What Our Lively Correspondent Finds of Interest.

Mrs. Fortney, of Altoona, is visiting at the home of her sister, Mrs. Jas. A. Kooney.

Rev. Wolf preached his harvest sermon last Sunday morning in the Lutheran church.

Mr. Frank Kerstetter wears a broad smile and says a little stranger came to their house one day last week.

The morning train going west killed a valuable cow belonging to T. W. Hosterman one day last week.

C. E. Finkle has moved his family to Sugar Valley, and expects to remain as long as their lumber operations continue in that valley.

The new school house in the Mountain district is nearing completion. John Kerstetter, builder, of Millheim, had the contract.

On last Friday a car load of Ohio cattle were sold here by H. Walter and Charles Grimm. They were of good selected stock and some of them brought fancy prices.

Mrs. George Walter, of Potters Mills, is also visiting at the home of Jas. A. Kooney. She is nearly 89 years of age, and walks without the aid of a cane, and is apparently in good health and may be good to pass the century mark.

Quite a large number of our people were in attendance at the Odd Fellow's picnic at Rebersburg, last Saturday. Our gun club went over and had issued a challenge for any six men in Centre or Clinton counties to wipe up the dust with them, but no one would accept.

The picnic to be held on Saturday, 25th, by the P. O. S. of A. of this place in the grove just a short distance south of the station, promises to be a big affair. Two of the Sabbath schools have signified their intention to join in. Addresses will be made during the day by Hon. B. K. Focht, of Lewisburg, and John G. Love, Esq., and Zeb W. Bathurst, D. P., of Bellefonte. A flag raising will take place at the school house at two o'clock, p. m. The parade will form at 1.30 and march to the school house for the flag raising. In the evening at seven o'clock, a sham battle will be fought on Breed's Hill. Everybody is invited to come and bring their mothers, their brothers and sisters, sweethearts, uncles and aunts along and enjoy a day in the woods.

"I know of an old soldier who had chronic diarrhoea of long standing to have been permanently cured by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Edward Shumpik, a prominent druggist of Minneapolis, Minn. "I have sold the remedy in this city for over seven years and consider it superior to any other medicine now on the market for bowel complaints." 25 and 50 cent bottles of this remedy for sale by Wm. Pealer, of Spring Mills and S. M. Swartz, of Tusseyville.

Fell Down the Steps.

Last week one day Mrs. Mary Bell, residing with her daughter, Mrs. William Boal, at Earlstown, fell down the cellar steps through mistaking the door for one leading into an adjoining room. The lady is quite aged, and her injuries were of an internal nature, no bones being broken. She is confined to her bed.

Accused of Theft, He Succeeded.

The dead body of George Boelander, son of Charles Boelander, a farmer, was found in the woods near Middleburg with a bullet hole through his head. He committed suicide rather than face allegations of theft made in a letter sent to him an hour before he shot himself.

Court Next Week.

The August quarter session of court will convene next week at Bellefonte. No jurors were drawn from Centre Hall on either jury and the borough will not be represented. The commonwealth list to be tried is up to the average, as is also the civil.

Must Send a Man Ahead.

The traction threshing engine is now on the road, and it should be remembered by those operating them that at least one man is required to go in front and warn people driving of its approach and to assist them in leading their horse past the engine.

Its a Boy.

The other day when Porter Odenkirk took an inventory of his family the balance footed up four instead of three as heretofore. The new arrival is a boy and Port has two of them now.

GAME TODAY.

The Ball Tossers from Reedsville Will Play Today in Centre Hall.

This afternoon a game of ball is billed between the team from Reedsville and a team made up of players from State College, Lemont and Centre Hall, on the Centre Hall grounds in Grange Park.

The game had been scheduled to be played at Reedsville, but Centre Hall being a more central point got the prize. Our people are acquainted with the strength of Reedsville's team and to make the game interesting and at least have some show of winning the combination team will be put in against them, and if the game will not be hotly contested every one will be somewhat surprised. The ball ground here was not of the best owing to a rough infield and a grounder could not be correctly gauged. Yesterday morning two teams were put on the ground with several men, and the diamond was skinned. Permission was given for this by the Grange officials. We now have a good ground, level, and one that will enable the team to field the ball better than before.

A big turnout of our people is requested for today to witness the game and cheer the victors as well as good plays made.

The Care of Milk.

Dr. Lee, Secretary of the State Board of Health says of the dairy and its furnishings: "The milk house should be entirely separate from the dwelling house. No family should live over a milk house, spring house, creamery or buttery. A really good article of butter or cheese cannot be produced in the cellar, kitchen, or other room of dwelling house, unless specially separated from the dwelling apartment, and specially fitted with shelves on which the milk vessels must be placed. This is necessary, because milk so rapidly absorbs the odors of cooking of fruit and other articles of food about our homes. Cement floors are better than those of wood, stone or brick, for this material contains no crevices in which milk can accumulate to decay and make foul the whole building. The milk house should be kept scrupulously clean, inside and out."

A Home Made Drink.

A glass of home made ginger beer, with a lump of ice in it, is always a pleasant drink on a hot day. Take a deep earthenware kettle for the making of the beer. Slice four lemons, place them in the kettle, add a pound and a half of loaf sugar, and one and a half ounces of root ginger, slightly bruised. Pour over these ingredients two gallons of boiling water, and when nearly cold pour in a desert spoonful of fresh brewers' yeast. Cover this with a thin cloth and let the mixture stand for twenty four hours. Strain the mixture and bottle it and place in a cool cellar.

An Immense Lumber Camp.

The largest lumber camp of which there is any account was carried on under the general supervision of King Solomon during the building of the temple. In the temple. In the second chapter of II Chronicles it is stated that "he had four-score thousand hewers in the mountain, threescore and ten thousand engaged to convey the timber to the temple and 3,600 overseers or bosses," making in all 153,600 men engaged in one single timber job. Compared with this, the great lumber camps of modern times dwindle into utter insignificance.

My boy was taken with a disease resembling bloody flux. The first thing I thought of was Chamberlain's Colic, Cholera and Diarrhoea Remedy. Two doses of it settled the matter and cured him sound and well. I heartily recommend this remedy to all persons suffering from a like complaint. I will answer any inquiries regarding it when stamp is inclosed. I refer to any county official as to my reliability. Wm. Roach, J. P., Primroy, Campbell Co., Tenn. For sale by Wm. Pealer, Spring Mills and S. M. Swartz, Tusseyville.

President Cleveland has returned to Washington from Gray Gables with improved health.

Aitona's Gardner is reported to have left the country, and was seen in Portland, Oregon. Another gentleman says he saw Gardner in Philadelphia.

It is alleged in some quarters that the tariff bill will become a law without the President's signature.

Making Improvements. Several of the sheds heretofore covered by canvas on the Grange Park grounds, will be covered in a substantial manner this year. Carpenters are at work shingling several of them.

Died in the Hospital. The body of I. J. Thompson arrived at Lemont on Saturday. Mr. Thompson died in the hospital at Warren, Pa.

Ball Club Organized. At Coburn a new base ball club has been organized. Hope they will knock out anything that comes along.

MYSTERIES!

The Nervous System the Seat of Life and Mind. Recent Wonderful Discoveries.

No mystery has ever compared with that of human life. It has been the leading subject of professional research and study in all ages. But notwithstanding this fact it is not generally known that the seat of the nervous system is located in the upper part of the spinal cord, near the base of the brain, and so sensitive is this portion of the nervous system that even the prick of a needle will cause instant death.

Recent discoveries have demonstrated that all the organs of the body are under the control of the nerve centers, located in or near the base of the brain, and that when these are deranged the organs which they supply with nerve fluid are also deranged. When it is remembered that a serious injury to the spinal cord will cause paralysis of the body below the injured point, because the nerve force is prevented by the injury from reaching the various organs of the body, it will be understood how the derangement of the nerve centers will cause the derangement of the various organs of the body. Few kinds of chronic diseases are due to the imperfect action of the nerve centers at the base of the brain, not from a derangement primarily originating in the organ itself. The great mistake of physicians in treating these diseases is that they are treated as if they were diseases of the organ rather than the nerve centers which are the cause of the trouble.

Dr. FRANKLIN MILLS, the celebrated specialist, has profoundly studied this subject for over 25 years, and has made many important discoveries in connection with it, chief among them being the facts contained in the above statement, and that the ordinary methods of treatment are wrong. All headaches, dizziness, dulness, confusion, pressure, blues, mania, melancholy, insanity, epilepsy, St. Vitus dance, etc., are nervous diseases no matter how caused. The wonderful success of Dr. MILLS' Restorative Nerveine in the treatment of these diseases is based on the principle that it is based on the foregoing principles. Dr. MILLS' RESTORATIVE NERVEINE is sold by all druggists on a positive guarantee, or sent direct by Dr. MILLS MEDICAL CO., Eldham, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. It contains neither opium nor dangerous drugs.
