested Dr. Orris to do it for him. The doctor marked him up a straight Democratic ticket according to his directions, and then handed him the ballot. Just as he was in the act of starting to deposit his ballot he sank down upon his knees, held up his ballot with his fast failing strength and would have fallen to the floor had not Dr. Orris caught him in his arms. The ballot was passed to the inspector and went its way into the ballot box, and with this remarkable scene the life of Henry D. Smith almost closed. He was then carried to his home on Market street, only a short distance. He never regained consciousness and died at 8.20 Wednesday morning.

DEATH AT THE WHITE HOUSE.

Rev. Dr. John W. Scott, the venerable father-in-law of President Harrison, died shortly after four o'clock Tuesday afternoon. The end that had been awaited with so much dread and anxiety all the forenoon came in the afternoon. The aged invalid passed away without a struggle, as quietly and as peacefully as a child falls asleep. He had been unconscious for hours, and was unable to recognize his weeping friends at his bedside. Stimulants were administered hypodermically, but only served to defer the inevitable. The president and family are very much prostrated at their bereavement.

A Fatal Accident.

At Bellefonte Thursday evening Henry Estright was run over by the engine of Lock Haven mail at the station. He had started across the track to take his train for Snow Shoe, where he resides, when he was struck by the locomotive, which was coming backward. The pony wheels caught him and rolled him over and over on the track, bruising his arm and head in a frightful manner. He was taken into the Bush house, where the arm was amputated near the shoulder. After suffering in terrible agony he died Friday morning. He was sixty years old and leaves a wife and family.

Verdict in His Favor.

Last week argument court was held at Bellefonte and among the cases tried was that of George W. Krumbine vs. Patrick Dooley estate. The case had been tried once before and the jury rendered a verdict in favor of the estate. The case involves the real estate of Patrick Dooley of Bellefonte, dec'd., who before his death assigned the property to Krumbine, who was Dooley's son-in-law. The heirs contested the legality of the transfer and the court decided against Krumbine, who appealed, and the jury sustained his claim.

It is not always popular to stand up for what is right; that's the reason some folks are ever afraid to do so. They will prefer to run with the crowd in the wrong direction, rather than manfully to pursue the right, unless the larger crowd goes in that direction.

Some of the Applicants.

S. A. McQuiston, D. F. Fortney, Miles Kephart and Hammond Scenler are after the Bellefonte postoffice. Edward Munson, Robert Kinkad, Col. George E. Parker and A. J. Gordon would like to pass the mail to the Phillipsburg people.

Night shall be filled with music. And the cares that infest the day shall fold their tents like the Arabs, and as silently steal away. Just like a Cough or Cold does after you use Pan-Tina, the great remedy for Coughs, Colds, and Consumption, 25 and 50 cents at J. D. Murray's Drug Store.

Sixty Million Bushel of Wheat.—A Bushel for every Inhabitant of the United States. The Kansas Crop of '92.

Never in the history of Kansas has that state had such bountiful crops as this year. The farmers cannot get enough hands to harvest the great crop and the Santa Fe Railroad has made special rates from Kansas City and other Missouri River towns, to induce harvest hands to go into the state. The wheat crop of the state will be from sixty to sixty-five million bushels and the quality is high. The grass crop is made, and is a very large one; the early potatoes, rye barley and oat crops are made and are all large. The weather has been propitious for corn and it is the cleanest, best looking corn to be found in the country to-day. Cheap rates will be made from Chicago St. Louis and all points on the Santa Fe east of the Missouri River, to all Kansas points, on August 30 and September 27, and these excursions will give a chance for eastern farmers to see what the great Sunflower State can do. A good map of Kansas will be mailed free upon application to Jno. J. Byrne, 723 Monadnock Block, Chicago Ill., together with reliable statistics and information about Kansas lands.

The Property Owner Liable.

The case of Brookville borough vs. Richard Arthurs was terminated in the Jefferson county court recently, and the borough received a verdict of over \$5000. The question to be decided was whether the individual property holder should be held liable for damages occurring from defective sidewalks "after the owner had been notified to repair the same." The case arose out of a Mrs. Brosius recovering \$5,000 damages from the borough for injuries received, and now the borough recovers off the owner, Mr. Arthurs. An appeal is likely to follow.
