Sixty Million Bushel of Wheat,-A Bushel for every Inhabita nt of the United States. The Kansas Crop

The farmers cannot get enough hands to harvest the great crop like it on this continent for a winter and the Santa Fe Railroad has made special rates from Kansas City and the Union Pacific System and the other Missouri River towns, to induce Southern Pacific Railway has this seaharvest hands to go into the statt. The wheat crop of the state will be tion which leaves nothing to be desirfrom sixty to sixty-five million bushels ed. and the quality is high. Centre county is out of debt and the state being so nearly out that two or three years hence there will be no state debt, the citizens can look forward to very light taxation in the near future if there is no undue extravagance in the management of our county and state affairs.

This is an encouraging outlook. The revenues to carry on the state government can be derived entirely from a tax on corporations, which enjoy franchises that make them wealthy, while the licenses and other taxes from local sources, instead of going to the state treasury, can be applied to road and school purposes, lessening those taxes also. Really, a millenium in our tax burdens seems near at hand.

APPLICATION was made in the Blair county courts for the appointment of three receivers to take charge of and manage the Altoona, Clearfield & Northern Railway pending the prothe decree under advisement.
