Army Signalling by the Hellograph. By recent order of Secretary of War Lamont, all State institutions where regular army officials are stationed for the purpose of giving instructions in the various methods of army signalling by means of the hollograph. Lieutenant McCaskey, of State College, has received from the war Department two instruments. The surrounding country is especially adapted for work in this line. Signal stations have been established on some of the neighboring mountains, and messages transferred with remarkable accuracy for a distance of twenty miles. This instrument was first advantageously employed as a means of signal-

Of Interest to Pensioners.

The following circular has been received by pension agents: The pension certificate must be exhibited at the execution of each and every voucher. When a pensioner signs a mark, two witnesses who can write are refonte Central railroad company made quired in the body of the voucher, and one witness who can write in each of the duplicates. When the pensioner writes his name, no witness to his signature is necessary in the body of the voucher; but his signature in each of the duplicate receipts must be witnessed by a person who can write his own name. The magistrate before whom a voucher is presented is not a competent witness in any case, except that such magistrate may witness in the duplicate receipts the signature of a pensioner who writes his own name. The postoffice address of the pensioner must be plainly written in the body of the voucher.

Beech Creek Reaching Out.

The Pennsylvania and the Vanderbilts with their Beech Creek road four babies. There was no foundation tory lying northeast, but not until for the story, and criminal proceedings Monday was war declared. The Van-Mr. John Leech, a well-known and have been begun by the Gazette and derbit people secretly sent out an engineer corps and located a line from ern terminus of the Beech Creek road, to Crab Tree, the terminus of the Pennsylvania branch. A Pennsylvania official said that there would be trouble and that his company would make a fight against the Beech Creek. It is stated that the Vanderbilts will proceed at once to build the road. It will be about sixty-five miles long, running through Clearfield, Indiana, and a part of Westmoreland counties. It will reach undeveloped coal lands.

Takes Too Many Papers.

Bill Nye writes: "Every newspaper man has, at some time in his newspaper experience, met the man who takes more papers than he can read. He was in town last week. He paid 25 cents for an almanac, wiped his nose on awning, tried to blow out an electric light at the hotel, tried to light his eigar on it, put an nickel in the slot at the postoffice because the mail didn't appear, wanted to lick the cashier of the bank because it closed at 3 o'clock, and watched the sign over the jewelry store looking for it to strike."
