PLAIN TARIFF FACTS FOR FARMERS.

Prices of wheat under high and low tariffs, for ten-year periods from 1850:

Year	High Tariff Price (per bushel)	Low Tariff Price (per bushel)
1850-1860	\$1.60	\$1.00
1860-1870	1.42	1.00
1870-1880	1.27	1.00
1880-1890	.97	1.00
M'Kinley price	.66	1.00

Up to 1860 we had a low tariff, and from that on a high tariff down to the M'Kinley tariff in August last; so that if the tariff has anything to do with the price of wheat, the facts are that since 1860, under high tariffs, wheat began to decline in price.

The year after the passage of the M'Kinley bill wheat had increased 13 cts. a bushel. The next year it reduced 9 cts below what it was when the M'Kinley bill passed. And it kept on reducing in price under the same bill down to 52 cents. But it is not to be claimed that the prevailing low prices of wheat are due to the tariff any more than that higher prices were due to it, but the facts knock the bottom from under the Republican argument.

The farm values of the country in 1850 to 1890 under low tariff, increased 100 per cent. From 1870 to 1890 under high tariffs increase of farm values was only 9 per cent.

Every farmer in Centre knows and feels the undeniable fact, that our farm lands which in 1860 under low tariffs were worth \$75 to \$100 per acre, have within the past 25 years under high protective tariff fallen in price down to \$50 and \$35 per acre.

High protective tariffs have protected the manufacturer and made him rich, and he fleeced the farmer in big prices for implements—selling high to the farmer at home and much lower to the farmer in foreign lands; by this unfair game against you farmers the manufacturer was protected by the high tariff. We will give you the figures on their home prices and prices to the foreign trade:

Item	Home Price	Foreign Price
Advance plow	\$9.00	\$18.00
Hay tedder	30.00	45.00
Mower	40.00	65.00
Horse rake	17.00	25.00
Ann Arbor cutter No. 2	28.00	40.00
Ann Arbor cutter No. 1	16.00	28.00
Clipper cutter	9.50	18.00
Lever cutter	4.25	8.25
Cultivator	22.00	30.00
Sweep	60.00	90.00

and so on with every other article manufactured in this country, it was sold an average of 60 per cent. higher to home purchasers than to foreign purchasers. Farmers of Centre county and of Pennsylvania, what do you think of that kind of Republican protection? But you are being protected now under the new Democratic tariff against the skinner and you are buying goods for less money than under M'Kinleyism.

The above facts prove conclusively to every reader of the REPORTER: That under the period of high tariffs every farm depreciated one half in price; That during the period of protection wool began to fall in price; That during the high tariff period farmers were fleeced an average of 60 per cent in what they bought, and That during the period of low tariff wheat sold higher than under the high tariff.

Now where is there even so much as a pinhole for a calamity howl to build in?

Here we add the declaration of an honest man and the largest manufacturer of implements in this country, A. B. Farquhar, of York, Pa.:

"The fact is," says Mr. Farquhar, "that our protective laws are a monstrous swindle upon the agricultural

community. As a manufacturer I was inclined to say nothing upon the subject for the reason that it was natural to suppose if anybody was benefited it was the manufacturing class, to which I belong. But, as I have explained, the farmer is being destroyed. We are killing the goose for the golden egg. And I honestly believe now it is to the interest of the manufacturers themselves to eliminate the protective feature from our tariff laws.

"Certainly our manufactures are sold much lower abroad; we could only need protection to get better prices from our customers at home. We do manufacture and sell in Canada, South America, and Europe many agricultural implements and machines, and could we have free raw material and the commercial advantages which free trade would give us, America would share the prosperity, since he would have less to pay for everything and get better prices for all he sold. Go on with your good work. When the farmer begins to think and rise up against this swindle it is doomed."

SINGERLY AND DAN.

Singerly employs more men than any other citizen of Philadelphia—and never one, of the 1500 he employs had cause to complain. But the miners up in Cambria county are not in so happy a fix; read their resolves as follows:

WHEREAS, Mr. Hastings promised our representatives that inside of four days all the locked-out men would be put to work, which promise has not been fulfilled even after our agent serving notices that effect upon Mr. Hastings, and

WHEREAS, Officials of Sterling Coal Company have pulled down notices which were posted up calling meetings of miners. Therefore be it

Resolved, That we, the miners of the Sterling Coal Company, most emphatically condemn the methods pursued by said company and its officials as tyrannical. And be it further

Resolved, That we consider the action of D. H. Hastings, in failing to fulfill the promise made to our committee, ungentlemanly in the extreme, and his promise but a mere subterfuge to shift the responsibility of the company's base methods of crushing labor on someone else's shoulders.

These resolutions were adopted by Mr. Hastings' own miners before his gubernatorial aspirations induced him to abandon all open connection with the Sterling Coal Company.

COL. SINGERLY.

Col. Singerly's life has been spent in absolute usefulness and to better the condition of his fellow men, especially the working class.

He employs more men at labor than any other man in Philadelphia. His employes number 1500, and not one ever had occasion to complain, whether as to wages or unkind treatment.

He has used his wide influence as an individual and the influence of his great daily newspaper, "The Record" to better the condition of the farmer, mechanic and laboring man.

He kept a coal yard for a dozen years, in Philadelphia and sold coal to the working people and poor, at cost, thus saving them from being fleeced, by sharks in the coal business. Think of it, voter.

He was elected a supervisor for a number of years, and the roads he made are pointed to as a model, and the citizens of the district now only have half the expense to keep up their roads.

He never asked for office, and was nominated for governor without seeking for it. The REPORTER was the first to recommend Col. Singerly for governor, because we knew of no nobler man in the state.

No blemish can be picked in his character, and the Republican organs of Philadelphia are compelled to speak of him as a man of the most noble traits.

Voter here is the man you want. Support Col. Singerly on Nov. 6.

A WORD TO VOTERS.

We would caution each Democratic voter in this Senatorial district to be careful how he marks his ticket for State Senator. Each voter is entitled to vote for a State Senator and as there is no candidate on the Democratic ticket he will have to vote under the head of "Nomination Papers." The names of the candidates will be found under this head as Independent, and each Democratic voter will see that he votes for one of them. After you mark your ticket headed "Democratic," mark opposite the name of your choice for Senator in the "Nomination" column.

No good Democrat will agree to endanger Foster or Schofield and have a Republican slip in. Democrats don't need to trade, the ticket can be elected by a handsome majority without trading if Democrats will only turn out on Tuesday. The opposition are endeavoring to defeat one of our legislative candidates, and it is only by a trade that they hope to defeat one of our nominees. Don't be trapped by a trade.

Stand by your legislative nominees, Democrats.

CATARRAL DYSPEPSIA.

A Discouraged Invalid Restored to Health and Happiness.

Catarrh of the stomach causes a condition known as dyspepsia or indigestion. It usually results from catarrh in the throat, but sometimes occurs in people who have never had catarrh elsewhere. The symptoms of dyspepsia are: liver complaint, biliousness, sour stomach, water-brash, bloating after eating, constipation, piles, and, in many cases, low spirits, dizzy head, sympathetic heart palpitation, pain, indigestion, and looseness of the bowels. Pe-ru-na and Man-a-lin, taken according to directions on the bottle, will cure every one. The following is a specimen of the letters received from patients:

O. S. McQuillan, Spring Hill, Iowa, writes: "Four years ago last fall my stomach, without any previous warning, refused to perform its functions, and I soon lost strength. During this time food was forced through my stomach by using cathartics. With flesh wasted away, strength exhausted so that it took all my energy to even get into a bath tub, hopes all gone, I began to take Pe-ru-na and Man-a-lin, following free advice which Dr. Hartman gave me. In a short time I could eat nourishing food, and the piles, kidney trouble and constipation disappeared. Flesh, strength, and a splendid appetite returned, and I went to work."

For treatise on catarrh, coughs, colds, consumption, and all climatic diseases of winter, send for Family Physician No. 2. Address The Pe-ru-na Drug Manufacturing Company, Columbus, Ohio.

BLOCKING FRAUD.

The "Record" has blocked the game of fraudulent registration by Republican assessors in Philadelphia. Mr. Singerly's paper has shown that the lists have been padded with 30,000 fraudulent names, and took the matter into court and hundreds of the bogus names are stricken off each day as the investigation progresses. Several of the assessors have been arrested, and others have gone into hiding.

By this system of fraudulent registration it was hoped to pile up an enormous majority for Hastings in Philadelphia.

A good warm overcoat is necessary this winter and you can get just what you want, and at the right figure too, at Lewins, Bellefonte.

COURT PROCLAMATION.

WHAT YOUR THUMB TELLS.
Square Type.

The thumb is an unerring index of character. The Square Type indicates a strong, well developed and firmness. Closely allied is the Spatulate Type, the thumb of those of advanced age, and of those of high ability. Both of these types belong to the boy man or woman; and Demorest's Family Magazine prepares especially for such persons a whole volume of new ideas, condensed in a simple, accessible and easily understood form. The Artistic Type indicates a love of beauty and art, which will find rare pleasure in the magnificent oil-pictures of roses, 16 1/2 x 24 inches, reproduced from the original painting by De Longpre, the most celebrated of living flower-painters, which will be given to every subscriber to Demorest's Magazine for 1895. The cost of this superb work of art was \$200.00; and every reproduction cannot be distinguished from the original. Besides this, an exquisite oil or water-color picture is published in each number of the Magazine, and the articles are so profusely and superbly illustrated that the Magazine is, in reality, a portfolio of art works of the highest order. The Philosophic Type is the thumb of the thinker and inventor of ideas, who will be deeply interested in those developed monthly in Demorest's Magazine, in every one of its numerous departments, which cover the entire artistic and scientific field, chronicling every fact, fancy, and fact of the day. Demorest's is simply a perfect Family Magazine, and was long ago crowned Queen of the Monthlies. Send in your subscription; it will cost only \$2.00, and you will have a dozen Magazines in one. Address W. JENNINGS DEMOREST, Publisher, 15 East 14th Street, New York.

Though not a fashion magazine, its perfect fashion pages, and its articles on family and domestic matters, will be of superlative interest to those possessing the Feminine Type of Thumb, which indicates in its small size, slenderness, soft nail, and smooth, rounded tip, those traits which belong essentially to the gentler sex, every one of whom should subscribe to Demorest's Magazine. If you are unacquainted with its merits, send for a specimen copy (free), and you will admit that seeing these THUMBS has put you in the way of saving money by finding in one Magazine everything to satisfy the literary wants of the whole family.
