AGR. INSTITUTE

INSTITUTES TO BE HELD IN DIF FERENT COUNTIES.

Rebersburg and Centre Hall Fixed Upo for Holding the Institutes of Centre County.

The state board of agriculture is arranging for the annual institutes in the different counties, and contemplate holding two institutes in our county.

Mr. John A. Woodward, the member of the board for Centre, has fixed upon Repersburg and Centre Hall, for holding two institutes, and for this purpose visited the places last Saturday, to confer with the citizens. The institutes are likely to be fixed upon farmers and all who take an interest in agricultural advancement. Able speakers from abroad, along with local talent, will discuss interesting topics relating to the science of agriculture, and the sessions are always found very interesting to all. We will give further particulars hereafter, dates, &c.

Farme s' Institute at Centre Hall.

The stat board of agriculture having autho ized the holding of a Far- been instantly killed. mers' Institute at Centre Hall and Rebersburg, and as Rebersburg has fixed upon January 25th and 26th, next for their Institute, it seems likely the next two days, January 27th and 28th, will be most suitable for the Institute es will be made in Passenger Train here, as it can be done with less ex- schedule. pense, the speakers attending the two the same week, the traveling expenses | leave Montandon daily except Sunday will fall one-half to each place, and is at 9.18 a. m., instead of 9.23 a. m. paid out of the funds of the state board

COVERED WITH LOGS.

A Tram Car Loaded with Logs Jumps the Track.

On Monday morning, Milton Kline, employed by William Collier, on his lumbering operations near Tusseyville, Hon. John A. Woodward. A comhad an exceedingly narrow escape from being crushed in a wreck, caused by a car on the tram road, loaded with logs jumping the track.

Kline had started in the morning to the mill with a heavy load of logs. The tracks were covered with snow, and the grade heavy, soon after starting the car got beyond control and ran with lightning speed down the heavy grade. The brakes were useless as the wheels slid over the track. The car jumped the track and the logs and Kline landed at the side of the track in a confused heap, with Kline at the bottom. Several men near by immediately ran to extricate hin and remove the logs, and he was found in almost an insensible condition. Kline was taken to his home where he is now recovering from a terribly bruised body and head. No bones were broken, but it is thought he sustained internal injuries. It was a miracle that he escaped with his life. The logs in their flight struck a tree and broke the force of the fall or he would have

MASONIC BANOUET.

Installation of Officers Followed by a Banquet,

On Tuesday night the newly elected officers in the Masonic lodge were installed in the lodge rooms in the bank building. Mr. W. J. Fleming, A. C. Mingle and John Noll, of Bellefonte, were present and installed the officers elected.

About ten o'clock, after the installation, the lodge adjourned to Bartges' hotel where a banquet was held. About thirty plates were laid and a fine spread was served. A number of out of town members were present.

The Value of a Single Vote.

The value of a single vote has frequently been demonstrated in our politics, but never more so than at present in Kansas, where two candidates for the Legislature having an equal number of votes, they consented to draw lots for the place, and the Republican won. This gives the Republicans control of the Assembly, and probably the selection of a United States Senator.
