Poor Crops.

The corn crop this year in this state, as indicated by reports to the office of the board of agriculture at Harrisburg, will not be more than three-fourths of the average. The reports of the potato crop are more discouraging, the yield this year, through the effects of the dry weather, being estimated at less QUARRYING MACHINERY. than half the average of previous years.

#### A Good Thing to Keep at Hand.

From the Troy (Kansas) Chief. Some years ago we were very much subject to severe spells of cholera morbus; and now when we feel any of the symptoms that usually preceed that ailment, such as sickness at the stomach, diarrhoea, etc., we become scary. We have found Chamberlain's Colic, Cholera and Diarrheoa Remedy the very thing to straighten one out in such cases, and always keep it about. We are not writing this for a pay testimonial, but to let our readers know what is a good thing to keep handy in the house. For sale by J. D. Murray, Druggist.
