GRANGERS' PICNIC

THE TWENTIETH ANNUAL PA TRONS PICNIC.

The Patrons Picule and Exhibition Being Held this Week at Grange Park .-Incidents of the Week.

The Twentieth Annual Picnic and Fxhibition opened literally on Monday morning, 18th to continue one week at Grange park, above the station. For two weeks previous the Gap. committee on arrangements had been laboring to get the park in proper shape for the pienic. A large new building, 80x40 feet was erected and is being used as the auditorium, in lieu

of the canvas tent used in former years. The new building is a creditable one and has a seating capacity of about

one thousand. All last week men were busily employed arranging the grounds and W. F. Hassinger and Lydia C. Saylor, erecting the tents which were receiv- of Zion. ed from the state. About 300 have B. F. Guiser, of Hublersburg, and been erected and by Saturday campers | Mary A. Tolbert, of Nittany. began to move out for a week of outdoor life. Over Sunday about fifty, tents were occupied.

Religious services were held Sabbath day in the main auditorium at and Will A. Wagner was destroyed which Centre Hall ministers delivered by fire at Kipple, Blair county. Chas. sermons instead of their regular appointments; Rev. Baskerville officiated in the morning, Rev. Minnich at Bellefonte, Pa the afternoon services and Rev. Goodling in the evening. The services were well attended, and during the day about seven hundred people were on the park.

Monday morning found a stir and hustle on the grounds. Campers be- garticulars of the fire, except that the gan arriving and shops were erected loss was complete. All the personal and stocked, and the day was given to belongings of the family were destroylabor. In the evening exercises were ed. held in the auditorium, when the pienic was formally opened. Addresses were made by I. S. Frain, master of -Mr. and Mrs. Robert Snodgrass, the Centre county grange; Colonel of Mifflingurg, are visiting friends in James F. Weaver, lecturer, and H. N. Hoy, of Bellefonte.

> The exhibits are somewhat larger than last year, but there is still plenty Tuesday opened fair and warm but brought no big crowds. The special trains were started, but the travel was

Hardly two thousand people were on the ground for the day. Exercises Glen Iron 6.22 p. m. were held in the auditorium, and addresses were delivered by prominent speakers. In the evening the auditorium was crowded but the grounds had a deserted look. There was a hope fonte, was the guest of James Boal's for a larger attendance the next day, and that brighter prospects awaited -Mrs. Maggie Allison, of Howard, the management and booth keepers.

The New Rallroad to Bellefonte Nearly Completed.

It will not be long until the Central Railroad of Pennsylvania, from Bellefonte to Mill Hall, will be completed, says the Centre Democrat of last week. During the past few weeks remarkable progress has been made, and this will continue until everything is completed and in operation.

At this writing very little grading remains to be done and that will be about finished before the week is over. Track has been laid from near Bellefonte to Hublersburg. There are several bridges along the route and the stone work for these is above the water level and very little remains to be done on them. The large cap stones will be placed on the abutments as soon as the track reaches those points, as these stones will be hauled there by train. All bridges of over twenty-five or thirty feet will be of large iron girders which will arrive on Thursday and Friday of this week and can soon be set in place for traffic over them. There will be five such structures along the road. Work will be begun on the Zion station next week. All stations along the route will have handsome and neat buildings.

Friday of this week is the time set for the regular pay day and we hear that the pay roll for the past month will aggregate over \$25,000,00, which will be a handsome sum to distribute throughout the community, a good portion of which, in the hands of labor, will be put in circulation.

On Tuesday evening J. W. Gephart, Esq., who is superintendent of construction, left for Philadelphia, Willmington, Del., and other points. We hear that the object of his trip is to enter into negotiations with various manufacturers for the purchase of two new locomotives, several passenger coaches, a lot of freight cars and other rolling stock necessary to equip the new road, which it is expected will be in operation in less than three months.

It is generally understood that the Bellefonte depot and terminus will be at the foot of Lamb street, but that does not seem to be definitely settled as an effort will likely be made to get a more central location. When the depot will be built a handsome building can be looked for. It will be both useful and ornamental and large enough for all travel and traffic.

Mr. Gephart is deserving of much credit for the manner in which this enterprise is progressing under his supervision. That it will prove a success, and a great benefit to our town, there can be no doubt.

for years we have been selling Dr. Last Tour of the Season to Niagara Falls. September 28th marks the end of the Niagara Falls series of tours via the Pennsylvania Railroad this year. The extensive patronage accorded the previous trips, and the expressions of satisfaction given by participants at the manner in which these tours have been conducted by the company and its employes amply attest the attractiveness of them and the estimation in which they are held. A tourist agent and chaperon will accompany this last party and render invaluable service in the promotion of general com-

> The remarkable rate of \$10 the round trip covers the expense of transportation to and from this wonderful work of nature, especially magnificent and picturesque at this season, with the surrounding autumn coloring.
