

**Sixty Million Bushel of Wheat.—A Bushel for every Inhabitant of the United States. The Kansas Crop of '92.**

Never in the history of Kansas has that state had such bountiful crops as his year. The farmers cannot get enough hands to harvest the great crop and the Santa Fe Railroad has made special rates from Kansas City and other Missouri River towns, to induce harvest hands to go into the state. The wheat crop of the state will be from sixty to sixty-five million bushels and the quality is high. The grass crop is made, and is a very large one; the early potatoes, rye barley and oat crops are made and are all large. The weather has been propitious for corn and its the cleanest, best looking corn to be found in the country to-day. Cheap rates will be made from Chicago St. Louis and all points on the Santa Fe east of the Missouri River, to all Kansas points, on August 30 and September 27, and these excursions will give a chance for eastern farmers to see what the great Sunflower State can do. A good map of Kansas will be mailed free upon application to Jno. J. Byrne, 723 Monadnock Block, Chicago Ill., together with reliable statistics and information about Kansas lands.

**BETTER EVERY YEAR.**  
Time was when the "glorious climate of California" did not attract tourists. But year after year the tide of travel sets in stronger and stronger every fall and winter toward this favored region. There is no climate like it on this continent for a winter resort, and the usual fine service on the Union Pacific System and the Southern Pacific Railway has this season been brought to a degree of perfection which leaves nothing to be desired.

**Governor McKinley's wife** insists that as she and her husband are one, his obligations are her obligations, and her money is his to aid in their discharge. A good many wives are not built that way—they manage to help the husband dodge honest debts by claiming to own everything, while the husband does the buying.

**President Harrison** accepted a professorship in the Leland Stanford university of California. He will deliver a series of lectures on constitutional law, commencing in October next. He has had the matter under consideration for some weeks but did not signify his formal acceptance until lately.

**In some parts of the west,** Democrats who become Populists are called "Demopops" and "Popocrats," while Republicans who desert to the Populists go by the name of "Popicans." These are hard names, but those whom they fitly deserve them.

**Notice to Builders.—The school** board of Potter township school district will receive bids for the building of a one room school building in the village of Centre Hill, for the next fifteen days. Plans and specifications can be seen by calling on the secretary. The Board reserves the right to reject any or all bids. By order of the Board, W.M. GROVE, Sec'y.

**AMENDMENT to the State constitution** giving women the right to vote has been favorably reported to the Senate. Ladies who are willing to acknowledge to 21 years of age should now begin the study of the Baker ballot.

**We feel sure that under Cleveland** and a Democratic congress, there will be some legislation in the interest of the farmer, and we hope it will give the agricultural element all possible encouragement and benefit.

**"He looks unweary at his flanks;** won't lie down and straddle when standing or walking." "Inflammation of the kidneys. Give him the usual dose of Bull's-Head Horse and Cattle Powder."

**In the house on the 2nd** a bill was introduced by Mr. McCormick, of Centre, appropriating \$200,000 to the Pennsylvania State College.

**A BILL has been introduced** in the legislature permitting the voters of each county to settle the license question at the polls every three years.

**KANSAS has quit bleeding.** The Pops and the Pubs now sit on one house, but each has a fist in his pocket.

**SATURDAY,** inauguration day, was about as stormy as here with us, but Grover was sworn in all the same.

**THE NEXT thing in order** will be the issuing of walking papers for 80,000 Republican postmasters. The word is, GH.

**It was proposed** holding a band concert in one of the public buildings in Washington last Sabbath, but Cleveland forbade it.

**Small Squalls.**

—Monday was a beautiful day but a little hard on the beautiful snow. —All the Centre county visitors to the inauguration got back again perfectly able to walk a crack. —We print the list of jurors for April term, is your name among them? We observe some names that should not be there.

**Pay Up.**  
Those in arrears will do us an especial favor by sending amount due on RECEPTOR by April 1st next.

**CLEVELAND'S** cabinet appointments were promptly confirmed by the senate, on Monday.
