Railroad Co. and Borough Have a Little

Quite a little fight is on between the Pennsylvania Railroad Company and the little borough of Bellwood, seven miles east of Altoona. The borough has for some time past been engaged in laying a water pipe line into the town and through the streets, and at present the work is about complete, with the exception of making the connecting link across the tanks of the railroad company. This work it was the intention of the borough authorities to do on Saturday night, and for the purpose of accomplishing their object without interfering with travel or traffic, they had secured the services of a large number of coal miners to tunnel under the tracks. An abundance of timber is to be used as supports for the roadbed had also been provided, but before either the men or the materials could be put to use a force of railroad laborers appeared upon the scene and began to dig ditches parallel with the tracks on either side and also to run,a tunnel under the tracks at the point where the borough people desired to cross, the intent being to fill all three with water and thus bar the borough people out.

But the borough people thinking they saw a way out of their difficulty determined to head the railroaders off by using their ditch in which to lay the pipes, their aim being to get across no matter whose ditch was used. To this, however, the railroad people objected, and cars loaded with cinder were run up, the filling of the ditches with this material quickly commenced if the Bellwood fire company with a generation have ever seen. chemical engine, had not appeared on the scene and commenced playing upon the railroad contingent, driving them away from the work.

The railroaders then began to flourhail, but no one was hurt with the exception of Borough Engineer Gettleman, who was struck on the head by a large stone and seriously injured.

It being near midnight, Chief Burgess Sher notified the borough people to quit work, and also notified the railroad employes that if any of them did a single stroke of work at that place during the hours of Sunday, arrest would at once follow. This brought the hostilities to a close for the time being, but as the Railroad Company is said to have landed a large force of men there this afternoon is is expected the war will break out

LOWEST RATE.

The Lowest Rate of the Year to Chicago

via P. R. R. Ceach Excursions. At a recent meeting the rate to Chicago via the Pennsylvania Railroad was definitely decided upon, and will hold good during the remaining excursions of the people's popular coach series: \$18.00 from New York, \$17,00 from Philadelphia, Baltimore, and Washington, and proportionately low rates from other points on the company's division and branches. These rates are the lowest that have yet been authorized, and their ultimate legality has been brought about mainly through the efforts of the Pennsylvania Railroad Company.

The remaining dates on which this remarkable rate will apply are October 11th, 17th, and 21st, from New York and Philadelphia, and 7th, 14th, and 21st, from Baltimore and Washington, when trains will leave the several Eastern terminals fully and comfortably equipped with Pennsylvania standard coaches, and all taking advantage of these exceptional opportunities are assured of being amply cared for in transit. The arriving time in Chicago, early the next afternoon, is on equality with the fast express trains' schedule, and affords sufficient time for a selection of accommodations for the stay in Chicago.

The immense volume of travel now directing itself towards the World's Fair, and the rapidly approaching termination of the Exposition influence the company to place every inducement possible before the public. There could be no better way devised to encourage visits to the most marvelously and would have been soon completed gorgeous exhibition the people of this

CHAMPION \$25.00 PHOSPHATE.

McCalmont & Co's, Champion \$25.00 Ammoniated Bone Super Phos-NO FERTILIZER phate has been used by farmers of Contro county during the past three years and has resquare, proven its-self superior in stimulating plant growth to all other complete fertilizer. It not only produces a crop of grain, but stimulates a crop of grass, clover and timothy. It is equal in value to other phosphates at thirty dollars per ton. Dr. Freer of the State College proves this claim by his analysis. We sold fifty tons last year. NITRATES AND PHOSPHATES.

In addition to the above articles we sell Ammoniated Dissolved Bone, Buffalo Houest Phosphate, Ground Bone, Mureate of Potash, Nitrate of Soda, Land Plaster, and Agricultural Salt in quantities to meet the wants of buyers.

HONEST GOODS INVITES PATRONAGE.

We have given a great deal of attention and study to the merits and cost of ertilizers in which we deal. Our greatest ambition is to furnish honest fertilizers of the highest quality at the least possible cost to the larmer; we now present our claims to the farmers in this respect, with the full assurance that our efforts have been crowned with success. Believing this to be the fact, we invite the farmers of Centre and adjoining counties to examine the merits of the fertilizers we offer
