The Potato Centuries Ago.

It has been proved without a doubt that at the time of the discovery of America the cultivation of the potato was practiced with every appearance of ancient usage in the temperate regions from Chile to New Grenada, at altitudes varying with the latitude. The name of the discoverer of the potato is unknown, but Du Candolle sums up the history of its discovery as follows: "The potato is wild in Chile in a form which is still seen in our cultivated plants; it is doubtful whether its natural nome extends to Peru and New Grenada; its cultivation was diffused before the discovery of America, and was introduced in the latter half of the six counth century into that part of the mited States now known as Virgin . ... | north Carolina, and the potato was imported into Europe between 1580 and 1585, first by the Spaniards and afterwards by the English at the time of Raleigh's voyages to Virginia."

#### Guide Book of the Penna. Railroad.

Complimented by the press and indorsed by tourists and practical travelers, the Summer Excursion book of the Pennsylvania-railroad company of this year's issue has become, in consequence of these recommendations and its own real worth, a most highly prized compilation. The many and diversified routes, including every road of prominence within the great summer belt of Eastern United States, offer those contemplating an early fall trip an opportunity of choosing new and interesting means of reaching their destinations. A list of hotels is appended to each resort, which it is self-evident adds materially to the value.

The month of September being probably the finest month in the year in which to travel, an increased demand for this graphic production has become noticeable, and that all may avail themselves of the manifold advantages to be derived from an inspection of its plain and concise yet elegant and complete descriptions of a thousand places within a radius of a thousand miles, the Pennsylvania Railroad Company's Passenger Department will mail the book mentioned to any address upon receipt of 20 cents in stamps. Copies may also be obtained from ticket agents of the company.

Business resumptions are continuing. Things are brightening. Industrial establishments and banks continue to open up again in all parts of the country. The sky is brightening.

#### La Grippe.

the past season it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of La Grippe, but, in all diseases of Throat, Chest and Lungs, and has cured cases of Asthma and Hay Fever of long standing. Try it and be convinced. It won't disappoint. Free Trial Bottles at J. D. Murray's Drug Store.

## A Good Plan.

The Pennsylvania railroad company has adopted the plan of placing extra rails at every mile or so on their system, which are to be used only in case of an emergency. In the past many accidents could have been averted where rails were discovered to be broken had the section houses where they were kept been nearer than five or six miles. Great delays were often caused in this manner and the plan will be put in operation at once, to avoid the repitition of past accidents.

## Pay Promptly.

While the hard times cannot be overcome, yet they can be made a great deal easier if those people who have the means pay their bills promptly. A five or ten dollar bill started on the rounds now in settling accounts, will bring more relief than ten times that much money in good times. Then pay your small bills promptly. This applies with peculiar significance to persons who owe the printer.

## Ticket Nominated.

The Clinton county Republicans on Tuesday nominated the following ticket: Sheriff, Lewis Hoover; prothonotary, J. B. Lesher; treasurer, Geo. R. McCrea; county commissioners, P. L. Knecht and Isaac Shaffer; auditors, Daniel Keister and H. C. Stoner; coroner, Dr. Lichtenthaler; delegate to state convention, H. C. Loveland, of

## A Paying Business.

A relic hunter at Johnstown, on Tuesday, found a package of gold eagles, mixed with some five dollar gold pieces, in all \$380, wrapped in what was either a woolen cloth or an old stocking. Men are quitting good situations to hunt for valuables.

## Grand Opening.

Grand opening of Fall and Winter clothing for Men, Boys and Children, Friday, August 25th.

MONTGOMERY & Co, Bellefonte, Pa.

-Lewins, Bellefonte, take the lead in suits for men and boys. Nothing quite so stylish or better made. Call and be convinced.

#### UNEQUAL DISTRIBUTION OF LABOR.

Labor relief trains from Denver to St. Paul would be in order. A dispatch from Denver states that when the city called for forty-two men to been for years a work on the sewers there were two professor and lectthousand applications for the work, so great was the rush of the unemployed. A dispatch from St Paul says that the our largest medical farmers of the northwest can't get men enough to gather their harvest, although tramps are plenty and big wages are offered. Another dispatch from Hallock, Minn., says that not one-tenth the number of men needed can be had to get in the harvest, which is the best for years. It is feared that a great deal of grain will be lost.

-Go to Lewins, Bellefonte, for your clothing. Their styles are perfeet in every respect. Suits neat in author on all subpattern, stylishly cut and elegantly made. Nothing quite so good anywhere.

Mr. Thomas Batte, editor of the Graphic, Texarkana, Arkansas, has found what he believes to be the best remedy in existence for the flux. His experience is well worth remembering. June 15; July 13; Aug. 10. He says: "Last summer I had a very every known remedy, none giving relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me. I purchased a bottle and received almost immediate relief. I continued to use the medicine and was entirely cured. I take pleasure in recommending this remedy to any person suffering with such a disease, as in my opinion it is the best medicine in existence." 25 and 50 cent bottles for sale by J. D. For more than four years I have had a bad case of stomach trouble, had to bevery cautious about my diet as anything would give me a pain and throbbing in that organ and it was seldom that I could get a nights rest, as my nerves were almost completely wrecked.
