KILLS A BEAR AND TWO CUBS.

William Rossman Does 'em Up from up a Tree in a Cornfield.

For some time signs were observed in a cornfield of John Ramey, near Pleasant Gap that bears were having a picnic there off of his corn, which is worth 40 cents per bushel in the field, and bears, like some other beasts, don't pay for what they get.

Will, a son of David Rossman, of the above neighborhood, thinking he might get some bear meat without it costing him anything, on last Saturday afternoon shouldered his rifle and marched to Ramey's corn-field, climbed a tree and awaited the advent of bruin. Towards evening he observed, from his look-out, a lady bear and two cubs enter the field from the mountain and move in the direction of the tree whereon Rossman was perched; coming close enough Rossman fired a shot from his aerial fortification, wounding the she bear. Not fancying that kind of a reception, the old lady began forthwith to climb the tree to see Rossman on a matter of business, perhaps to settle for the corn. While the bear was climbing up, Rossman again fired and something heavy dropped—it was a dead bear. The young man then fired again, killing one of the cubs, and with it his ammunition gave out. Hurriedly he descended to go to Pleasant Gap for more ammunition and the remaining cub just as hurriedly ascended another tree. When Rossman returned cubby was still up the tree; he fired, and the cub dropped. He had bagged the mother, which was quite large, and her two nobby cubs.

NO MARRIAGE LICENSE LAW.

Young Couples Need Not Go To Camden Any More.

No license to wed is now necessary in this state, nor will it be till October 1st, 1895. Many who have paid their 50 cent fee, will be surprised to learn that no marriage law is now in effect and has not been since May 1st of this year. Such is the fact, however, according to the laws of 1893, as published officially, and no more young couples need sail to the wilds of New Jersey to escape the sometime irksome law.

This is due to the new marriage license law passed by the legislature. The old law compelled the taking out of a license in the county in which the ceremony was to be performed. The amendment permits either party to the proposed marriage to take out a license in the county in which the ceremony is to be performed. The old law is wiped out. The new one does not go in effect till two years hence.

Steam Thresher Burned.

The Rebersburg correspondent of the Millheim Journal furnishes the following interesting item: "On last Thursday when Clark Gramley came home with his steam thresher he left the separator back of the barn and took the engine and water tank to the water trough near the house. Next morning when he came the separator laid in ashes. He does not know how it took fire as he worked at it the evening before until dark and passed the machine again at nine o'clock the same evening and it was all right then."

Eating a Live Snake.

The Karthous Times says: A child of Joseph Stepashe, aged two years, caught a green snake on Monday last and commenced to eat it. The snake bit the child on the lips and face several times, but the child continued to devour the reptile until she had eaten about one-half of it, when her mother discovered what she was doing and took the balance of the snake from the child and ran for a physician. The snake was in a bag of apples that they bought from a farmer.

Died at Millheim.

On Saturday afternoon, 14, Mr. Allison H. Miller died at his home at Millheim, at the age of about 40 years, of an affection of the stomach. He was the father of two children, who alone survive him, his wife having died several years ago. The funeral took place the following Tuesday afternoon, interment being made in the Union cemetery.

Interesting to Cattle Owners.

Judge Savidge, of Sunbury, has rendered a decision to the effect that a man who allows his cattle to pasture on the unenclosed wild lands of another must pay for that pasturage, and declares that the owner of such unenclosed wild lands is not required to fence in his land.

Polling Place Changed.

The voters of the North precinct of Potter will bear in mind that their polling place has been changed from the boro of Centre Hall to Old Fort, in accordance with an act passed by the recent session of the legislature which provides that all voters must cast their ballots at a polling place within their own districts.

To Be Extended

Reports are current that the Central Railroad of Pennsylvania will soon be extended to the Broad Top coal regions, its course being from Bellefonte to Lemont, thence up Penna valley and through the Spruce Creek valley.

DEATH AT LINDEN HALL.

Mr. William Keller Breathes His Last Tuesday Morning.

On Tuesday morning the sad death of Mr. William Keller, occurred at his home at Linden Hall, at about seven o'clock. He had been ill for a considerable length of time, being most of the time confined to his house, and at times bedfast. During last March he was taken sick with a severe attack of inflammatory rheumatism, from which he recovered slightly, but was left in a debilitated condition, and other complications set in during the past month and his condition gradually grew worse until death ended his sufferings on Tuesday morning.

Will was the eldest son of Mr. and Mrs. Henry Keller, former residents of Centre Hall, but now residing in Kansas, and was aged about thirty-seven years, being a comparatively young man yet. Since the completion of the railroad he has been station agent at Linden Hall, until within the last few months, when he was compelled to resign owing to ill health. He was recently appointed postmaster, and has been engaged in the mercantile business at Linden Hall since his residence there. He was married to Miss Miller of Spring Mills, some years ago, and was the father of two sons.

The funeral will take place this Thursday morning, from his late residence at Linden Hall, and the remains will be interred in the Boalsburg cemetery. He was always a member of the Reformed church and died a consistent believer in the faith.

Guarding Express Cars.

Armed officers have for six days been employed by the Adams Express company to guard that company's night shipments between Pittsburg and Altoona. It is supposed that an attack on the express trains had been contemplated along the line of the Pennsylvania railroad somewhere in the Allegheny mountains. The express company secured an intimation of the proposed attack about a week ago. It at once armed and increased its force of agents on the night trains going out and coming into Pittsburg. It also asked that two detectives be sent with each night train going out of the city. The extra agents and detectives go as far as Altoona.

Snapped at a Thief.

A short time ago some one attempted at night to force an entrance to a downtown cellar. The noise aroused a male member of the family who pulled a trigger on the fellow but the pistol did not go off, but the fellow got off without carrying the lead along intended for him.

On Tuesday morning about 2 o'clock some one attempted to gain entrance to an up-town house; the noise was heard inside but the raising of a window upstairs alarmed the fellow, and he was seen sneak away from the premises.

Somebody may get hurt as a good many citizens have prepared themselves against midnight prowlers.

Pigs Plentiful.

The lovers of swine meat, hog and hominy or pork and beans, will be interested to know that pigs are plentiful than they have been in the past three years when they had become so scarce that many families could not supply themselves with grinders and had to forego the pleasure of eating their buckwheat cakes accompanied by sausages, and that standard Pennsylvania dish, "speck n' oyer," will greet the eye and tickle the palate as in days gone by—pigs are plenty again.

Overruled Judge Furst.

Another sensation has been created in the Armour will case by Associate Judges Faulkner and Riley filing an opinion setting aside the decision of Judge Furst, and ordering the clerk of the Orphan's Court to record judgment in favor of the plaintiffs, in accordance with the recent verdict of the jury which was set aside by Judge Furst on a reserved point of law.

The Sick Folks.

The condition of Mr. John Odenkirk of the Fort, is not improving.

J. Will Keller of Linden Hall, continues seriously ill.

Esq. Reifnyder, of Millheim, is still confined to the house and shows no signs of mending up.

Jared Kramer, of Rebersburg, is suffering from a severe attack of typhoid fever, with little hope for his recovery.

Grand Millinery Opening.

Mrs. C. B. Boob will return this week from the city and will have a grand opening of fine millinery goods on October 27th and 28th, Friday and Saturday. The display will be larger and finer than ever before. Everybody is invited to come on the opening days. Ladies do not miss it.

In from Leadville.

Thomas Motz and wife arrived a short time ago, from Leadville, Col., to visit friends in the east end of the valley.

—Go to Lewins, Bellefonte, for your clothing. Their styles are perfect in every respect. Suits neat in pattern, stylishly cut and elegantly made. Nothing quite so good anywhere.

HORSE STOLEN.

Titus Gramley's Horse Stolen at Spring Mills.

On Monday night or early Tuesday morning some miscreant purloined from the stable of Mr. Titus Gramley, at Spring Mills, of the creamery fame, a valuable young horse. When the theft was discovered Tuesday morning, Mr. Gramley tried to trace the thief and his stolen property and telephoned to all places connected by wire to be on the lookout for the animal. Nothing from the stable was taken except the horse. Search was made about the country, and on Wednesday morning the horse was found loose in a field of Mr. Joseph McClellan, near Tusseyville, where it is supposed the thief turned the horse loose, being detected during the day. The horse was returned to Mr. Gramley who undoubtedly breathes a little easier. The horse was a valuable one and had been purchased several months ago in Harrisburg.

CHARGED WITH EMBEZZLEMENT.

John H. McNally, Treasurer of Clinton Lodge I. O. O. F., Arrested.

John H. McNally, a citizen of Woodward township, has been arrested on a warrant charging him with embezzling the funds of Clinton Lodge, No. 98, I. O. O. F., of Lock Haven. The amount of Mr. McNally's defalcation is alleged to be about \$3000. He was taken before Alderman Anthony, where a hearing was waived and bail entered. Mr. McNally has been treasurer of Clinton Lodge for upwards of fifteen years. He is a man who has always borne a good reputation and commanded the respect of all who knew him. He was a veteran of the late war, having been a brevet lieutenant in Company E, 5th P. R. V. C. His friends hope that he may be able to clear himself of the charges against him in a satisfactory manner. Clinton Lodge it is stated, is secured by bondsmen to the extent of \$2,000.

Law in Regard to Boro Streets.

We think it advisable to print for the information of our own citizens as well as for the citizens of other boros, in brief the law as to roads and streets.

1. No town council has a right to do any work on a turnpike road, belonging to a company, and pay for it out of the boro treasury.

2. When a council intends to macadamise, grade or pave a street belonging to a boro, the council must first give due notice to the property holders abutting such part of the street to be improved, in order that objections and complaints can be heard before such work is begun.

3. When any premises are damaged by such work on streets, the owner of such property can lay in a claim for damages.

A Good Ordinance.

Bellefonte's council has ordered the enforcement of a borough ordinance which prohibits boys under fourteen years from being on the streets after eight o'clock in the evening. The police have been instructed to arrest all such boys, who are on the streets after that hour. This step was taken because of complaints that boys blocked the streets and corners at night and offended passersby with profane and vulgar language.

Such an ordinance would not be a bad thing for Centre Hall, where boys are out until after nine and ten o'clock yelping and howling, and annoying citizens.

October Weather Proverbs.

Much rain in October, much wind in December.

If October brings frosts and winds, then will January and February be mild.

When it freezes and snows in October January will bring mild weather, but if there is thunder and great lightning the winter will resemble April weather.

Warm October, cold February. As the weather in October so it will be in March.

If the first snow falls on moist, soft earth, it indicates a small harvest, but if upon hard, frozen soil a good harvest.

Short Items of Interest.

The corn, while it is not a full crop in this county, yet the quality is fine. Apples continue to be shipped west from our county; farmers are doing better with their apples than with the wheat crop.

The weather changed again Sunday morning from fine to cloudy and damp with every indication for rain.

Brisbin's three-wheel buggy is a dandy, you bet.

Geo. Benner has started a coal-yard and put down a wagon scale for it. Cider is plenty and offered at \$2 per barrel with apples for butter boiling.

Look For Them.

C. P. Long, of Spring Mills, is now in the city purchasing goods for the fall and winter wear, etc., and when the stock arrives at his store, it will be such a one as never before arrived in this valley. The low prices at which they will go, will astonish one.

—Lewins, Bellefonte, take the lead in suits for men and boys. Nothing quite so stylish or better made. Call and be convinced.

NOMINATED BY PAPERS.

A Clearfield Man Will Run for Commissioner.

The *Raftsmen's Journal*, of Clearfield, says: "The second year of the operation of the Baker ballot law brings to light a new feature of it, at least a part of it that has not been taken advantage of in this county until the present campaign. On Monday Mr. John McGaughey filed a nomination paper in the office of the county commissioners, nominating himself for the office of county commissioner. It will be remembered that Mr. McGaughey was defeated for this nomination at the Republican convention last summer.

"Under the law, however, nominations may be made by nomination papers signed by enough electors to constitute two per centum of the largest vote for any officer elected in the district at the preceding general election. In this county Mr. Gingery had the largest vote, 6,109, and two per cent. of his vote is 122. The nomination paper of Mr. McGaughey is signed by 163 persons, both Republicans and Democrats."

Mr. McGaughey is spoken of as having proven himself an excellent official and that he will have quite a number of followers there is no doubt.

Home Items of Interest.

Mr. Clemens has in contemplation the erection of feed mill and coal yard near the station.

The health of our town has been remarkably good the past summer, and our water supply held out all thro the dry spell.

Henry Homan will become the tenant on the Whitmer farm, (late Shannon Boal's), near Linden Hall. Some of the walks in town might be in better condition than they are; people are slow about it on account of the injustice of the council favoring some and trying to scorch others, which is justly causing dissatisfaction.

Mrs. McCully has already a new stable on the site of the one fired by the burning of Mingle's stable several weeks ago.

Citizens of the town will resist the paying, from the boro funds, of the work on the pike, for the reason, 1, because the council had no right to do it; and 2, because it was not done right, the stones ground to sand already that a few dashing rains will wash away.

Don't Walk on the Railroad.

It will be well for those who are in the habit of walking on the railroad track to make note of the decision of Judge Biddle of Philadelphia. A suit for damages brought by Margaret Matthews of that city against the Reading railroad company, on account of the loss of her husband, who was struck and killed by a train on its road was consulted by the judge on the ground that Matthews, when run over was the trespasser, because he had been walking on forbidden ground parallel with the tracks, before attempting to cross.

Humping the Town.

The Centre Democrat prints a map of Bellefonte showing its advantages as a railroad centre for industrial establishments, proximity to coal and ore mines. The citizens are endeavoring to wake up an interest for their town by offering inducements to men of enterprise and capital to locate in that place. This is the proper spirit, and Centre Hall might pattern after it by shaking off its few narrow-minded barnacles who always try to cry down any enterprise that might tend to help our town.

New Millinery Goods.

Mrs. Myra C. Ishler, of Tusseyville, has gone to Philadelphia and New York to purchase a full supply of fall and winter millinery goods. All are invited to call and examine the same, whether they purchase or not, and will be welcomed. It will be a full and complete assortment of the latest styles.

A Historic Spot.

Cherrytree, Indiana county, made famous as the terminal point of William Penn's famous boat ride, is one of the most historic spots in the state. It is eminently proper that some substantial mark be placed there.—*Altoona Gazette*.

Communion Services.

Next Sabbath morning the Lord's Supper will be administered in the Reformed church at this place by Rev. Eisenberg. Preparatory services will be held the Saturday afternoon previous.

A New Railroad.

It is rumored that a new railroad to be known as the Central Pennsylvania, will be built from Pittsburg up along the Allegheny river to Kittanning, thence through Armstrong, Indiana, Clearfield, Clinton and Lycoming and Centre counties to Williamsport, from there through Lycoming, Northumberland, Montour, Columbia, and Luzerne counties crossing the River at Shickshinny, running through the southern portion of Nanticoke and connecting with the Delaware & Hudson railroad at Wilkesbarre. From Wilkesbarre the Wilkesbarre, Binghampton & Eastern short line to New York city will be used in making a direct line between New York and Pittsburg. It is said the Delaware & Hudson is back of the scheme.
