**STATE DEMOCRATIC TICKET.**

For Governor,  
WILLIAM M. SINGERLY.  
For Lieutenant Governor,  
JOHN S. RILLING.  
For Auditor General,  
DAVID F. MAGEE.  
For Secretary of Internal Affairs,  
WALTER W. GREENLAND.  
For Congressman-at-Large,  
THOMAS COLLINS.  
HENRY MEYER.

**DEMOCRATIC COUNTY TICKET.**

For Congress,  
AARON WILLIAMS.  
For Senate,  
MATT SAVAGE.  
For President Judge,  
CALVIN M. BOWER.  
For Legislature,  
ROBERT M. FOSTER.  
JAMES SCHOFIELD.  
For Jury Commissioner,  
JOSEPH J. HOY.  
For Associate Judge,  
THOMAS F. RILEY.

THAT pretty scheme for the State Librarianship died a-bornin'.

SINGERLY has made good roads. All advocates of road reform owe it to him to vote for him for Governor.

THE Republicans are boasting they will have 2,000 majority in Huntingdon county. Make it 999 and the fall from it won't be so high.

TALKING DAN wants some one to tell him a single instance where wages were reduced under the McKinley bill. There are many instances, but one will suffice—Homestead.

THE Republicans are holding no meetings in our county. A calamity howl in Centre county would be as much out of place as a monkey in a prayer meeting.

THE knowing one who alleged Centre county would go against SINGERLY will soon find he knows as little about this county as he does about a great many other things.

A GOOD address was delivered on Friday evening last, in the Democratic headquarters at Bellefonte, by Ira C. Mitchell. There are few better speakers than Mr. Mitchell.

CENTRE COUNTY will not furnish any more gubernatorial timber for the next twenty-five years. We will quit with Hastings. We may start in, however, to furnish stuff for Presidents.

THE tide has been turning in favor of SINGERLY in the past three weeks, and every day he is gaining. With the sky brightening thus, let every Democrat feel the importance of being at the polls on the 6th of November.

JUDGE RILEY being the only man on this side the county on our local ticket, his chances for a big majority in this stronghold of Democracy are first-class. He was nominated unanimously and why should he not have a next to an unanimous vote?

PENNA STATE COLLEGE is gaining a national reputation. It has more than outlived prejudice and ill-tempered opposition. We are proud of the institution; it is a credit to our state. Much credit is due to Dr. Atherton for bringing it out of the stump and to its present high standard.

THE CALAMITY howl is completely played out. The calamity predicted will not materialize under the new tariff, and the country is fast getting rid of the Harrison hard times and McKinley high prices. The country is safe.

IT is amusing to hear fellows argue against free wool, yet they never had a sheep to shear, and if the sheep of the country were equally divided, each one of our population would get a half of a sheep, yet the McKinley tariff on wool won't by every man, will pay for the price of a half dozen sheep each year. How some men will argue against their own interests.

NO, IT IS NOT, this is the answer we give to inquiries from other parts of the state, whether Centre county is going to give a majority against SINGERLY. We live in the Gibraltar of Centre county Democracy, where seven townships roll up about 1000 majority, and we say they are solid for Philadelphia's greatest, best and noblest man, Wm. M. SINGERLY.

**NO TERRORS IN THESE.**

Chairman Wilson has put the protectionist party on the defensive and it is now kept pretty busy repeating the old observations and claims as to the virtues of the protective principle. We here give a few of these claims and show how easily they can be refuted.

For twenty-five years prior to 1892 the wages of labor increased.

The records of labor unions show that wages decreased with the increase in tariffs.

The number of people employed for wages steadily increased.

So did the population.

There was no time in the history of the country in which a dollar would buy so much of all that a laboring man could eat or wear or use as in 1892.

Bradstreet's for last week shows a substantial reduction below the figures prevailing in 1892.

There was no time in the history of the country when the laboring man received such good wages as during the twenty-five years prior to 1892.

Wages of labor reached the highest mark in the early seventies, but high tariffs and the "encouragement of immigration" began a reduction which has continued since.

It was during this period that two-thirds of the enormous war debt was paid.

It could not have been paid during any other period.

Foreign trade, both in imports and exports, increased with marvellous activity.

A like increase was observed during all the previous years of the country's existence.

There never was a period in the history of this country when there was so much purity and honesty in administration of the government.

The second term of Grant was not particularly remarkable for purity, not to mention certain occurrences during other administrations.

There were no unemployed who wanted work and no hardships experienced by the working classes during this period.

The panic of the early seventies did not make the workingmen rich, and before the election in 1892 a New York observer of long experience said there were never so many rich men nor so many homeless, hungry men who did not know where the next meal was to come from.

There were no mills and furnaces shutting down and no reductions of wages on account of the difficulty in disposing of stock.

In 1892 the New York Press, the chief of the high tariff organs, was compelled to explain that mills were closing down, stocks accumulating and wages seriously threatened because the McKinley law had everstimulated the manufacturing industries and led their managers to produce too much.

When these high tariff scarecrows are closely examined they are found to be made in the same way as these in the fields. There is nothing about them to alarm anybody.

THE election returns from Centre county will be full of music—Singerly.

THE USE of whisky in campaigns is one of the growing evils of our time. It is unfortunate that we have an element among our citizens that whisky can influence. But when the members of one party attempt to point the finger of scorn at another party because some of its members used liquor it is time to inquire if the accuser is not as guilty as the accused.

From the different counties of this congressional district we learn that Aaron Williams will have the entire Democratic support for congress. There is no reason why it should be otherwise, in fact he is a gentleman of such good qualities that even Republicans should vote for him, and let their man Arnold go by the board—there is something about the name Arnold that one does not like, and it goes back to days of the revolution. Mr. Williams' qualifications for the position are beyond question. He is thoroughly conversant with political questions, and has sound views upon all. Our district will never need be ashamed of Aaron Williams in congress, he is a first-class self-made man.

OF COURSE the Republicans will stand by John D. Decker for jury commissioner. He is so well acquainted that he will know what good names to fill the wheel with, so that our rights of life and property are in the hands of twelve good men and true when we get into court.

ARGENTINA will follow the example of the United States by lowering its tariff. The new tariff, after a fair test, will prove so beneficial that our people will want the free list enlarged and the tariff on dutiable articles put lower still.

Savage and Caldwell are still running for senator, both irregular according to Judge Simonton's decision. This muddle will make the election of M'Quown likely.

BOLTING Louisianians are coming back to the Democratic party. They found that their bluff wouldn't work and that the party could not be scared into dividing the people's money among them.

**SYMPTOMS OF CHRONIC CATARRH.**

As Described by Dr. Hartman, one of the Greatest Authorities and Writers on Catarrh.

The symptoms of chronic catarrh vary according to the stage and exact location of the disease. The first stage of catarrh of the nose and head produces discharge from the nose, sneezing pain in the eyes and forehead, weak, and sometimes watery eyes, occasionally loss of memory. In the last stage the discharge ceases, and dry, offensive scabs form in the nose; polypti growths sometimes form in one or both nostrils, and the pain in the head and eyes is much less. Unless something is done to prevent, the catarrh will follow the mucous membrane into the lungs, where it will be followed by cough, night sweats, rapid loss of flesh, and the other dreary symptoms of consumption.

Pe-ru-na is a specific for every case of catarrh, whether the disease is located in the lungs, kidneys, or stomach. The dose of Pe-ru-na should be a large tablespoonful before each meal and at bedtime. Women and some delicate men should begin with a teaspoonful, and slowly and gradually increase to the above full dose.

Free books on chronic catarrh, la grippe, coughs, colds and consumption are being sent to any address by The Pe-ru-na Drug Manufacturing Company of Columbus, Ohio.

**MILLHEIM.**

A Horse Thief Captured and Lodged in Jail.

A large black bear has been seen by some parties several times, in the gap north of town, and quite a number of hunters are after him.

Edgar Holt, a prominent lumber merchant of Northumberland, and a former resident of Centre county, son of Hon. H. H. Holt, of Snow Shoe, registered at the Musser House on last Monday.

Mary Heine, for some years an inmate of the Danville asylum died last week, and on Monday her remains were taken to Madisonburg for interment. She was well-known to the traveling public, having kept the toll gate near Millheim for years.

A lobster cactus at the residence of W. A. Tobias, is now in bloom having one hundred and fifteen flowers. It is quite a sight to see.

C. M. Bower, esq., the candidate for president judge of this district is around looking up the political situation, renewing his acquaintances and making new ones. Cal. will poll the Democratic vote with a good sprinkling of Repubs.

Abe Kessler, the clothing man is doing a rushing trade in mens' and boys' clothing, furnishing goods and ladies' coats—sells first-class goods and at prices to suit the times.

Dr. Steans, the popular and well-known physician of Millenburg in company with W. E. Smith, registered at the Musser House one day last week. They were on their way to Millroy to see a daughter of Mr. Smith's, who is very sick.

We again call the attention of our borough officers to the bad condition of some of our board walks. Some persons will meet with an accident some day and then there will be a lawsuit. There are too many loose boards on the walks, making it dangerous of breaking limbs and necks.

The funeral of Tod Cantner took place last Sunday afternoon.

The condition of Snyder D. Tobias and Uriah Reifsnnyder of North street, is not much improved.

The merchants of our town have received their fall and winter stock of goods, and are doing a rushing business.

"Cal" Harper was down here posting up bills for Democratic meetings at this end of the county.

The horse thief who stole a gray horse from Dan Smith at Laurelton, passed through here. George Mensch, the constable of this borough got on his track and caught him at Milesburg and landed him in the jail at Lewisburg on last Friday.

The Musser House bus has a new improvement. The proprietor, W. S. Musser put a stove in it, that will make it quite comfortable when cold weather comes, to the many people who travel in his bus to and fro.

Dr. Fred Gutelius, the popular dentist, will in a few weeks make Washington, D. C. his place of business. Sorry to see Fred go; our loss will probably be his gain. We wish him abundant success.

Every mother should know that croup can be prevented. The first symptom of true croup is hoarseness. This is followed by a peculiar rough cough. If Chamberlain's Cough Remedy is given freely as soon as the child becomes hoarse or even after the cough has developed it will prevent the attack. 25 and 50 cent bottles for sale by Wm. Pealer, Spring Mills, and S. M. Swartz, Tusseyville.

Mica in stove-windows when darkened with smoke, can be cleaned by soaking in vinegar a few hours. This is worth remembering.

"I would rather trust that medicine than any doctor I know of," says Mrs. Hattie Mason, of Chilton, Carter Co., Mo., in speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Wm. Pealer, Spring Mills, and S. M. Swartz, Tusseyville.

**Here's the Idea**

Of the Non-pull-out Bow

The great watch saver. Saves the watch from thieves and falls—cannot be pulled off the case—costs nothing extra.

The bow has a groove on each end. A collar runs down inside the pendant (stem) and fits into the groove, firmly locking the bow to the pendant, so that it cannot be pulled or twisted off.

Can only be had with cases stamped with this trade mark.

Jas. Boss Filled Watch Cases are now fitted with this great bow (ring). They look and wear like solid gold cases. Cost only about half as much, and are guaranteed for twenty years. Sold only through watch dealers. Remember the name.
