MONTGOMERY & Co. Bellefonte

Swallowed a Needle.

Ivy Bartges, of Spring Mills, informs the Bellefonte Democrat that he recently killed a beef that had a darning needle in one of the main tubes of the lung. The needle was about three inches long and the point was imbedin the side of the tube. It had caused no soreness or inflamation and was rusted somewhat indicating that it had been there for some time. The animal was perfectly healthy and dressed 700 pounds. The needle did not appear to have caused any trouble.

Two Children Burned to Death.

Last Friday evening the house of George Hess, in the village of Muncy Valley, Lycoming county, was destroyed by fire and his two children perished in the flames. It was the supper hour and Mrs. Hess had gone out to look for her husband. It is supposed a lamp exploded during her absence. When the fire was discovered it was too late to rescue the children. They were aged 2 years and 6 months respectively, and both were girls.

Sleighing Parties.

An influx of sleighing parties from Bellefonte struck Centre Hall on Tuesday evening, and no less than three
